put a link in your reply to any false statement, that says "see the
real story". be as verbose as you want. Devote a web page to it. Works
great every time!

You can check out the specs on this unit at
http://www.chq-inc.com/ic-r/pcr-1000.html
If your still interested you can check out my pics at
http://community.webtv.net/Yah_Its_Me_Go_Ahead/IcomPCR1000
On a scale of 1 - 10 I give it a ten. There are now scratches dings or
dents what so ever. I bought it new from Ham Radio Outlet in Anaheim
Ca. on 10/19/02 for $329.65
What I would like to trade for it is a like new Magnum Delta Force 10
meter ham radio. You can reach me at chilinvilin@msn.com
Thanks,
JP

Still available? Age, hours, refurbished or regular? Ever been damaged/? I
am new, need a good one, would not know if it were the receiver or me if it
were not working properly. Thanks, Carol

I'm looking for some Bird 43 Slugs.

High power for HF and for 144Mhz.

If you can help contact me.

73's
Don W6PJJ
Sacramento, CA

PLEASE CONTACT THE PERSON BELOW:

From: jason.green@ps.ge.com

I'm looking for the following radio stuff:

1. FT 237 mounting bracket
2 BC 604 Transmitter
3 BC 603 Receiver
4 BC 653 Transmitter
5 BC 652 Receiver
6 FT 253 Mount

Does anyone have any of these radio componets for sale or know of any
place
that has them. I've tried Fair Radio with no success. Thanks

jason

S & S Engineering ARK 40 QRP transceiver "like new"
Rugged unit that got excellent review in QST. Comes with optional

internal Curtis keyer. New cost was $270 (plus $40 more for keyer).
Will part for $125 plus shipping. Manual included.

John KM4TI (641-472-0530)

Some features:

Superhet
synthesized to 100hz
rit +/- 500HZ
iiiP > +10 dbm
Sensitivity 0.3 uv
CW crystal filter
CW audio filter
immediate recovery AGS
tunable from mw range to about 7 watts
full QSK
sinewave sidetone
12 vdc
very rugged cabinet
2 3/4" X 5 1/2" X 8"

Greetings,

I am interested in buying primarily Motorola GTX 800MHz equipment but =
will consider other high end Motorola 800MHz equipment.=20
Equipment must be operational and be decent in appearance. I am =
interested in Mobiles and Portables. Note: Portables MUST have full key =
pad unless included as part of a larger package deal.

Multiple radio packages prefered. but will consider individual pieces.
Please send: Model Number, number of units available and asking price to =
include shipping to zip 43068 to Radios@tabol.com

Regards,
Tim

Shipping charge is unreasonable!
You only charged $1 more to ship 3 VISAR's
with batteries and chargers.

Larry,

    The nice thing about living in this country is that you have the right
to choose NOT to bid on the item.

Dan

i have a nice National NCX-5 MKll with speaker supply,,
in good condition,and operational,,,
just wonder if anyone can tell me what kind of price i should ask for it?

Really....has anyone else noticed the 'lack of interest' about Pearl Harbor?
Guess were all afraid of ticking off the Japs.

Dan/W4NTI

I have a very nice, original working Collins 75S-3B R/E with the Fox Tango 250Hz crystal CW filter and stock 2.1kHz mechanical filter for sale/trade. It has no gouges but a couple of scratches that are through the paint on the case
but they are small. The front panel is very nice with a couple of spots where the paint has rubbed off (they too, are small). No scratches on the panel and the silk-screen is outstanding. The knobs are very clean and not worn beyond casual use. The meters have a nice white look to them. They are not yellowed nor damaged. The chassis is very clean with no rust or pitting. It comes with an original manual. The trim ring is worn but not abused. There are no modifications that I know of. Nothing stands out as modified. Still has the RCA connectors on the rear and they are in good shape. The date code on the crystal calibrator is 5-71. I am looking for something newer (solid-state) or maybe an older KWM-2/2A in good condition and fully working. I am also open to cash offers. Fell free to make me an offer. I have several high-res pictures available upon request. Feel free to ask questions.

Darren

Because of inappropriate cross-posting. Obviously someone thought it was
important enough to disregard common netiquette. Thing is, it's only
freakin' FICTION...not real ham radio.

Announcing the sale of an HP-7044A X-Y plotter and an HP-7470A HP-IB pen plotter. The former is great if you want to record info from something with X and Y channel analog outputs, like an oscilloscope or network analyzer, etc. The latter is ideal if you have a piece of test equipment that has an HP-IB (IEEE-488) port on it and uses a plotter, such as network analyzers, spectrum analyzers, etc.

with a million people looking here I just figured it would be faster and
cheaper
than putting stamps on an envelope and snail mailing the entire ham
community.
And besides, if somebody recorded it they could sell it here, after all,
that show was about ham radio, silly as it was.

This is the Yaesu FT-990 HF Transceiver that rates a 5 out 5 on the eham.net reviews! See http://www.eham.net/reviews/detail/402 for details. This is a single owner radio that has been very well cared for, hardly used and kept in a non-smoking environment. The radio works great and has never needed any repair. It is in very good physical condition with a few minor scuff marks around the corners that are so small they don't even show up in the pictures, which can be viewed at http://www.qsl.net/k5vx/ . Included are the 500 Hz and 2400 Hz filters, built-in AC power supply and antenna tuner, Yaesu hand microphone, plus the Yaesu FIF-232C CAT to EIA-232 adapter and cable for computer control, and the manual. Asking $925.00 which includes ground shipping (CONUS). Contact Jonathan at k5vx_AT_arrl.net or 972 685 5169. Thanks & 73!

This is the famous SCS Pactor II Controller that supports 1200/2400 baud AFSK, 9600 baud FSK, HF modes such as Pactor 1 & 2, Amtor, CW, RTTY, SSTV, various forms of FAX, plus PSK31, and this unit is the most sought-after box for Winlink! This package includes the hard to find SCS Remote Control Unit. The controller and remote control units are single owner units that have been very well cared for and are in mint condition electrically and cosmetically. Hardly used, they have been kept in a non-smoking environment. They work great and have never needed any repair. See the pictures, which can be viewed at http://www.qsl.net/k5vx/ . Includes a soft copy of the very thorough manual, plus cables and software. Asking $600 which includes ground shipping (CONUS). Contact Jonathan at k5vx_AT_arrl.net or 972 685 5169. Thanks & 73!

This is a band pass and noise reduction DSP filter that works very well on CW, SSB and other voice modes, plus RITTY and SSTV. The unit has band pass and auto notch filters for getting rid of the jammers! This unit is in very good cosmetic and functional condition, as can be seen in the pictures at http://www.qsl.net/k5vx/ . It is a single owner unit that has been hardly used, very well cared for, kept in a non-smoking environment and has never needed any repair. Includes the manual and AC power supply. Asking $65.00 which includes ground shipping CONUS. Contact Jonathan at k5vx_AT_arrl.net or 972 685 5169. Thanks & 73!

This dual port multi-mode TNC is capable of many modes of operation plus it can be upgraded by hardware from Timewave plus software for even better performance and new modes. This unit is in good cosmetic and functional condition, as can be seen in the pictures at http://www.qsl.net/k5vx/ . It is a single owner unit that has been hardly used, very well cared for, kept in a non-smoking environment and has never needed any repair. Includes the manual and cables. Asking $180.00 which includes ground shipping CONUS.

Contact Jonathan at k5vx_AT_arrl.net or 972 685 5169. Thanks & 73!

Has anyone here ever dealt with K1MAF? He has a NIB TS570 that I am thinking about buying.

Thanks.

JT

I've put together an upgrade for those of you have the older CRT displays. It fits the Icom IC-R9000 and IC-781 CRT models. LCD Specs: TFT LCD Color, 70 degree horizontal and 40 degree vertical viewing angles, 224640 pixels, 0.107 horizontal dot pitch, 0.320 vertical dot pitch. LCD is exact size replacement for CRT. LCD is NEW w/1 year warranty. LCD Display runs cooler than CRT and has less radiated noise. Receiver (or CRT Assembly) must be sent to my location for professional installation/conversion which is included in the price.

ICOM on these units sends a monochrome signal to the display. If you have a CRT that usually means that the entire display will be orange or amber. If you have a LCD, the whole display will be white. When the R9000 is in display mode, the video signal will be displayed in color.

I don't have a self-install kit at this time.

The pictures showing the upgrade I did on my R9000 are posted on ebay.
 Just search for "R9000". Thanks, Jonathan, KC0NSE.

Ebay is acting "goofing" again. You may have to try your search more
than one time for it to work.

Thanks, Jonathan

From Estate sale; Cavity model number DB4022 Band Pass / Band Reject
Cavity, 450-512 MHz, it has two receive cavities and one transmit
cavity mounted in an outdoor cabinet.
Duplexer was used with a 300 watt 440 repeater.
I was told the duplexer is rated for 500 watts.

I'm in need of a couple of MC13022A AM Stereo decoder chips for an AM
synchronous detector project. Anybody got any or know where some can
be found?

Hi All !

I've got an old Hallicrafters SX-96 Shortwave receiver for auction
on ebay, and thought i'd post the link here if anyones interested.

http://cgi.ebay.com/ws/eBayISAPI.dll?ViewItem&category=4673&item=1945980255&rd=1

I'm not a ham/shortwave person, and I've put all the details I know in
the auction description. If you have a question for me, please don't
hesitate to email me and I will do my best to answer it.

Thanks and happy holidays.

Mike.
isomeone (at) yahoo.com

ps. I also have a Horizon Eclipse marine radio up for auction which you
can view by clicking on the link above and viewing my other auctions.

10 Channel w/scan. Older unit but still works great. Has a new power trans.
to put the trans output back up to a full 25 watts. I put a toggle on the
back of the case of the radio so you can program it without pulling it off
the bracket and taking it apart. I'll put it up here before I put it on
E-bay. First $100.00 + shipping. E-mail me at bashof3@insightbb.com
Thanks Brian Shofner KC9CVP

I have for sale a very nice condition Drake R-4B receiver.
Works great and looks good. Pictures available by request.
Asking $250 shipped to continental USA.

Thanks,
Michael

I am looking for an Icom UT-106 board in good working condition. If
you have one you would sell, leave me a message here, or drop me an
email. Thanks

Robert

Beware of this jerk, John Carter AA6JC. I sold him a great working
TS-440S/AT that has scratches on the exterior case and he flamed me on EBay
feedback. Didn't ask for his money back, just the flame.

What a knucklehead, the radio worked great, so what it has scratches from
one too many field day events.

DO NOT BUY OR SELL ANYTHING TO THIS GUY.

You've been warned.

73,
Rob N4RPD

For Sale: Kenwood TM-631A 2m/220 mobile/base radio. Like new,
excellent condition, never mobile with TSU-6 CTCSS decode card
installed. Bright LCD display, no blemishes, works 100% electrically
and mechanically, guaranteed not DOA. Complete radio package
including full DTMF mic, original box and owners manual. I also have
available a Diamond CR-214 2m/220 antenna in excellent condition.
Asking $375 + shipping before it goes to eBay. Photos available upon
request. Thanks!

Hi all, I am in need of a dead FT-50R battery pack, number FNB-41.
This is the 9.6 volt @ 600ma battery.
I dropped mine from a rather high place and broke the case pretty badly.
My batteries are good and the radio still works!!
If you have one that you would like to part with please let me know what you
want for it.
Of course I'll pay for shipping.
PLEASE e-mail me direct at:

mrrusso@optonline.net

THANKS and 73, Mark N2FLF

Hi all, I am in need of a dead FT-50R battery pack, number
FNB-41.

This is the 9.6 volt @ 600ma battery.

I dropped mine from a rather high place and broke the case pretty badly.

My batteries are good and the radio still works!!

If you have one that you would like to part with please let me know
what you want for it.

Of course I'll pay for shipping.

<u>PLEASE</u> e-mail me direct at:
<p>mrrusso@optonline.net
<p>THANKS and 73, Mark N2FLF</html>

Bizarre as it may seem, I actually have one, minus the belt clip.

Where do you want me to send it?

Chris

First is a Pro-2036 (BC-890XLT). I got it in rough shape, and have repaired
most of the problems. Has an intermittent that causes a hiss in the audio,
plus doesn't want to scan in turbo mode all the time. I replaced the battery
with a battery holder, and 3.3 Volt disk battery that can be changed without
soldering. I'm sure whatever is causing the problems is realitivly minor.
Have the large telescoping antenna.
Second is a 2 month old Pro-2017. It's mint. Have the original box, and
manual, plus power cube, and antenna. I would like $100 o.b.o. for the 2036,
and $50 for the 2017. I'll package it for $125, if someone wants both.

Hi...
I'm looking for a copy of the circuit for a power supply that was
published in the ARRL handbook in 93 and then again in 95. In the 93
handbook it's Figure 22 from Chapter 27. In the 95 handbook, it's
Figure 11.32.

The circuit uses an LM723 regulator and 2 or 3 2N3055s in a voltage
and current regulated design.

Thanks for the help.

I'm looking for the schematics for a Magnum 600 Watt Linear Amplifier made
by Transel Corporation in the 1970's. If anyone happens to have any
information please contact me at   N1OB@ARRL.net

I've got lots more stuff coming up for sale. Let me know if you're looking
for anything in particular.

Remove the "fo" from my reply address if you wish to contact me.

For Sale

Icom IC-W32A

2m/70cm Handi-Talkie

Specifications:

Dimensions: 2.25 (W), 5.5 (H), 1.4 (D), 16 oz
5 Watts of power @ 13.5 V
200 memory channels
8 character alphanumeric memory channel identification, keypad entry
Backlit display and keypad
ICOM rugged! Meets MIL SPEC C/D/E for shock and vibration
Handheld to handheld cloning capability (opt. OPC-474 cloning cable) or PC programming capability (opt. CS-W32 cloning software and OPC-478 cloning cable)
Independent band controls for tuning and volume
VHF/UHF exchange function allows assignment of VHF/UHF band controls to either knob
Set your preferred band to the knob furthest from the antenna

Two Years old and in good shape. Factory box and manuals included.

$200 plus Shipping

FT-1000D

Lots of Extras

$2200 plus shipping

SPECIFICATIONS

GENERAL 0
RX Frequency Range: 100 kHz ~ 30 MHz
TX Frequency ranges: 160 ~ 10m amateur bands only
Freq. Accuracy: <±5 ppm (except FM ±100 Hz)
Freq. Stability: <±2 ppm (0 °C ~ 50°C) (except FM ±200 Hz)
0 <±0.5 ppm (-10°C ~ 60°C) w/TCXO-1 (FM ±150 Hz 0°C ~ 50°C)
Emission Modes: LSB, USB (J3E), CW (A1A), FSK (J1D, J2D), AM (A3E), FM
(F3E)
Basic Frequency Steps: 10 Hz for J3E, A1A and J1D

0 100 Hz for AM and FMA3E, F3E and J2D
Antenna Impedance: 16.5 to 150 Ohm, 50 Ohm nominal
0
Supply Voltage: 100, 110, 117, 200, 220 or 234 VAC, 50/60 Hz
Power Consumption (approx.): 95 VA Receive, 1050 VA for 200 watts transmit
Dimensions (WHD): 420 x 150 x 375 mm
Weight (approx.): 51 lbs. (25.5 kg.)
0
TRANSMITTER 0
Power Output: adjustable up to 200 watts (50 watts AM Carrier)
Duty Cycle: 100% @ 100 watts, 50% @ 200 watts (FM & RTTY, 3-minute TX)
Modulation Types: SSB: Balanced, Filtered Carrier
0 AM: Low level (early stage)
0 FM: Variable Reactance
0 FSK: Audio Frequency Shift Keying
Maximum FM Deviation: 2.5 kHz
FSK Shift Frequencies: 170, 425 and 850 Hz
Packet Shift Frequencies: 200, 1000 Hz
Harmonic radiation: at least 50dB below peak output
SSB carrier suppression: at least 40dB below peak output
Undesired sideband suppression: at least 50dB below peak output
Audio response (SSB): not more than -6dB from 400 to 2800 Hz
3rd-order IMD: -36 dB @ 150 watts PEP, -31 dB @ 200 watts PEP, or better
Microphone impedance: 500 to 600 Ohm
0
RECEIVER 0
Circuit type: quad-conversion superheterodyne (triple conversion for FM)
Intermediate Frequencies: 73.62 and 8.215 MHz and 455 and 100 kHz

Sensitivity (For 10 dB S/N):
Frequency 100 ~ 250 kHz 250 ~ 500 kHz 0.5 ~ 1.8 MHz 1.8 ~ 30 MHz
    0
Mode
SSB, CW (2.4 kHz) 1.25 uV 1 uV 2 uV 0.25 uV
AM (6 kHz) 10 uV 8 uV 16 uV 1 uV
29 MHz FM (12 dB SINAD) - - - 0.5 uV

Selectivity (-6 / -60 dB):
Button Modes Min -6dB BW Max -60 dB BW
2.4 kHz all except FM 2.2 kHz 3.8 kHz
2.0 kHz all exc. AM, FM 1.8 kHz 3.6 kHz
500 Hz CW, RTTY, Packet 500 Hz 1.2 kHz
250 Hz CW, RTTY 240 Hz 700 Hz
- AM (Wide) 6 kHz 14 kHz

Sensitivity (For 10 dB S/N):
Frequency 100 ~ 250 kHz 250 ~ 500 kHz 0.5 ~ 1.8 MHz 1.8 ~ 30 MHz

0
Mode
SSB, CW (2.4 kHz) 1.25 uV 1 uV 2 uV 0.25 uV
AM (6 kHz) 10 uV 8 uV 16 uV 1 uV
29 MHz FM (12 dB SINAD) - - - 0.5 uV

Dynamic Range: 108 dB (@ 50 kHz, 500 Hz BW, RF amp off)
Squelch sensitivity: 1.8 ~ 30 MHz: (CW, SSB, AM): <2.0uV
0 28 ~ 30 MHz: (FM): <0.32uV
IF rejection (1.8 ~ 30 MHz): 80 dB or better (Main RX)
Image rejection: (1.8 ~ 30 MHz): 80 dB or better (Main)
IF shift range: ±1.12 kHz
Max audio output: 2W into 4 Ohms with < 10% THD
Audio output impedance: 4 to 8 Ohm
0
Specifications subject to change, in the interest of technical improvement,
without notice or obligation.

Hey folks, if you look very carefully at the name of this
newsgroup, you will notice it says "swap". That means trade.
Look it up in your funkin-wagnals. Take you auction crap
elsewhere.

Doesn't at the end of an auction a guy SWAP (TRADE) MONEY for the
MERCHANDISE? This is a prefect place to place items that are for sell
or trade via the auction method. The only difference is an auction will
raise the price of an item and a trade (which usually is always a trade
for MONEY) will usually lower it. I guess you could say in one case
the buyer takes advantage and the other the seller or maybe neither does
and they all go away happy except you because you did play the game only
sat on the sidelines bitching.

Have a good day,
Ron

Unfortunately, it happens to be against ebay policy to post these messages
in the newsgroups and other forums except for ebay.

Postings of this nature are considered SPAM !

Symantics: To MOST Intelligent Folk SWAP = BARTER, NOT Purchase...

But you will get the SFB Idiot who don't give a sh*t what the NG is
about Cause he wants to let everybody know that he has a pile of CRAP
that he no longer needs and hopes he can find some idiot to buy his
"12 Pill" CB amplifire and all the other crap his old lady told him to
throw out...

Just My Opinion..

Bob

FS: MINT MFJ 9406 six meter transceiver. This rig is a blast! Get it
now while the winter DX season is just beginning! I've got a new
FT-847 with 6 meters on that, so I might as well get rid of this one.
GREAT transmit audio! I worked the world with this and a little three
element Cushcraft Yagi. 12 watts PEP. Has CW module installed, too.
(Almost forgot I had done that!)

Comes with manual, original box, stock hand mic and DC cord.

$175 and I'll pay for shipping and insurance by U.S. Priority Mail. If
you're short on cash, we can use your "plastic" through my ham radio
business. (This will get the rig to you quicker, too.)

First e-mail to wa8mea@hotmail.com gets it!

For Sale: MINT Radio Shack HTX-252 2 meter FM mobile rig. Cute little
thing that served me well as a base unit for about a year. Never been
mobile. Comes with original box, DC cord, stock mic and instructions.
I think these are 25 watts on high power.

$95 and I'll ship via Priority Mail and insure. If you're short on
cash, when can go with your "plastic" through my little ham radio
business. (Plus that will get it to you quicker...)

First e-mail to: wa8mea@hotmail.com gets it.

For Sale: BEAUTIFUL Icom IC-718. 100 watts PEP. 160 through 10 meters.
Never mobile. Barebones. No DSP/filters. GREAT transmit and receive
audio! Nice back-up rig, beginners rig or a VERY user friendly rig for
those who don't want a ton of bells and whistles like the high-end
rigs have. Original box, instructions, DC cord, stock hand mic and
I'll even throw in one of my world famous YO-YO-TENNA Deluxes FREE to
help you get on the air with it quickly! (See recent CQ and/or
WorldRadio for more details on antenna...or my website URL below.)

$395 plus $14.95 towards Priority Mail shipping and insurance. If
you're short on cash, we could use your "plastic" through my little
ham radio business.

First e-mail to: wa8mea@hotmail.com gets it!

Hello to the list,
A while back someone sent me a blower for my amp. I had a massive virus attack, and lost his address. Will you please contact me and we can finish up. Sorry for the inconvenience.
wb6vse@ipa.net

Thanks

UPDATE

I still have to clean out some of the stuff in the shack. I have WAY too
much stuff after 37 years.

OK here is what I have, all in good condition and complete except as noted.
Some have been spoken for as noted.

1988,
1994(GONE),
1995,
1996,
1997,
1998,
1999 x march,
2000 x december(GONE),
2001 x january(GONE).

I'll send these to anyone who wants them for shipping. The last time I
shipped QST's the cost was about $5.50/year with the postal rate hike.
If anyone wants a year or all years let me know. Make me a shipping offer
on all if you want.

I also have about 5 years of QEX that I'll let go for shipping. (GONE)

Soon they have to go out. If you know a club or school that wants them that
would be great. I'll also try the local library and school first, but
failing that, unfortunately its to the trash.

Lionel

Hey Lou,

eBay works just fine without spamming newsgroups. One more from you
and I forward it to eBay.

Yeah, I've wondered why he thinks that posting his spam here is going
to help also. After all, if someone is looking for that sort of thing,
they already *know* about eBay. And, if they, like me, are offended at
people who think that a discussion group (in which they don't even
participate) is their free advertising space, they'll see that the auction
is from the spammer, and avoid it.

eBay's regulations state that the eBay seller's account will be terminated
if they do this sort of thing, unless the charter(s) of the group(s) in
question specifically allow for-auction postings. Anyone care to wade
through the charters, for the exact wording?

I have a vx5r with the following for sale

-Originial Manual
-Speacker/mic bout this a few weeks ago
-Computer Cable
-Rubber Duck from comet lost the originial

I bought this HT 2 yrs ago and it has some scrathes oh it but besides that it is in excellant condition. I am asking $230.00,if to high email me and we well discuss the price but cant go below 200 because of the Accesories.if interested Email me or casll me in Atlantaa at 770-978-0495.

73's de KD4HLL

I'm looking for a CW filter for my Icom 725. A FL-100 or FL-101 will do the
trick.

Hey guys. I have a complete station for sale either as a group or individually.

Icom IC-706MKIIG rig. Looks and works great. Comes with the separation kit, power cable, mic, manual and box. Asking $700.00

AEA EconoTuner ET-1. Minor scratches on side and top. Works perfectly and never abused. Asking $75.00

Astron Power Supply. RS-35A. Minor Scratches on top but in perfect working order. Asking $100.00

Mirage UHF Amp. D 1010. Covers 430-450 Mhz with 10W in and 100W out. SSB or FM operation. Near perfect condition. Comes with power cable. Asking $150.00

Regency XL156. Old Scanner-Non 800 Mhz. Works great. Dusty but trusty. $20

Uniden Bearcat BC9000XLT. Near mint condition. Comes with ant, power cord, manual and shop manual. Asking: $150.00

Zenith Laptop. Z-Star 433VL. Old! has a card slot. Completely clean hard drive. only has a 3.5 drive unless you can find a CD ROM that connects via a card. Works OK with a stripped down version of Win 95 but would probably work better with Win 3.x. **There is no operating system on this computer. No windows, no DOS, no nothing!** Battery was replaced about 5 years ago but seems to have problems holding a charge. Unit comes with the power cord. 200 MB hard drive, 8 MB RAM, 33 Mhz. Asking: $150

Bencher YA-1 Low Pass Filter. 1.5 kw continuous power. $40. normal exterior wear. never abused

I can have digital pics sent out to you upon request. Please contact me if you have any questions or require any further info. All prices are without

shipping. We can work something out. Items will be shipped from Detroit,
MI 48209. Please make offers.

I have a new FT-897 (1 month old) that I'm considering trading. What
I'd really like is a late FT-920 with INRAD Board/Filters. Any
interest?

Thanks!
Anthony, NT4X

For sale or swap: Motorola HT1000 UHF (403-470) with New in Box Charger, New Original Motorola UHF antenna and used battery. The radio is in excellent condition with minor signs of usage. Checked by Motorola technician, work perfectly.

$250 USD each and I have 5 of them. Will consider swapping the new version of the ICOM Airband transmitter. Please e-mail: airbus320@juno.com for any inquiry, thanks!

Hey Ken,

The value of any item is what someone is willing to pay. You opinion of $50
is just that. Opinion, you do not set value unless you buy.

I have a VX5R, the unit is about 1 yr old. Its overall condition is very
good. Keypad and numbers in great shape. It has one slight problem, the SMA
connector in the radio keeps working loose. The antenna stays on, but the
antenna moves around even when its screwed onto the radio. Other than that,
it works great, on TX & RX.
It has the freeband mod done and works great.
First $175.00 takes it. Plus $5.00 Priority Mail shipping.
Insurance is extra.
Please email RW613@lycos.com

Hi all, I am looking for an Ameco PS-1 power supply to run a CB-6

converter. If you have a reasonably priced (& working unit) one
available please contact me. Thanks es 73 - John WA9WHD

I am looking to trade a Pro-2006 or pro-43 or both for a Sony 2010 or
Grundig Sat700 or 500. Both scanners are in as new condition and are cell
capabil. Remove the nospam from my email address to reply.
Thanks.
Jeff

I have a Motorola Compa-station cabinet with the following installed:
1-Maxtrac/Radius bracket
1-TPS 15amp power supply with Maxtrac power cable attached.
Also is prewired for 5 pin accessory plug for local remote use.
I'm in SE Pa, so if interested feel free to make an offer.
RW613@lycos.com

I also have a empty GE cabinet thats about the sam size as the compa.
Both cabinets must go.....

Please do, because you're full of crap.

Self-appointed Anti-Ebay netcops with a twisted need to control others
are the real problem on these groups.
Grown-up, mature adults simply do not read what does not interest them
and allow the rest of us to read that which we wish to see.
D.S.

Hello. I need a couple of plugin modules from either of these units; the M2M
& M10W for sure. If you have these or any complete non working units that
are for sale, I would like to hear from you. Thanks. Larry

The subject pretty much says it all. The radio is in VERY good condition (pic.'s available on request) as is the owners manual, although it has some marks on it.

I must add that I have not powered this up so I cannot attest to how well it works (unless the way it looks is any indication).

I REALLY don't want to put this on Ebay, so first come first serve!

$125.00 + shipping (OBO)

John Schneider

Will the fellow who sent me the blower please email me, as I have lost your
email address. We can finalize the deal.
Thanks

    Let me see if I've got this straight, you advertise a ham handheld,
displaying a public service frequency and say it's been modded for
"freeband", someone complains and you think THEY need to get a life????
Where is this mythical freeband? You know as well as I that every cb'er with
half an ounce of brains interpets "freeband" to mean: "I can do whatever the
hell I want to there" and your going to sell this to someone like that after
falsly advertising it? Hmmm, all for the sake of a couple of bucks huh?
Sounds like YOUR the loser & moron.

    Chuck WG2A

The VX5R does 6m, 2m, and 70cm with 5 watts; doesn't get anywhere near
the "freeband".

With the VX-5R, the so called "Freeband" mod refers to the common mod available to most VHF/UHF radio, which allows TX on non-ham, MARS and CAP frequencies above and below 2 meters and some UHF frequencies, not the more well known "freeband" in 11 meters. The thing is that you

don't have to perform that mod to get extended TX. All you need is the cloning cable and software and you can click on a couple boxes and it opens the TX. Physical modification of this radio is not needed, and this can be easily reversed, so you should watch out for any physically modified VX-5R.

I have the following items for sale:

1- MFJ 949-e Versa Tuner II - Slight scratches on top, otherwise in

excellent condition. Asking $75.00, I ship.

2- Ameco PT-2 preamp. Excellent condition. Asking $50.00, I ship.

3- Yaesu FT-470 HT. Very good physical condition, however there is a problem in that the squelch does not always open on received PL. Also included is a Yaesu NC-29 battery charger and W&W 7.2 volt 1200 mAh battery which seems to hold a charge forever. The charger works great but is missing one of the push button rubber covers. The charger has had the trickle charge mod and, other than the missing push button cover is in great shape. This radio would be excellent for packet.   Asking $100, I ship.

Pictures of all and additional information is available upon request.

Thank you....

John Schneider, KB2COP

I am in search of long telescopic whip antenna elements for a portable loaded HF dipole I am making. The largest I have found thus far are 72"

extended, and I need 96-108", about .25" diameter, not more than .50" fattest section, with a threaded or punched base for mounting. I have tried Rat Shack and the usual catalog suppliers (Mouser, Fair Radio, Ocean State, AES) without success. Does anyone know of a mail-order source for such parts?

Many times you can find the older car antennas that are what you want.
Probably not 108" though.

Hello all,
I have a 40' aluminum freestanding tower located in Detroit, MI for sale.
It is broken down and includes all hardware. Asking $300. Come take a look
at it and lets work something out.

I'm looking for the following 440 ht's:
Standard C468
Kenwood TH45AT w/tone board
Icom 4SAT w/UT50 tone board

They must be in very good condition operationally and cosmetically.

I have Motorola programming cables for trade and an assortment of
Motorola/Radius software for trade.

thnx
please email

That's a Ceramic Vacuum Variable...I'd add that as they are worth more.

For Sale: A VERY nice Heathkit HW-100 WITH HP-23 power supply. Comes with power supply to xcvr power cord, TWO hand mics (one the original Heath, the other a Turner that looks like a Heath mic...) I purchased a NEW W7FG Vintage Manual for the transmitter. (But not for the power supply.) The manual set me back about $40...but I'll include the manual FREE with the purchase of the rig. I bought and installed two brand new 6146 finals for it AND a new 6CL6 driver and neutralized. I'll toss in a pair of spare 6146's and 6CL6 into the deal.

No dents, no rust, original paint and only a couple of minor scratches. Original knobs and paint. A VERY nice rig for the collector or for a first rig.

$295 plus $14.95 towards shipping and insurance. (The xcvr isn't all that heavy...but the power supply is.) If you are short on cash, we can run the tranaction through my little ham/swl business using your Visa or Mastercard.

First email gets it! wa8mea@hotmail.com

    Thanks Jason! It keeps the arguments down to a minimum. LOL! Best of
luck auctioning the Pro-2006.

    Chuck WG2A

Hmmm, maybe because an auction IS a type of sale????

Would be nice if he flagged the subject line with FA instead though....

Steve

I dont think EGay cares about your "complaint". It is a valid sale of legal equipment. True, it is overpriced and not likely to draw a ton of bids.. but that is the seller's privilage and any bidder's problem.

Nice radio. a bit overpriced though.. I can buy those cheaper at a local hamfest or use radio store (we have a few in the phoenix area).

still, it does have some of the "optional accessories" that would make it "almost" worth this.

I'll pass for now

Technomage

Well, eBay's terms of service agreement, which every seller agrees to, does
specifically forbid posting auctions to newsgroups unless the charter of
the group allows specifically that. I can quote chapter and verse if it's
worthwhile.

Does anyone think Lou has researched the charter of all of these groups?
Obviously the forsale, marketplace, and swap groups are fine, but where does
the charter for alt.firefighters say that commercial posts of auctions
are permitted?

The guy doesn't even read the group he spams, best as I can tell.

I have unintentionally labeled this as "waterproof", when in fact it is designated as "flameproof". I apologize for the mistake and will attempt to rectify it upon end of bidding.

Sorry...

John Schneider

I haven't checked lately, but that was definitely the policy last time
I looked. eBay has a vested interest in not pissing people off.

>The guy doesn't even read the group he spams, best as I can tell.

Like most spammers.

Their entire policy page is at:
http://pages.ebay.com/help/index_popup.html?sell=policies.html

EGay has never addressed newsgroup listings in their policies, though they did discuss it several years back. Nothing ever came of it. That is why the complaints to EGay about this item were ineffective and the item completed. The guy even found a buyer.

I am indifferent on the subject. Anyone I find annoying gets put on the "ignore" list and life is rosey.

Steve

Not true. Their policies prohibit spam, and they include usenet in
that definition. They state the following:

 "The SafeHarbor charter defines SPAM as the sending of unsolicited,
  commercial email including past unwanted email to bidders. As well
  as posting messages on Usenet to advertise eBay or an eBay listing
  that is inappropriate or which violates the policy of the newsgroup."

Unlike the other groups he's cross-posting to, alt.firefighters is not
a commercial or "swap" newsgroup. Advertising is *not* welcome here,
and that makes his posts SPAM. If you ignore one spammer, you'll soon
have a thousand more. Therefore, simply ignoring them is a really bad
idea.

I'm CC'ing this post to RadWaves since he obviously doesn't follow
alt.firefighters and might not realize his spam is unwelcome here.

So allow me to clarify for you, RadWaves.... Your ads are *not*
welcome on alt.firefighters.

FORGIVE THE CROSS-POST, BUT YOU RF GUYS WILL LOVE THIS.

FA: AKG HEARO 999 DOLBY DIGITAL WIRELESS SURROUND HEADPHONES $199

This is the best wireless surround on the market, because you can walk all around your home and not lose the signal. Others use IR, and you must stay glued to the room. Adjustments for your particular ears changes the DSP settings for optimum performance. Also has tone controls, and many other features.

ROFL!

Learn the art of sneaking a radio into the shack. That's why I keep a
few non-working rigs sitting around or disassembled in boxes to 'fix'.

WHY does she say it must go. Perhaps there is the option of negotiation here.

I have to clean out some of the stuff in the shack.

OK here is what I have, all in good condition and complete except as noted.

1988, 1994, 1995, 1996, 1997, 1998, 1999 x march, 2000 x december, 2001 x
january.

I'll also throw in the following HR's with the lot if you want them all.

all 4 of these are 1978; march cover damaged, april, may, june.

I'll send these to anyone who wants them for shipping. The last time I
shipped QST's the cost was about $5.50/year with the postal rate hike.
If anyone wants a year or all years let me know.

Soon they have to go out. I'll try the local library and school first, but

failing that, unfortunately its to the trash.

Lionel

Sorry for the lack of PC info. (and the crappy pictures on Ebay !!)

The laptop is a color 486 with a 500 meg H/D and 16 meg. of ram.
Compared to todays standards it is a dinosaur, but more than adequate to
run PROBE. It is in really good shape and is configured with Win. 95.
Additional software (shareware) is included.

Hope this answers some of your questions and please don't hesitate to
contact me off-group if you have any more questions.

Thanks for the bandwidth.

John Schneider

Why dont you just make one. You just need a level converter.

http://www.qsl.net/civ_commander/interface.jpg This one works good. I have used it on 706MK2, ICW32a, and yeasu ft8500

I collect old radios. I put in shelves, and filled them with wood
tombstone
radios. There are soooo many in here, that I can sneak in more and
the wife never notices.... Heee!

Peter

Brand New in unopened boxes Svetlana 8874(3cx400a7) Tubes. These tubes
are FACTORY FRESH....They ARE NOT NOS. They carry the full warranty of
one year shelf storage and one year service, in other words you can
store these tubes up to a year before you put them in service, and
your warranty wont begin until the one year of shelf storage times has
elapsed. Then your one year service warranty will begin.
PRICE $325 PLUS SHIPPING
YOU WONT FIND A CHEAPER PRICE ON FACTORY FRESH TUBES. I HAVE 8 LEFT.

I still have to clean out some of the stuff in the shack. I have WAY too much stuff after 37 years.

OK here is what I have, all in good condition and complete except as noted. Some have been spoken for as noted.

1988,
1994(GONE),
1995,
1996,
1997,
1998,
1999 x march,
2000 x december(GONE),
2001 x january(GONE).

I'll send these to anyone who wants them for shipping. The last time I shipped QST's the cost was about $5.50/year with the postal rate hike. If anyone wants a year or all years let me know.

I also have about 5 years of QEX that I'll let go for shipping.

Soon they have to go out. If you know a club or school that wants them that would be great. I'll also try the local library and school first, but failing that, unfortunately its to the trash.

Lionel

Is the CT-30 Mic adapter the Y adapter that let's you use a double
prong speaker mic with the FT-50R? (I already got a Yaesu speaker mic
I use to use w/ an FT411E)The FT-50R's mic socket is single and small.
 If this is the correct adapter, if anyone has a used one they want to
sell, please email me. Thanks.

I have a Kodak DC-50 digital camera with the accessory 20 MB memory card
(about 110 hi-res pix). Camera in great shape and works fine. D/L images
into your PC with the USB cord.

Looking to SWAP for a decent commercial screwdriver antenna in good
shape (& not a homebrew), covering 80-10 meters.

PS: Please remove "NOSPAM" from addy to reply... TNX &
73's...RFB

Looking to sell (or swap) my TS-680S and get something that is better suited
for running mobile in a small/new car. Rig is in good condition and I have
manual, mic and power cable to go with it. Looking for a TS-50 or a Yaesu or
Icom equiv. (same features, size and era).

Click below for specs:
http://www.rigpix.com/kenwood/ts680s.htm

I am looking for a service manual for a Yaesu FT-5100 dual band mobile
transceiver.
This manual is out of print at Yaesu and the service department person I
talked to at Yaesu didn't know if they would ever have any more since the
FT-5100 is getting to be an older radio.

I would be happy to buy a manual from anyone who has one they don't need any longer, or pay the cost of photocopying and shipping for a copy of the Service Manual.

Thanks,

Keith Ballow

Would any one of know or have a program or software to calculate antenna load? I am in charge of a 125 ft municipal tower and I want to check the loading of the 8 to 10 antennas.

Rich

I have a used, but great condition uniden BC780XLT with RS232 and software.
I have all original packing and manual, antennas. I need to sell and will
buy another in a few months.. Photos upon request, asking $325 plus
shipping.

Was thinking of listing on ebay, but I'll give the NG a chance

Also: pardon the OT, but:

1 - 60GB external USB2.0 hard drive, 7200 spin AND, brand new PCMCIA USB 2.0
Adapter (new), need to use firewire for my laptop. Asking $190 shipped
conus.

Please if you have questions or want to make a trade contact me off

list at my e-mail address. gundoc@insightbb.com Some of these

lists are not swap lists and only tolerate my post because it is only

once a week. To the group owners thank you for letting me continue

to post to the group.

Dean

I will be at the Lexington, KY hamfest so If you will be there let me know
and I will bring specific Items for you.

GE Portables

GE MPA VHF Scan 136 - 150.8 split 192 channels nice 9.0

Condition. With battery and charger. I have this programmed for

Ham and up to 152 MHz before it will not lock on frequency.

$225.00

GE MPA VHF Scan 157 - 174 split. 192 channels. Nice radio 8.5

condition with battery and standard charger. I have it programmed

down to 154 MHz with no trouble but will go no lower. $225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $85.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good and come with a battery and standard charger. $100.00 each.

GE KPC 300 VHF 16 channel scan. Nice radio with battery and antenna. No charger with this one. $100.00

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170 but I have programmed these in the ham band with no trouble. These have battery, antenna, and standard charger. $75.00 each

GE PLS UHF 16 Channel. 8 to 8.5 also. 450 - 470 split but I can program these to the ham band. With battery, Antenna, and Charger. $85.00 each. Have 3 of these.

GE MPS VHF 12 channel. 8.5 condition. New antennas and NOS batteries Standard charger. $60.00 each have 2.

GE MPS UHF 48 channel. 8 = 8.5 condition, These have NOS batteries And have 4 banks of 12 channels. These can go to the ham band. I have been Using one of these on my ham repeater and it works great. $60.00 each I have 4 of these. Programming on 12 channels included.

GE UHF MPS 8 channel with 8 different tones. 8 different tones can be Selected for each different channel. Battery and antenna. $50.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies. Like new tall Battery. $100.00

GE Mobiles

GE MVS VHF 16 channel scan. NPH20 has option cable and Mic.
Looks good $125.00

GE MVS 800 conventional 2 channel. Without mic tested OK $45.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE MLS Low Band 16 channel scan. 42-50 split. New mic. Should Program to 6 meter ham. 60 watt $150.00

GE Monogram UHF 16 channel scan. Nice radio with mic. 40 watt Nice radio. $175.00

GE Mastr II UHF 75 watt with preamp. No Icoms drawer only. MC65KKG88B $90.00 each only 2 left

GE Mastr II Lowband 42-50 slit 110 watt. MC74KCN33A With 1 set of Icoms $45.00 each I have many.

GE Mastr Pro Low band 110 watt 42 50 split. MT74TCS33 With 2 sets of Icoms. $10,00 each. I have many.

GE Mastr Pro 110 watt lowband 42-50 split in a wall mount cabinet With a power supply for a base. $35.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

GE S990 head 128 channel scan. Just in not tested. $60.00

GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger. 16 channel model has short cable and some handle bar mounts. Mic included but no speaker. Not tested yet since I just got it in. $50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $90.00

GE Accessories

GE Duplexer Mod DB4075 P/N 19C307166P2. tx453.xxx rx458.xxx
With cables. 4 cavity. $175.00

GE Duplexer Mod P1 P/N 19C307166P1 tx453.xxx rx458.xxx
With cables. 4cavity. $175.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $20.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each. These are the only frequencies I have.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each. Picked up 3 sets of UHF 2C Icoms $30.00 per set of 1tx and 1rx Icom.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE Mastr II mounting plates $15.00 each

Power plugs for S500, S550, C500 etc heads. Good pulls $5.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card

and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Radius / Maxtrac VHF 25 watt. 16 channel scan. 16 pin accessory port. With mic. $225.00 ACD33LRA7PA5BK

Motorola Radius / Maxtrac UHF 25 watt. 2 channel 5 pin port. With shure

Mic. $175.00

Motorola Radius SM50 UHF 2 channel like new small radio. With mic and bracket. $175.00

Johnson Viking CX-HL81 800 LTR portable. With charger. $65.00 each

Uniden SPS 802TS 800 LTR portable. With charger. $65.00 each.

Yaesu FTH 2009 VHF portable. 6 channel. Works great on ham and public

Safety band. With wall charger $85.00

Radio Shack HTX 212 2 meter Mobile. 30 memories, Scan. Works great. This was in my van before I added another MVS so I know it works. $95.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $65.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$65.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know

"Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe Re-cased looks new. 16 channel scan with charger. $425.00

I am looking for dead, broken or basket case Ten Tec HF radios. I don't
care what kind of shape

they are in. Let me know what you have and how much you might want for it..

steve

I have forsale a Kenwood TH-G71A dualband handheld. The radio is about 3 or so years old. I have a speaker mic for and a bnc/sma connector and speaker mic and the aa batery pack for it. The battery that comes with the radio is broken due to someone bumping into it, but it still ok, just cant carry the on the belt with the clip, if you have a pouch it's fine. I am asking $175.00 , but I am willing to listen to offers. Thanks

For Sale:

- Kenwood TS-930 Ham Tranceiver with Autotune

- Alpha 374 (ETO) NO TUNE amp (works on 10 meters too)

Where: Both are located in Dallas, Texas (near North Park Malll)

Who: The owner Mel, K5QXY wants to sell both. There are too large for his limited space. He may be interested in a trade for a smaller late model rig with power supply.

Price: Receptive to reasonable offers. Contact Mel direct at k5qxy@arrl.net

Please do not reply to this newsgroup posting as Mel, K5QXY DOES NOT
read newsgroups and please do not send email to me. I am just posting it
for K5QXY.

I have for sale 1 full size "HY-Gain" beam 10 meters. fully assembled for your inspection. 13' Boom and longest element is 22' $100.00 I also have a steel tower totaling 25'. this is in 3 sections 1 10 foot st8 and 1 5foot st8 and 1 10 foot top section. I don't not have a rotator. $50.00. pickup only from Nashua,NewHampshire. I am selling these because they are to big for my new QTH. This beam has spent a large portion of its life in storage. 73's Jeff AA1GR

1. Model YF-112A 6 kHz AM Crystal Filter. Like new. In original box.

2. Model YF-112C 500 Hz CW Crystal Filter. Like new. In original box.

3. Model TCXO-4 Temperature Compensated Crystal Oscillator. Like new. In original box. It is also designed for the FRG-100(B) receiver.

All items were purchased new, never used. Selling because I do not have the transceiver anymore.
Asking $65plus $5 to ship/insure USPS Priority Mail for each item. Buy all three...I pay shipping. Terms: USPS Money Order or PayPal.

Lynn, N8AJ

just want to say hello to everybody and notice you that a new star is
born, a new online store where you can find Products from Coleman &
also radio,knives,... his address? www.gomico.com, ready to
shop. It's the beginn, with your help, this store will growing. Thank
you for your time.

Gentleman,

It doesn't matter who you buy from, just make sure it's an AMERICAN
dealership, not some YV5 bootlegger from Miami. They're prices are
just AWFUL compared to other places like HRO, AES, and simular.
Reason? South American goof balls pay anything for radios so they can
run their illegal drug traffic. I'm sure YV5 whateverhisnameiss sells
the radio at list price, plus ten percent, AND includes a Ham license
inside each box. Typical.

Greetings:

I have an inexpensive 1403 scope that needs some repair work and I need a
schematic for it.

I will be happy to pay any expense to create a copy and send it to me.

Al Link, K4ICL

GE Portables

GE MPA VHF Scan 136 - 150.8 split 192 channels nice 9.0

Condition. With battery and charger. I have this programmed for

Ham and up to 152 MHz before it will not lock on frequency.

$225.00

GE MPA VHF System 146 - 170 Aegis digital encryption. Nice radio

9.0 condition. 160 channel Alphanumeric display. With rapid charger

and battery. Great ham or public safety radio. $300.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display.

With battery and standard charger. 7-7.5 $85.00

GE MPD scan UHF 450 - 470 48 channel Alpha display. Looks ok and programmed for ham and Public safety. Battery and charger. $125.00

GE MPD select UHF 450 - 470 48 channel alpha display. Looks good with battery and charger. On ham and PS. $100.00

GE PCS UHF 440 - 470 8 channel with battery and charger. Looks

Good. $95.00

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170

but I have programmed these in the ham band with no trouble. These

have battery, antenna, and standard charger. $75.00 each

GE PLS UHF 16 Channel. 8 to 8.5 also. 450 - 470 split but I can

program these to the ham band. With battery, Antenna, and Charger.

$85.00 each. Have 3 of these.

GE MPS VHF 12 channel. 8.5 condition. New antennas and NOS batteries

Standard charger. $60.00 each have 2.

GE MPS UHF 48 channel. 8 = 8.5 condition, These have NOS batteries

And have 4 banks of 12 channels. These can go to the ham band. I

have been Using one of these on my ham repeater and it works great.

$60.00 each I have 4 of these. Programming on 12 channels included.

GE UHF MPS 8 channel with 8 different tones. 8 different tones can be Selected for each different channel. Battery and antenna. $50.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Mobiles

GE MVS UHF 440 - 470 16 channel scan. With mic and no bracket. This radio works from the Ham band through GMRS and everywhere In between. $135.00

GE MVS UHF 440 -470 2 channel. Works and looks good. $120.00

GE MCS UHF 440 - 470 4 channel 10 watt mobile separate speaker is also the Control head. With mic. $85.00

GE MLS Low Band 16 channel scan. 42-50 split. New mic. Should Program to 6 meter ham. 60 watt $150.00 (sale pending)

GE Monogram UHF 16 channel scan. Nice radio with mic. 40 watt Nice radio. $175.00

GE Mastr II UHF 75 watt with preamp. No Icoms drawer only.

MC65KKG88B $90.00 each only 2 left

GE Mastr II Lowband 42-50 slit 110 watt. MC74KCN33A

With 1 set of Icoms $40.00 each I have many.

GE Mastr Pro Low band 110 watt 42 50 split. MT74TCS33

With 2 sets of Icoms. $10,00 each. I have many.

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00

each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr

II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that

I have seen marked Ericsson) $65.00

GE S990 head 128 channel scan. Just in not tested. $60.00

GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger.

16 channel model has short cable and some handle bar mounts. Mic

included but no speaker. Not tested yet.

$50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $90.00

GE Accessories

GE Duplexer Mod DB4075 P/N 19C307166P2. tx453.xxx rx458.xxx With cables. 4 cavity. $175.00

GE Duplexer Mod P1 P/N 19C307166P1 tx453.xxx rx458.xxx With cables. 4cavity. $175.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $20.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each. These are the only frequencies I have.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each. Picked up 3 sets of UHF 2C Icoms $30.00 per set of 1tx and 1rx Icom.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE Mastr II mounting plates $15.00 each

Power plugs for S500, S550, C500 etc heads. Good pulls $5.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola GP68 UHF. Like new. Has 20 channels that you can program

from the front of the radio. With battery, charger, and programming instructions. $250.00

Motorola HT50 VHF 2 channel 150 - 170 belt clip holder battery and

Charger. $75.00

Motorola Radius P200 UHF 438 -469 DTMF front with charger. 6 channel

And has stubby antenna. $135.00

Motorola MT1000 UHF 438 - 469. 16 channel scan. Has battery , charger,

and stubby antenna. $165.00

Motorola Maxtrac VHF 40 watt 16 channel scan. 5 pin. With Mic.

$225.00

Motorola Radius / Maxtrac UHF 25 watt. 2 channel 5 pin port. With shure

Mic. $175.00

Uniden SPS 802TS 800 LTR portable. With charger. $75.00 Pair.

Yaesu FTH 2009 VHF portable. 6 channel. Works great on ham and public

Safety band. With wall charger $85.00

Radio Shack HTX 212 2 meter Mobile. 30 memories, Scan. Works great.

This was in my van before I added another MVS so I know it works. $95.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $65.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$65.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Hi There
I am after 2 FT-101ZD Knobs, one is for the plate and one for the Mode.
If anyone knows of a source for the knobs or has a scrap 101ZD I would appreciate a quick e-mail.
Thanks
Martyn

I'm in need of a set of schematics for the Icom IC-2000H VHF mobile
tranceiver. I'm off the air untill i can get it fixed. If anyone has a
copy that they can e-mail me i'd be most greatful. Thanks in advance.

I am developing a website to promote playing chess by ham radio.....I
need to know of any persons currently playing and frequencies being
used....I expect to have the site on line by the end of august 2002
to find out more or get on the e-mail list
contact:
box1@chesswarrior.com
www.chesswarrior.com (my chess site)

FS CERAMIC/WIRE WOUND RESISTORS
    I have a nice lot of 75 wire wound/ceramic resistors. They are
different values and wattages. All checked and marked. this is for the
whole lot.
    They are all pretty good size,high wattages. Just what you need
for a good stout amp.
    i have a pic.
30.00 + shipping or make me a offer.

     FS 2 BIG Neutralizing Capacitors
    Two neutralizing capacitors for controling the stability of that
big amplifier project your planning, These are VERY NICE AND BIG.

    Capacitors stand 6" high and disk diameter is 2". Both caps are in
very good condition and I would rate at a 8+. There are no pits on the
aluminum or chips on the ceramic.
    20.00 each +shipping

Blackhole lists offer dark prospects

By Bret A Fausett

New Architect
August 2002

Most of the email I receive these days is spam, yet I've never purchased anything advertised in a piece of unsolicited commercial email. I'm not even sure that I've ever clicked on a link sent to me in a piece of unsolicited commercial email.

I haven't found any good method of blocking spam. Fortunately, I have a broadband connection, so things aren't as bad as they could be. But whenever I travel and find myself connecting via modem, I'm constantly frustrated by the significant amount of time I have to spend downloading junk mail, which is sometimes billed at exorbitant hotel or foreign telephone rates. So you'd think that I'd be somewhat sympathetic to the efforts of groups that create blackhole lists.

For those of you unfamiliar with a blackhole list, it's a list that's typically maintained by volunteer antispam advocates. It contains the IP addresses and domain names of certain mail servers allegedly used to send unsolicited email messages en masse. When an Internet service provider subscribes to one or more of the blackhole lists, any inbound email to its service originating from a mail server on the lists is automatically rejected. The subscriber to a blackhole list doesn't filter based on the actual content of the email, just its place of origin, which makes this practice a fairly crude tool. It blocks all messages from specific locations regardless of content.

Anyone who finds his or her mail server erroneously listed on a blackhole list can usually get off the list by establishing that he or she has remedied whatever server insecurity spammers exploited. At least that's how it works in theory.

I don't run an insecure mail server, but mine recently found its way onto a blackhole list. I've tried to get off the list, but to no avail. I've become just another victim of vigilante justice on the Internet.

The Wrong Guy

One day back in March, I tried to send a friend of mine an email. It bounced. The mail server that rejected my message sent a polite note back explaining that the address of my mail server was now listed on its ISP's blackhole list.

Over the next two weeks, the circle of people to whom I could send email started to shrink. Soon, even my father's email address was off-limits to me.

The primary way to get on a blackhole list is to run an open relay. For various reasons having to do with access to networks and efforts to conceal their identities, senders of mass unsolicited email predominantly exploit such relays. An open relay accepts mail from anyone in the world and relays it to whomever is listed in the address. Most mail servers aren't open relays. They accept mail only from subscribers to that network's services, or from a set of persons specifically identified on the server. In spite of grass roots efforts to close the
open relays, there are still more than a few of them out there.

Not Guilty

My mail server, however, was not an open relay. I have no idea who first submitted my name to a blackhole list operator in Denmark, but sometime in March of this year the operator added my mail server to its list. The first time the service was used to reject a piece of my mail, the rejection came accompanied by an explanation of why I was on the list and what I could do to be removed from it. The explanation was that I was running an open relay. How could I get off the list? That was simple, the message said. Close the open relay, and send a message to the operator's server asking to be re-scanned.

Of course, as I mentioned, my mail server was never an open relay in the first place. So in response to the rejection message I received, I asked the blackhole list service if it would kindly re-scan my mail server and make another determination as to whether it was an open relay. I was sure that there had been some mistake and that on a second try, it would realize the error in its initial judgment. Shortly after I submitted my request, I sat down to monitor my mail logs. This time I saw the service in Denmark address my mail server. I watched my mail server accept the message and then pass the piece of email back to the Danish mail server. The Danish server promptly sent a message saying that my server was still operating as an open relay.

How had it gained access to my mail server? Simple. It had forged the headers on its email to convince my mail server that the email it sent was from a permitted user. You see, my mail servers were set up to pass mail only from a domain name of which I am the only user. It blocks everything else. That's not an open relay. Unless you're a user in my domain, you can't use it.

Blocked

The group based in Denmark had pretended to be me, forged an email as though it had come from an address that only I am authorized to use, passed it through the mail server in my house, and then placed me on a list of people who should be blocked from sending mail. They circulated that list around the world. ISPs used by my friends and family here the United States subscribed to this list. Now, through no fault of my own—and in fact because of the trickery of Danish email activists—I was no longer able to send email to many people in my address book.

It's hard to describe how angry this made me. The Danish consortium had lied

about their identity, and I was paying for it.

The worst thing about being blacklisted, however, wasn't that I could no longer send email, but that spammers began actively trying to use my mail server to send their spam. You see, blackhole lists work both ways. ISPs use it to block traffic, but as I've recently discovered, the spammers themselves use the lists as a kind of directory of servers to use for sending their mail.

If you look at my mail server logs, you'll see that every few seconds or so, someone, somewhere tries to access my mail server and use it to send mail. Each time, without fail, my mail server declines the request and refuses to relay the requested message. It isn't an open relay. It's just doing its job. But my machine is bombarded with requests from all over the world from spammers seeking to use its minimal capabilities to send their penis enlarging, breast enhancing, get-rich-quick messages.

My Rights

But, hey, I'm a lawyer, right? I'm supposed to be able to solve this kind of dilemma. And there are a few things I could do.

For one, the Danish antispam organization falsified an email header to gain access to my mail server. Illegal access to a computer system is, if not a criminal
violation, then a trespass on my private property. As I've discussed previously in this space, one of the novel legal theories now catching on for these kinds of unacceptable accesses to computer systems is a centuries-old tort called "trespass to chattels." At a minimum, I ought to be able to sue the Danish company for the damage it caused me from its illegal access.

Granted, the damage caused by my inability to send an email is likely not terribly significant. You can always pick up the phone, print the message out, and fax it or mail it—or just use a different mail server. But in spite of all that, I
could probably get an injunction, or least a dollar or two to compensate me for my injuries and establish that I have been wronged.

The problem, of course, is that the loose organization of individuals who compiled the blackhole list is based in Denmark. Who knows whether the organization is a real legal entity or just some name cooked up by a group of self righteous individuals. However, they do have a domain name, and an IP address, and they circulate their work to ISPs around the world. In other words, there is a group for me to sue. But taking legal action on foreign entities is difficult. I would have to translate my legal documents into Danish. I would have to hire someone in Denmark to personally deliver these translated documents to the entity that I would be suing. That costs time and money.

But I could sue them here in Los Angeles, California, that much I know. By sending their forged email through my mail server, which is located in my den in Los Angeles, they fulfilled certain California legal requirements that would let me
sue them here. The connection to Los Angeles is also bolstered by the fact that I live here and my injury was suffered here.

Of course, all of this is starting to sound like the kind of hypothetical legal conundrum that you might find on a law school exam. Problems like mine often remain hypothetical because the expense of bringing them to trial is so great, and the ability to gain any monetary relief from lawsuits is minimal. That's why the black hole providers have been able to get away with their vigilante justice for so long. For any individual user wronged by their efforts—and from what I understand, there are a lot of people in similar situations—the costs of pursuing these organizations, which are often located overseas, is too great. These groups of volunteer organizations have no assets to speak of—they are volunteers after all—and plaintiffs' lawyers are hesitant to take a case without the prospect of a lucrative damages judgment.

The Case

Before you think that this is all just about me and the fact that my father no longer receives any email from me, there are bigger policy implications for private individuals and companies that take steps to block connectivity. Much bigger.

I've long championed the idea that the Internet should remain largely unregulated by governments. But at the same time, any private operator at an end point in the Internet's architecture can restrict the flow of content to a user.
What's wonderful about the Internet is that it enables end-to-end communication from anywhere in the world to anywhere in the world. For all of the problems caused by spam, email is still the most widely used application on the Internet. So the idea that private parties could get ISPs to block some people from talking to other people should be deeply troublesome.

The Danish blackhole list operators want to block access to computers that might be used for spam, but it's easy to imagine blacklists used for less noble purposes. For example, imagine that the RIAA compiled a list of IP addresses which, it contended, had at some time used peer-to-peer file sharing programs. Because these peer-to-peer systems could transmit copyrighted materials in a way that infringes on the copyright owner's rights, the RIAA could argue, those IP addresses should be blocked. It isn't difficult to imagine that the RIAA could pressure a sufficient number of ISPs into subscribing to this copyright blackhole list and blocking access to their users, or to any traffic emanating from them.

Breaking end-to-end connectivity for any application, whether email or peer-to-peer or the Web, threatens the very thing that makes the Internet valuable. These are matters of principle. Which reminds me— I have a lawsuit to file.

I have a very nice Heathkit SB-221 2 KW amplifier that covers 80 through 15 meters. The pair of 3-500Z tubes will put out the legal limit.

Pictures are available at
    www.iscdata.com/ebay/sb221.jpg
    www.iscdata.com/ebay/sb221_1.jpg
    www.iscdata.com/ebay/sb221_2.jpg
    www.iscdata.com/ebay/sb221_3.jpg
    www.iscdata.com/ebay/sb221_4.jpg

I would prefer to trade it for something along the lines of a Kenwood TS-50 or Alinco DX-70 type rig instead of putting it up for sale or putting it on eBay.

I am located in the Dallas, TX area and will deliver locally.

If interested email me at k5hj@qsl.net and lets see if we can deal.

I have a used TS-430 HF rig that I would like to trade for a Kenwood
TH-F6A handheld. The TS-430 is a retired CAP radio that is excess to
my needs. Any interest?

Thanks!

Wanted Knobs for my HT46 Restoration Project

These are the small knobs for Mic Gain, Drive and Final. They're all the
same and are also the same as the small knobs used on the SX146/SR42/SR46.
I have the pair HT46/SX146 and want to restore.

Let me know if you can help.

As no new ChipSwitch cpu's are available from the vendor, I'm looking for
one on the net, to upgrade my Uniden HR2600, replacing one a thief felt he
needed to have.
Any info appreciated.

Dave

For Sale: Yaesu FC-20 Antenna Tuner. Works fine, like new condition with box and manual. Also have switch which disconnects tuner from FT-847 to allow use of CAT interface (can't use both at the same time, and requires power to be recycled).

Reason for selling: switched to SGC237 AT and random wire.

Asking $190 plus shipping

Yes this amplifier will need some tender loving care to get back on the
air but it is lovely to just look at. Check out his link if you think
you are in love with it and need to own it.

I'm looking for the Data cable(PSK31, RTTY, etc) and a programming cable
for my 706MKIIG.
HRO wants $125 for the programming cable, can't find the data cable
anywhere.
Any help would be appreciated.
thnx

hello
unless the MkIIG is differnt from the MrkII the only cable is the CIV17 which allows you to control the radio not to program it i emailed RT Systems asking if they made software for the 706s and they told me that the radio isnt capable of programming like the other radios they make software for
if you want the CIV17 type of cable check out www.hosenose.com
they sell of for like $50 i bought that one for mine MkII and it controlled the radio fine
as for the data cable i think you have to make that one up yourself
good luck

Dennis, why don't you just go back to sleep?

we'll wake you if we need any QRN from the HF Group :-)

Why don't you just stay out of the VHF-UHF Groups and keep your CB Style A.M
QRN to yourself?

GE Portables

GE MPA VHF Scan 136 - 150.8 split 192 channels nice 9.0

Condition. With battery and antenna. I have this programmed for Ham and up to 152 MHz $225.00

GE MPA VHF System 146 - 170 Aegis digital encryption. Nice radio 9.0 condition. 160 channel Alphanumeric display. With antenna and battery. Great ham or public safety radio. $300.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and antenna. 7-7.5 $75.00

GE PCS UHF 440 - 470 8 channel with battery and charger. Looks Good. $85.00

GE PCS VHF 150 - 170 8 channel with battery and charger. Looks Good. $85.00

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170 but I have programmed these in the ham band with no trouble. These have battery, and antenna. $75.00 each

GE MPS VHF 12 channel. 8.5 condition. New antennas and used batteries Standard charger. $60.00 each have 2.
.
GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $175.00 all 3 radios.

GE Mobiles

GE Ranger 150 N9HH0A110A 150 - 170 110 watt drawer unit only. This will work with the control heads and cables I have below. $75.00

GE MVS UHF 440 -470 128 channels. Scans and works good. Looks great and is programmed on the ham bands.$175.00

GE MCS UHF 440 - 470 4 channel 10 watt mobile separate speaker is also the control head. With mic. $85.00

GE MLS Low Band 16 channel scan. 42-50 split. New mic. Should Program to 6 meter ham. 60 watt $150.00

GE Mastr II UHF 75 watt with pre-amp. No Icoms drawer only. MC65KKG88B $90.00 each only 1 left

GE Mastr II Lowband 42-50 slit 110 watt. MC74KCN33A With 1 set of Icoms $25.00 each I have many.

GE Mastr Pro Low band 110 watt 42 50 split. MT74TCS33 With 2 sets of Icoms. FREE. You pay shipping and packing. I have many.

Master Exec II Lowband 30-36 split, 100 watt, CG and NB. With Icoms

And most accessories. $30.00

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

GE S990 head 128 channel scan. Not tested. $60.00

GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger. 16 channel model has short cable and some handle bar mounts. Mic included but no speaker. $50.00

GE S825 Scan head. With Mic and bracket. Alpha numeric head

For Delta or Ranger. 16 channel Ranger can have 224 channels with

this head 32 channel radio can have 448 channels. This head can

control siren and PA system. You can also use this head to program

Deltas and Rangers. I have cables for this head. $175.00

GE Accessories

GE Duplexer Mod DB4075 P/N 19C307166P2. tx453.xxx rx458.xxx
With cables. 4 cavity. $175.00

GE Duplexer Mod P1 P/N 19C307166P1 tx453.xxx rx458.xxx
With cables. 4cavity. $175.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $1.00 each
Minimum 5 at this price.

Mastr II Mic. $5.00 3 for $10.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $20.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each. These are the only frequencies I have.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each. Picked up 3 sets of UHF 2C Icoms $30.00 per set of 1tx and 1rx Icom. I have Low

Band Icoms.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE Mastr II mounting plates $15.00 each

Power plugs for S500, S550, C500 etc heads. Good pulls $5.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE PCS Universal charger. With wall transformer $20.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $200.00

Home made S825 programming cable. Works great but I just bought a

Factory GE cable so I do not need this now. $20.00

Other Radios and Accessories

Motorola X9000 UHF 100 watt. Has 64 channel head non-DTMF. With

cable, Speaker, and mic. Ready to program and use. $300.00

Motorola HT50 VHF 2 channel 150 - 170 belt clip holder battery and Charger. $75.00

Motorola MT1000 UHF 438 - 469. 16 channel scan. Has battery , charger,
and stubby antenna. $165.00

Motorola Maxtrac VHF 40 watt 16 channel scan. 5 pin. With Mic. $225.00

Motorola Radius / Maxtrac VHF 25 watt 16 channel scan. 16 pin port. With mic. $200.00

Uniden SPS 802TS 800 LTR portable. With charger. $75.00 Pair.

EF Johnson Challenger 5852 portables. VHF I think. With charger and batteries but the batteries are dead. Radios make squelch noise when powered up. As is $40.00 pair.

Yaesu FTH 2009 VHF portable. 6 channel. Works great on ham and public Safety band. With wall charger $85.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $65.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$65.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola GP 300 UHF 2 channel. Has good battery and rapid charger $150.00

Motorola Mitrek VHF high 110 watt drawer only. $40.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work

with the sp2000 as well.$35.00

Cushman CE3 Service monitor. Has model 330 Broad band mixer / watt meter

Duplexer tester plug-in. Also has 201 scope plug-in. Some of the numeral lamps are out but you can see the numbers with a light. Works well and makes a good starter service monitor. $350.00

Motorola S1350C Wattmeter. Has case that also holds 3 elements and has

5 watt 100-250 MHz, 50 watt 100-250 MHz, 100 watt 100-250 MHz, 500 watt

100-250 MHz, 50 watt 200-550 MHz, and 100 watt 25-100 MHz elements. $200.00 or I will trade for a Telwave 44 wattmeter and case.

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe Re-cased looks new. 16 channel scan with charger. $425.00

Motorola Saber II UHF 48 channel scan. With battery and antenna. 9 condition $300.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head. $225.00

Want List not FS
Extra parts for GE suitcase programmers Data modules, Printers, cables, proms, Anything you have extra. I need some UHF 450 - 470 scan MPD radios. How many do you have and what do you want for them? Johnson scorpion program cable. Looking for an FT90 for the wife's car.

I would like to play with a VX-150 if anyone has 1 to trade.

Terms
All prices are plus shipping from 40201. All items are used unless noted and only have a no DOA warranty if I say it works. If I say not tested your on your own. If I think it may be bad I will not list it. I take cash, Postal Money Orders, Paypal, and checks but I hold them for up to two weeks to clear before I ship. If you have a question E-mail me. Contact me off list at. Gundoc@insightbb.com

A icom OPC-478 cable will work for programming the radio. The cable for
the yaesu vx-5r will work too. Both need a mono adapter.

All look, work like new with box and paperwork:

Alinco DJ580T dualband HH includes original box, manual, antenna, charger stand, all in excellent condition. Original battery pack plus 12v battery and 7.2v 1500 mAh battery. Two different size Alinco cases to accommodate diff. batteries are included. (Battery packs do charge, but are not new) $225

Realistic Pro 43 HH scanner includes original box, manual, antenna, charger/PS, and RS custom leather case all in excellent condition. Never modified. $225.

Realistic Pro 64 HH scanner includes original box, manual, antenna, charger/PS, and RS custom leather case all in excellent condition. 400 channels. Same mfr. as above (GRE). $100.

Paypal or money order ok. Not interested in trades. US only, please. Email if interested.

Thanks, John

I have for sale 1 full size "HY-Gain" beam 10 meters. fully assembled for your inspection. 13' Boom and longest element is 22' $100.00 I also have a steel tower totaling 25'. this is in 3 sections 1 10 foot st8 and 1 5foot st8 and 1 10 foot top section. I don't not have a rotator. $50.00. pickup only from Nashua,NewHampshire. I am selling these because they are to big for my new QTH. This beam has spent a large portion of its life in storage. 73's Jeff AA1GR

"don't not"? A double negative means you HAVE a rotator?

FA: Drake R4B Reciever.

Please see http://cgi.ebay.com/ws/eBayISAPI.dll?ViewItem&item=1376495250

I powered the unit up,and all is well in that department.
I don't know how to use this piece,and wasn't able to recieve much of
anything,probably due to my lack of a proper antenna,and know how.
I was able to revieve plenty of different static,and odd noises,maybe
some packet radio? I'm unsure. Being sold As-is for the above
mentioned reasons.
It's probably in need of an alingment,and a new tube or something.
A copy of the manual,some spare tubes and crystals are included.
Starting bid $100.
Seems reasonable to me,I have seen these in a little better shape for
up to $300.

Thanks!   Patrick.

P.S. If I have posted this to an inappropriate group,please excuse me.

IBM-3330 2.4 MgHz Hands-Free Cordless Headset Telephone. Very comfortable,
ultra lightweight with adjustable (gooseneck style bendable) boom
microphone. Intercom, speaker & microphone jack for computer/internet phone
application. Dual keypad. Memory dialing. Mute, Page, auto answer. I bought
this in Feb 02 and it has a one year guarantee. I paid $94.95 It is in mint,
like new condition. I don't have the original box or packing material. It
works like new. I will include the original owner's manual and quick guide
and a copy of the original receipt from Sam's Club. Buyer pays actual
shipping cost, USPS insured. Pay me direct or thru ebay. I accept credit
card or Money Order payment.

After auction, email me, maybe it won't sell!

FYI, the MN-2700 has a bandswitch without WARC on it. However, it
will
easily tune the WARC bands with my antennas (130 foot loop and a 130
foot long wire). It is built amazingly well, take a look inside one
some day.

I have for sale 1 full size "HY-Gain" beam 10 meters. fully assembled for your inspection. 13' Boom and longest element is 22' $100.00 I also have a steel tower totaling 25'. this is in 3 sections 1 10 foot st8 and 1 5foot st8 and 1 10 foot top section. I don't not have a rotator. $50.00. pickup only from Nashua,NewHampshire. I am selling these because they are to big for my new QTH. This beam has spent a large portion of its life in storage. 73's Jeff AA1GR

I'm a post-secondary student working on building a digital clock that uses a
CRT tube for the display. I would like to know if anyone has a 1" CRT they would be willing to sell\swap, or some equipment that contains one. Such CRTs have part numbers as 1CP1, 1DP1-P2-P7-P11, 1EP1-P2-P11, 913, 2001. The 2" CRTs, such as 2AP1A,-P11 and 2BP1-P11, would also work. There's also some special Sylvania CRTs intended for portable oscilloscopes, that are 3", numbers 3ASP1-P2-P11, and
3BGP1-P11. Also 4" CRTs would work, Sylvania part numbers
4MP1-P2-P7-P11. I am
especially in need of P11 phosphor screen tubes which are blue and short
persistance, but others would be okay. Note that I do not want to buy all these tubes; I'm most interested in the 1" CRT types, and especially the 3" special Sylvania tubes.I only want one or two tubes, not all! Tubes can be either NOS\NOB or used if in good condition. I'm also looking for any bezels, filters, shields,etc, for such tubes. Or, any old equipment with the desired tubes would be okay too.

Hi,
I would like to buy a broken, or well used Sony ICF-2010 shortwave
receiver for parts. I lent mine to a friend who plugged an adaptor into
the antenna jack and fried the jack board, and other components, so I
just need another one to hopefully repair mine!
Thanks!

According to some collectors sites there are less than 6 of these
known to exist in private collections. Now there's one more, this one
was definetly unknown.
I've heard that only from 20 to 150 of these were made. See it on
eBay at the following address.

for sale:

New in box:

pro 93 trunktracking scanner with all accessories that come with it.

this is version one, much more stable then my pro 92b or the 245xlt i
use to own.

I have found no bugs in this radio.

comes with winscan programming software and computer cable.

199.00US
i will pay for express insured shipping with a tracking number

thanks

Hey Joe -
you need to paste the ENTIRE line to see his stuff. It's YOU
who's doing something wrong. They guy has 2 pages of radio stuff for sale.
Yes - he has a HUGE clearout going on.

I've acquired an old Kaar "Marlin" 2 MHz Ship-to-Shore transceiver
that I'd like to put on 160M AM. Anyone have a manual for this radio
or know where I might find one?

Thanks & 73,

Ron N4RT

There is a new Ham Radio Portal online at

http://www.hamradio-portal.com

This Portal contains news, Information and=20

special topics like Echolink software and many more.

It has a Weblink and download database.

A new Webboard to discuss topics is also there.

You can also submit news and topics what

comes available on the top of the page!

It should not to be in compete with other Portals.

Just a new one with a new look and nice features.

We hope to see you there!

Andre

Hey Guys! I got my HW9 fixed (with a substitute part and it works great)
but now I need to fix my HW5400 and the finals in the parts list only
list a HeathKit part number and no replacement/substitute. Is there any
source for these parts or can anyone tell me what other resources
(heathkit user websites etc) might be around to help me get it back on
the air again?

Thanks!
KAC

I Have forsale an Icom ic-765 hf transceiver. this radio transmits and
receives from 30 mhz to 1.5 mhz, built in a.c. supply, built in antenna
tuner, 250 hz and 500 hz cw filters,2.4 kc ssb filter and 6 kc am filter.
comes with hand microphone, operating and service manual and original box.
radio is an excellent dx machine. has some scratches on case from another
piece of equipment beside it and on top of it.It has a serial number of
5xxx. I will take $960 shipped in the u.s.

Hi There
I am letting go of this very high spec HP Signal generator, this covers
0.01Mhz through to 990Mhz and is calibrated and tested working.
I appreciate your time looking at this AD

GE Portables

GE MPA VHF Scan 136 - 150.8 split 192 channels nice 9.0 Condition. With battery and charger. I have this programmed for Ham and up to 152 MHz before it will not lock on frequency. $225.00

GE MPA VHF Scan 157 - 174 split. 192 channels. Nice radio 8.5 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $85.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good and come with a battery and standard charger. $100.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. With battery and standard charger. $115.00

GE KPC 300 VHF 16 channel scan. Nice radio with battery and antenna. No charger with this one. $100.00

GE KPC 400 UHF 16 channel scan. Full DTMF pad on this radio.
This one has a charger. $185.00

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170 but I have programmed these in the ham band with no trouble. These have battery, antenna, and standard charger. $75.00 each

GE PLS UHF 16 Channel. 8 to 8.5 also. 450 - 470 split but I can program these to the ham band. With battery, Antenna, and Charger. $85.00 each. Have 3 of these.

GE MPS VHF Like new 12 channel. With new battery, new antenna, and a standard charger. $70.00

GE MPS VHF 12 channel. 8.5 condition. New antennas and NOS batteries Standard charger. $60.00 each have 2.

SALE!
GE MPS UHF 48 channel. 8 = 8.5 condition, These have NOS batteries And have 4 banks of 12 channels. These can go to the ham band. I have been Using one of these on my ham repeater and it works great. $60.00 each I have 8 of these. Programming on 12 channels included.

GE UHF MPS 8 channel with 8 different tones. 8 different tones can be Selected for each different channel. Battery and antenna. $50.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies. Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. With Mic, Has all 8 proms. $100.00

GE MVS 800 conventional 2 channel. Without mic tested OK $45.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE Mastr II UHF 75 watt with preamp. No Icoms drawer only. MC65KKG88B $90.00 each only 2 left

GE Mastr II Lowband 42-50 slit 110 watt. MC74KCN33A

With 1 set of Icoms $45.00 each I have many.

GE Mastr Pro Low band 110 watt 42 50 split. MT74TCS33

With 2 sets of Icoms. $10,00 each. I have many.

GE Mastr Pro 110 watt lowband 42-50 split in a wall mount cabinet

With a power supply for a base. $35.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00

each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr

II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that

I have seen marked Ericsson) $65.00

GE S990 head 128 channel scan. Just in not tested. $60.00

GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger.

16 channel model has short cable and some handle bar mounts. Mic

included but no speaker. Not tested yet since I just got it in.

$50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $90.00

GE Accessories

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $20.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5.

$4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each. These are the only frequencies I have.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

Power plugs for S500, S550, C500 etc heads. Good pulls $5.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III Secure VHF 146 split 120 channel radio. Alphanumeric Display. Has Battery Smart charger and speaker mic. I have been using this on the VHF ham band. Has a new case that was installed at the Motorola Rockford, IL Depot

So it also has a new model sticker that they put on as well. Nice 9.5 or better radio.

$450.00

Radio Shack HTX 212 2 meter Mobile. 30 memories, Scan. Works great. This was in my van before I added another MVS so I know it works. $95.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex frequencies. 2 radios and 1 charger $175.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $65.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$65.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work

with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe Re-cased looks new. 16 channel scan with charger. $425.00

Motorola Saber II UHF 48 channel scan. With battery and antenna. 9 condition $350.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head. $225.00

Want List not FS

Extra parts for GE suitcase programmers Data modules, Printers, cables, proms, Anything you have extra. MPA or MPD portables what do you have and what do you want for them? Johnson scorpion program cable.

Terms

All prices are plus shipping from 40201. All items are used unless

noted and only have a no DOA warranty if I say it works. If I say

not tested your on your own. If I think it may be bad I will not list

it. I take cash, Postal Money Orders, Paypal, and checks but I hold

them for up to two weeks to clear before I ship. If you have a

question E-mail me. Contact me off list at. Gundoc@insightbb.com

I have a TenTec RX-320 for sale or trade.

The radio is in great condition, (one very minor scratch on the top left corner). I am the original owner and non-smoker. Asking $275.00 + shipping.

I will consider an even trade for an excellent hand-held scanner, (both trunking and non-trunking will be considered).

Please e-mail me direct with any questions and thank you for taking the time to read my post.

To connect the Palisade that is mounted on the roof of your building to
the communications gear that is mounted somewhere else in the building,
probably the basement.

The Palisade isn't really an antenna, it's a complete GPS receiver including
an antenna in a single housing. It is primarily intended to provide
precise time information, not position. By putting the entire receiver
on the roof, the 1.5 GHz RF path is only a few inches long. The cable
that runs from the Palisade to wherever the signal is used carries only
power and digital signals (serial data, 1 PPS timing).

     Dave

Eico Model 315 Signal Generator

I have for sale an Eico Model 315 Signal Generator. This comes with the signal generator, 2 probes and the original instruction manual. The description from the manual is as follows:

"1 - Description
  The Eico Model 315 Signal Generator consists of a highly stable electron coupled RF oscillator calibrated in seven bands, covering a frequency of 75 kc to 150 m with overlap on each band. The RF oscillator is electron coupled to of 7F7 buffer stage for isolation. The second half of the 7F7 is used as an inductive type audio oscillator, which produces a 400 cycle pure sine wave with less than 5% distortion. The AF oscillator modulated the RF in the buffer stage. A four step ladder type altennator and a variable control in the cathode circuit of the buffer stage control the output without loading the oscillator stage."

 This unit was part of the estate of an engineer friend of the family, and its operational condition is unknown. I had every intent of powering it up slowly with a variac but never got around to it. Now I must clean out my shack and here is your chance to get a piece of classic test equipment at a bargain price!

 This unit is complete and the only damage to it that I can see is a broken toggle switch on the front panel, which can be easily replaced. The probes are complete but the wires are starting to get brittle. The manual is

complete and in good condition and includes a schematic and parts list on the back page.

There is a picture of the unit available to view at: http://www.bit-net.com/~russ/eico315.jpg Please pardon the poor image quality, if I can answer any questions just email me...

My asking price is $35 but I will entertain the idea of a swap. Some items I'm currently looking for include a 5/8 wave mobile magnet mount antenna for 2 meters, a small amp for 2 meters, a desktop microphone or any other small items of a similar value that might be useful or interesting in my 2 meters station.

Buyer agrees to pay actual shipping charges or arrange to meet me in Southern NH to pick up. This unit weighs 17 lbs. and might be expensive to ship. You should visit www.usps.gov or www.ups.com to get a quote on shipping charges from my location in Nashua, NH, 03061 to your shipping address.

I prefer payment by PayPal or US Postal Money Order. I will accept personal checks but I won't ship the item until after the check clears.

Thanks for looking!

hi
I accidently erased the EPROM in my mfj 1276 tnc.
Is there anyone that can send me a file with this firmware v. 3.0 or higher.

I have for sale an ICOM IC 207-H. I will include the manual, power cable, and original box. The programming software and cable will also be included. I have two of the thumbscrews to attach the radio to the mount, and the other two are just regular screws. I do not have the other hardware to mount it (just the bracket) or the mike clip. I would like to get $300.00 for the outfit. I will ship UPS from 37871 at no charge to the buyer when I receive payment. I accept PayPal payments or money orders. Pictures upon request. Thanks.

Does anyone have this book? Is it worth buying? I've seen it on
Amazon, but there's not much in the way of sensible comment about the
book.

http://www.amazon.com/exec/obidos/ASIN/0790612380/bioethicsonli-20

Anyone??

hi guys and gals..
there is some free Ham Log software that is written in MS Access
that is a pretty nice basic logging program.

you can download it for free at:

http://www.pctechonline.net

click on the button on the left for   Ham Log Program

Please if you have questions or want to make a trade contact me off
list at my e-mail address. gundoc@i... Some of these
lists are not swap lists and only tolerate my post because it is only
once a week. To the group owners thank you for letting me continue

 to post to the group.
Dean

GE Portables

GE MRK II UHF Scan 192 channel 2 line Alphanumeric display.
Rapid charger, Speaker mic, extra battery, and leather case.
$450.00

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost
perfect. The only flaw is the grip tape under the PTT button is
peeling at the edges. Otherwise perfect. The next feature is, The
radio is Key pad programmable. 16 channel scan and front face
programmable. Has a like new battery and a good rapid charger. Also a
belt clip. $500.00

GE MPA VHF Scan 157 - 174 split. 192 channels. Nice radio 8.5
condition with battery and standard charger. I have it programmed
down to 154 MHz with no trouble but will go no lower. $225.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $85.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good and come with a battery and standard charger. 125.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. With battery and standard charger. $135.00

GE KPC 300 VHF 16 channel scan. Nice radio with battery and antenna. No charger with this one. $100.00

GE KPC 400 UHF 16 channel scan. Full DTMF pad on this radio. This one has a charger. $195.00

GE PCS VHF 2 channel. Like new 9.5-10 condition. 150 -170 MHz. With battery, antenna, leather case, and pocket charger. $100.00 each. 2 available.

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170 but I have programmed these in the ham band with no trouble. These have battery, antenna, and standard charger. $90.00 each
I have 7 of these.

GE PLS UHF 16 Channel. 8 to 8.5 also. 450 - 470 split but I can program these to the ham band. With battery, Antenna, and Charger. $90.00 each. Have 3 of these.

GE MPS VHF Like new 12 channel. With new battery, new antenna, and a standard charger. $70.00

GE MPS VHF 12 channel. 8.5 condition. New antennas and NOS batteries Standard charger. $65.00 each have 2.

GE MPS UHF 48 channel. 8 = 8.5 condition, These have NOS batteries And have 4 banks of 12 channels. These can go to the ham band. I have been Using one of these on my ham repeater and it works great. $75.00 each
I have 8 of these.

GE UHF MPS 8 channel with 8 different tones. 8 different tones can be Selected for each different channel. Battery and antenna. $65.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was

told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies. Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. With Mic, Has all 8 proms. $100.00

GE MVS VHF 16 channel Scan 150- 170 MHz. with mic. tested $125.00

GE MVS 800 conventional 2 channel. With mic tested OK $75.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

.GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger. 16 channel model has short cable and some handle bar mounts. Mic included but no speaker. Not tested yet since I just got it in. $50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS, and Ranger. Printer is working Has manual for the programmer and the computer. Has Phoenix cable and Voice guard cable. All in the original GE case tested and working. $850.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

Power plugs for S500, S550, C500 etc heads. Good pulls $5.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $200.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches and only 1 small patch of the paint is peeled off of the back of this radio. With manual and wall charger. $165.00

ADI AT 201. 2 meter portable nice like new and in the box with the manual. Has 5 watt battery and wall charger. $90.00

Yaesu ft 2400 2 meter mobile. Has Mounting Bracket and manual. Nice 2 meter Radio. $125.00

Radio Shack HTX 212 2 meter Mobile. 30 memories, Scan. Works great. This was in my van before I added another MVS so I know it works. $100.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex frequencies. 2 radios and 1 charger $185.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Uniden SMS 825 TS, 800 MHz Dash mount radio. $55.00

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.

MOTOROLA X9000 VHF 50 watts, alphanumeric head, Siren complete.
$425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe Re-cased looks new. 16
channel scan with charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-
Numeric head. $225.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables,
proms, Anything you have extra. MPA or MPD portables what do you
have and what do you want for them? Johnson scorpion program cable.

I recent was asked to sell 2 Astatic D-104 mics from an estate. I am not a
D-104 user so I will describe them as best I can:

One is in excellent condition Silver in color with an Eagle ingraved inn the
back of the head.

Second is in good shape with a mechanical lever to enable push to talk
rather than squeeze to talk.

Make me an offer!

John KE2OI

http://cgi.ebay.co.uk/ws/eBayISAPI.dll?ViewItem&item=1360490426&ssPageName=ADME:B:LC:UK:1

Transmitter RT-3. Tunes 3-22 MC, crystal controlled, accepts crystals with 3/4" pin-spacing (i.e. FT-243), or 1" pin-spacing. Requires 450 volts DC, and 6.3 volts AC or DC power.

The RT-3 could be considered the 'flagship' of cold-war U.S. clandestine transmitters. It's development started in 1948; and it was used by the Agency for 12-15 years, and by the Army for several additional years. The RT-3 was valued long afterward for being functional and reliable.

Weight 9 lbs

Dimensions 8-5/8" X 5-1/2" X 5-7/16"

Tubes 6AC7 oscillator 2E26 final

Frequency Bands 3-5.5, 6-9, 10-16,17-22 MC
Pwr Out 3-15 Mhz 12-15 W 15-22 Mhz 10-12 W

I have this Transmitter in my collection but i don't have a way to test it . The unit require 450 VDC and 6,3 VDC. Inside is like Brand New and seems never used.

I found this unit in a local surplus store and i think this is the ultimate QRP Transmitter or a must for any Spy items Collector.

Please Visit http://www.qsl.net/sv1edy/rt/rt.htm
for more info about this radio and more photos and also please contact me direct on my email mak@compulink.gr

I will send this transmitter in any country and i be glad to reply in any questions about it .

I accept payment via PAYPAL or cash inside registered letter .
Both ways are OK for me and i be glad to sell this radio to any friend who may need it .
As i say i don't have a way to test it but looks new.
Please see photos and if you wish ask me for any more info.

I think for an experienced QRP constructor the power supply for 450 V and 6,3 Volt is something that need about 1 hour of work and then will have the ultimate rig !.

I have a 100% positive feedback and i am also Radio Amateur . My call is SV1EDY and my home page is http://www.qsl.net/sv1edy/

Please Visit for more infos .

Also please Note that inside the box of transmitter is the Schematic so all will be easy !.

I leave in Athens Greece and i post in Ebay UK because i have here my account from the Early Ebay days.

The Greek post offices have very good and reliable services and if your country accept Valeur Letters i can send it also Valeur packet and so super extra safe !

Best 73s
Apostolos
SV1EDY

Hello:

I'm looking for two, 10' sections of
American Tower (Old TV Towers)
in good condition.

I have the 2 bolt kind with a

distance of 10 3/4" Center to Center
on the pipe.

I live in NW Ohio, North of Lima, OH

Thanks and 73's

Does anyone have dip switch settings for the Kenwood TU-1
tone encoder, an external unit that slides between battery
pack and (old !)TR-2500 2m HT ? Please reply directly by email,
thanks,

Steve

Please if you have questions or want to make a trade contact me off list at my e-mail address. gundoc@i... Some of these lists are not swap lists and only tolerate my post because it is only once a week. To the group owners thank you for letting me continue to post to the group.
Dean

GE Portables

GE MPA VHF Scan 136 - 150.8 split 192 channels nice 9.0 Condition. With battery and charger. I have this programmed for Ham and up to 152 MHz before it will not lock on frequency. $225.00

GE MPA VHF Scan 157 - 174 split. 192 channels. Nice radio 8.5 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $225.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $85.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good and come with a battery and standard charger. $100.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. With battery and standard charger. $115.00

GE KPC 300 VHF 16 channel scan. Nice radio with battery and antenna. No charger with this one. $100.00

GE KPC 400 UHF 16 channel scan. Full DTMF pad on this radio. This one has a charger. $195.00

GE PCS VHF 2 channel. Like new 9.5-10 condition. 150 -170 MHz. With battery, antenna, leather case, and pocket charger. $100.00 each. 2 available.

SALE!!
GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170 but I have programmed these in the ham band with no trouble. These have battery, antenna, and standard charger. $75.00 each Programming Included. I have 7 of these.

Sale!!
GE PLS UHF 16 Channel. 8 to 8.5 also. 450 - 470 split but I can program these to the ham band. With battery, Antenna, and Charger. $90.00 each. Programming included. Have 3 of these.

GE MPS VHF Like new 12 channel. With new battery, new antenna, and a standard charger. $70.00

GE MPS VHF 12 channel. 8.5 condition. New antennas and NOS batteries Standard charger. $60.00 each have 2.

GE MPS UHF 48 channel. 8 = 8.5 condition, These have NOS batteries And have 4 banks of 12 channels. These can go to the ham band. I have been Using one of these on my ham repeater and it works great. $70.00 each I have 8 of these.

GE UHF MPS 8 channel with 8 different tones. 8 different tones can be Selected for each different channel. Battery and antenna. $60.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies. Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. With Mic, Has all 8 proms. $100.00

GE MVS 800 conventional 2 channel. With mic tested OK $75.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

GE S990 head 128 channel scan. Just in not tested. $70.00

GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger. 16 channel model has short cable and some handle bar mounts. Mic included but no speaker. Not tested yet since I just got it in.

$50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS, and Ranger. Printer is working Has manual for the programmer and the computer. Has Phoenix cable and Voice guard cable. All in the original GE case tested and working. $850.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $20.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

Power plugs for S500, S550, C500 etc heads. Good pulls $5.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

ADI AT 201. 2 meter portable nice like new and in the box with the manual. Has 5 watt battery and wall charger. $90.00

Yaesu ft 2400 2 meter mobile. Has Mounting Bracket and manual. Nice 2 meter Radio. $125.00

Radio Shack HTX 212 2 meter Mobile. 30 memories, Scan. Works great. This was in my van before I added another MVS so I know it works. $100.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex frequencies. 2 radios and 1 charger $185.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for

each. I have 4 of these. $50.00 all

Uniden SMS 825 TS, 800 MHz Dash mount radio. $55.00

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.

MOTOROLA X9000 VHF 50 watts, alphanumeric head, Siren complete. $425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe Re-cased looks new. 16 channel scan with charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head. $225.00

Want List not FS
Extra parts for GE suitcase programmers Data modules, Printers, cables,
proms, Anything you have extra. MPA or MPD portables what do you have and what do you want for them? Johnson scorpion program cable.

Please if you have questions or want to make a trade contact me off

list at my e-mail address. gundoc@insightbb.com Some of these

lists are not swap lists and only tolerate my post because it is only

once a week. To the group owners thank you for letting me continue

to post to the group.

Dean

GE Portables

GE MPA VHF Scan 136 - 150.8 split 192 channels nice 9.0 Condition. With battery and charger. I have this programmed for Ham and up to 152 MHz before it will not lock on frequency. $225.00

GE MPA VHF Scan 157 - 174 split. 192 channels. Nice radio 8.5 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $225.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $85.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good and come with a battery and standard charger. $100.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. With battery and standard charger. $115.00

GE KPC 300 VHF 16 channel scan. Nice radio with battery and antenna. No charger with this one. $100.00

GE KPC 400 UHF 16 channel scan. Full DTMF pad on this radio.

This one has a charger. $195.00

GE PCS VHF 2 channel. Like new 9.5-10 condition. 150 -170 MHz.
With battery, antenna, leather case, and pocket charger. $100.00
each. 2 available.

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170
but I have programmed these in the ham band with no trouble. These
have battery, antenna, and standard charger. $85.00 each
GE PLS UHF 16 Channel. 8 to 8.5 also. 450 - 470 split but I can
program these to the ham band. With battery, Antenna, and Charger.
$85.00 each. Have 3 of these.

GE MPS VHF Like new 12 channel. With new battery, new antenna, and a
standard charger. $70.00

GE MPS VHF 12 channel. 8.5 condition. New antennas and NOS batteries
Standard charger. $60.00 each have 2.

SALE!
GE MPS UHF 48 channel. 8 = 8.5 condition, These have NOS batteries
And have 4 banks of 12 channels. These can go to the ham band. I
have been Using one of these on my ham repeater and it works great.
$60.00 each I have 8 of these. Programming on 12 channels included.

GE UHF MPS 8 channel with 8 different tones. 8 different tones can be
Selected for each different channel. Battery and antenna. $50.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies. Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. With Mic, Has all 8 proms. $100.00

GE MVS 800 conventional 2 channel. With mic tested OK $75.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

GE S990 head 128 channel scan. Just in not tested. $70.00

GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger. 16 channel model has short cable and some handle bar mounts. Mic included but no speaker. Not tested yet since I just got it in. $50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS, and Ranger. Printer is working Has manual for the programmer and the computer. Has Phoenix cable and Voice guard cable. All in the original GE case tested and working. $850.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $20.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820

heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

Power plugs for S500, S550, C500 etc heads. Good pulls $5.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell

discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card

and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III Secure VHF 146 split 120 channel radio. Alphanumeric

Display. Has Battery Smart charger and speaker mic. I have been using this on the VHF ham band. Has a new case that was installed at the Motorola Rockford, IL Depot

So it also has a new model sticker that they put on as well. Nice 9.5 or better radio.

$475.00

ADI AT 201. 2 meter portable nice like new and in the box with the

manual. Has 5 watt battery and wall charger. $90.00

Yaesu ft 2400 2 meter mobile. Has Mounting Bracket and manual. Nice

2 meter Radio. $125.00

Radio Shack HTX 212 2 meter Mobile. 30 memories, Scan. Works great.

This was in my van before I added another MVS so I know it works. $100.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex frequencies. 2 radios and 1 charger $185.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Uniden SMS 825 TS, 800 MHz Dash mount radio. $55.00

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.

MOTOROLA X9000 VHF 50 watts, alphanumeric head, Siren complete. $425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe Re-cased looks new. 16 channel scan with charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head. $225.00

Want List not FS

Extra parts for GE suitcase programmers Data modules, Printers, cables, proms, Anything you have extra. MPA or MPD portables what do you

have and what do you want for them? Johnson scorpion program cable.

Terms

All prices are plus shipping from 40201. All items are used unless

noted and only have a no DOA warranty if I say it works. If I say

not tested your on your own. If I think it may be bad I will not list

it. I take cash, Postal Money Orders, Paypal, and checks but I hold

them for up to two weeks to clear before I ship. If you have a

question E-mail me. Contact me off list at. Gundoc@insightbb.com

Kenwood model PS-50 station accessory DC power supply that is used with many
of the popular Kenwood ham transceivers.This one was used with my TS440SAT.

It has the extra DC output terminal strip on the rear to power other station accessories, like a 2 meter rig....Fitted with the industry standard 6 pin molex power connector so it will work with nearly all the rigs on the market today. Output is 13.8 VDC at 20 amps. Complete with ac power cord. $249.00 CDN / $160 USD

TH-79A The TH-79A handheld transceiver offers the optimum combination of operating ease and powerful performance in a compact, lightweight design. And it's clear at first glance: this slim-line FM dual-bander (2 m/70 cm) sports a dot-matrix LCD -- the first in its class -- providing alphanumeric access to a unique guide function as well as a user-friendly menu system. Other features include 80 non-volatile memory channels with ID, DTSS and page functions, and a DTMF memory function for auto-dial operation.

Accessories Included: Kenwood SMC-32 Mini-water resistant

speaker/microphone, MFJ speaker/microphone, Kenwood BC-17 AA Alkaline battery case (TH-79-22/42), Kenwood PB-32 600ma 6V nicad (TH-79/42/22) Battery Pack, Kenwood BC-17 120V Wall Charger, Original Manual, Dual Band Mobile Mag Mount, 12 Volt DC cigarette lighter cord, Extended Range BNC Whip Antenna and Long Wire for even further extended range for base operations. $275.00 CDN / $180 USD

Please if you have questions or want to make a trade contact me off

list at my e-mail address. gundoc@insightbb.com Some of these

lists are not swap lists and only tolerate my post because it is only

once a week. To the group owners thank you for letting me continue

to post to the group.

Dean

I will be at the Indy Hamfest Saturday July 6 so if you are going and

Want me to bring anything in specific e-mail me and I will try to bring

It along.

GE Portables

GE MPA VHF Scan 136 - 150.8 split 192 channels nice 9.0

Condition. With battery and charger. I have this programmed for

Ham and up to 152 MHz before it will not lock on frequency.

$225.00

GE MPA VHF Scan 157 - 174 split. 192 channels. Nice radio 8.5

condition with battery and standard charger. I have it programmed

down to 154 MHz with no trouble but will go no lower. $225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $85.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good and come with a battery and standard charger. $100.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. With battery and standard charger. $115.00

GE KPC 300 VHF 16 channel scan. Nice radio with battery and antenna. No charger with this one. $100.00

GE KPC 400 UHF 16 channel scan. Full DTMF pad on this radio. This one has a charger. $185.00

GE PCS VHF 2 channel. Like new 9.5-10 condition. 150 -170 MHz. With battery, antenna, leather case, and pocket charger. $100.00 each. 2 available.

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170 but I have programmed these in the ham band with no trouble. These have battery, antenna, and standard charger. $75.00 each

GE PLS UHF 16 Channel. 8 to 8.5 also. 450 - 470 split but I can program these to the ham band. With battery, Antenna, and Charger.

$85.00 each. Have 3 of these.

GE MPS VHF Like new 12 channel. With new battery, new antenna, and a standard charger. $70.00

GE MPS VHF 12 channel. 8.5 condition. New antennas and NOS batteries Standard charger. $60.00 each have 2.

SALE!
GE MPS UHF 48 channel. 8 = 8.5 condition, These have NOS batteries And have 4 banks of 12 channels. These can go to the ham band. I have been Using one of these on my ham repeater and it works great. $60.00 each I have 8 of these. Programming on 12 channels included.

GE UHF MPS 8 channel with 8 different tones. 8 different tones can be Selected for each different channel. Battery and antenna. $50.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine

frequencies. Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. With Mic, Has all 8 proms.

$100.00

GE MVS 800 conventional 2 channel. Without mic tested OK $45.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240

450. - 470 Looks good. $125.00

GE Mastr II UHF 75 watt with preamp. No Icoms drawer only.

MC65KKG88B $90.00 each only 2 left

GE Mastr II Lowband 42-50 slit 110 watt. MC74KCN33A

With 1 set of Icoms $45.00 each I have many.

GE Mastr Pro Low band 110 watt 42 50 split. MT74TCS33

With 2 sets of Icoms. $10,00 each. I have many.

GE Mastr Pro 110 watt lowband 42-50 split in a wall mount cabinet

With a power supply for a base. $35.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00

each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

GE S990 head 128 channel scan. Just in not tested. $60.00

GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger. 16 channel model has short cable and some handle bar mounts. Mic included but no speaker. Not tested yet since I just got it in. $50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $90.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS, and Ranger. Printer is working Has manual for the

programmer and the computer. Has Phoenix cable and Voice guard cable. All in the original GE case tested and working. $850.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $20.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

Power plugs for S500, S550, C500 etc heads. Good pulls $5.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a

rapid rack charger with a DB 15 cable and uses a MPD body to attach a

battery to. Has LED readout in display area of MPD body to tell

discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card

and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III Secure VHF 146 split 120 channel radio. Alphanumeric

Display. Has Battery Smart charger and speaker mic. I have been using this on the VHF ham band. Has a new case that was installed at the Motorola Rockford, IL Depot

So it also has a new model sticker that they put on as well. Nice 9.5 or better radio.

$450.00

ADI AT 201. 2 meter portable nice like new and in the box with the

manual. Has 5 watt battery and wall charger. $85.00

Yaesu ft 2400 2 meter mobile. Has Mounting Bracket and manual. Nice

2 meter Radio. $115.00

Radio Shack HTX 212 2 meter Mobile. 30 memories, Scan. Works great. This was in my van before I added another MVS so I know it works. $95.00

Uniden SPU480K UHF 8 channel portable. Has two good batteries drop In charger and speaker mic. $80.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex frequencies. 2 radios and 1 charger $185.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $65.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$65.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Uniden SMS 825 TS, 800 MHz Dash mount radio. $45.00

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.

MOTOROLA X9000 VHF 50 watts, alphanumeric head, Siren complete. $425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe Re-cased looks new. 16 channel scan with charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head. $225.00

Want List not FS

Extra parts for GE suitcase programmers Data modules, Printers, cables, proms, Anything you have extra. MPA or MPD portables what do you have and what do you want for them? Johnson scorpion program cable.

Terms

All prices are plus shipping from 40201. All items are used unless noted and only have a no DOA warranty if I say it works. If I say not tested your on your own. If I think it may be bad I will not list it. I take cash, Postal Money Orders, Paypal, and checks but I hold them for up to two weeks to clear before I ship. If you have a question E-mail me. Contact me off list at. Gundoc@insightbb.com

Does Anyone build anything anymore?

I blew the finals on my HW9 and need to find transistors. Ya should
seen/heard the Radio Shack Dweeb when I said, "Yeah, you can help me
find these transistors." and showed him the list. He said "Transistors,
I think they're back there." and pointed.

Of course they didn't have them. Where do people buy parts these days?
Mail Order?

Mail order is about your only option.

Try Mouser Electronics <http://www.mouser.com/> or Digikey
<http://www.digi-key.com/> or MCM Electronics
<http://www.i-mcm.com/welcome.jhtml>

Happy hunting.

Kenny ...

Yes, there are some that still build and refurbish equipment.
That is tipical of the average Radio Shack worker.

Here is a really great site for obtaining your transistors
an anyother parts for your electronic projects. Go to
Allied Electronics at http://www.alliedelec.com

While you are there request one of their huge catalogs. You
will be amazed how big it is.

Good luck,

I have an almost brand new Alinco DJ-S11(Modified), for Trade for the
Alinco DJ-S41(Modified, please). I had the DJ-S11 because I mainly
operated on VHF- now I need the business band !This radio is an 8 or 9
out of a 10 and works perfectly. Email: dbbadge@peoplepc.com

Hey Thanks Glenn, it does seem that's the case. I did locate the
transistor I needed (a substitute) at the local Gateway Electronics
store and got the HW9 back on line. Yeah! Now I need to see about doing
the same for the HW5400 (which I'm guessing is going to be a bit more
difficult to repain).

Thanks!

Jim Thanks, I'll check them out. See my other message, I did find a
replacement/substitute transistor so got the HW9 up and running with
about 3-4 watts out!

Thanks for the help!

I am going to Dayton on the 18th. I am going on a bus with the radio club. I can bring small items with me. Also I would like to raise some cash before Dayton so make an offer on anything on the list.

Please if you have questions or want to make a trade contact me off list at my e-mail address. gundoc@insightbb.com Some of these lists are not swap lists and only tolerate my post because it is only once a week. To the group owners thank you for letting me continue to post to the group.
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00

GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and
standard charger. I have it programmed down to 154 MHz with no

trouble but
will go no lower. $200.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little
paint wear on the edges but I have seen worse. With charger and battery.
$225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display.
With battery and standard charger. 7-7.5 $90.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good
and come with a battery and standard charger. 125.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display.
with battery and standard charger. $135.00

GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and
it works the local repeaters. With battery and charger. $90.00

GE PCS VHF 2 channel. Like new 9.5-10 condition. 150 -170 MHz.
With battery, antenna, leather case, and pocket charger. $100.00 each.
Five available.

GE MPS VHF Like new 10 channel. With new battery, new antenna, and a
standard charger. $65.00

GE MPS VHF 12 channel. Set of 4 that talk to each other with all new
batteries and antennas. All in a rack charger. $225.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good
battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold
this radio a year ago but have taken it on trade. Condition 8 with belt clip
and charger. I had this radio run for stolen from CSX by a local CSX Special
Agent when I first bought these in a lot and was told that it had been sold
at salvage. Perfect for a RR Museum or shortline on a budget. This could
also be programmed for marine frequencies. Like new tall
Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. No accessories. Has all 8 proms. $100.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or
Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have
seen marked Ericsson) $65.00

.GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker,
and S550 control head. This is a great public safety mobile or can be tuned
to the 2-meter ham band. $155.00

GE S990 head. Looks new but I have not had time to test this yet. $75.00

GE S550 head 16 channel looks good but not tested. $35.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your
battery and turns your portable into a mobile radio. (Convert a Com) With
mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard,
MPS, and Ranger. Printer is not working but I tried and it programs radios
without the printer. Has manual for the programmer and the computer. Has Phoenix cable and Voice guard cable. All in the original GE case tested
and working. (except printer) $850.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming
cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00
each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you
buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads.
And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid
rack charger with a DB 15 cable and uses a MPD body to attach a battery to.
Has LED readout in display area of MPD body to tell discharge rate. Another

rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and
power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III VHF 146-174 split. 120 channel Alpha-Numeric display with
secure - net module. (no out of country sales) des I think. I have been
using this all week and talking on the ham band to test this radio. Battery
has lasted all week during drive time so it seems good. With rapid charger
and big battery. $500.00 or trade for a VHF MRK II

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket.
Has tone squelch board installed. $200.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches
and only 1 small patch of the paint is peeled off of the back of this radio.
With manual and wall charger. $165.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery
charger but I will split up the pair if someone wants 1 radio only. 6
channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex
frequencies. 2 radios and 1 charger $195.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland.
$75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and
charger I had to re-list due to a deadbeat buyer. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals

for each radio. Also have a working battery and charger for each. I have 4
of these. $50.00 all

Uniden SMS 825 ts, 800 MHz Dash mount radio. $55.00

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the
sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know

"Motorola" They are good people and I will pass along any trades you may
wish to make.

Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe, Re-cased looks new. 16 channel scan
with charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric
head.$225.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables, proms,
anything you have extra. MPA or MPD portables what do you have and what do
you want for them?
Johnson scorpion program cable.

Terms
All prices are plus shipping from 40201. All items are used unless noted and
only have a no DOA warranty if I say it works. If I say not tested your on
your own. If I think it may be bad I will not list it. I take cash, Postal
Money Orders, Paypal, and checks but I hold them for up to two weeks

to
clear before I ship. If you have a question E-mail me.

Hi all;

I'm looking for a Dentron Super Tuner. Just the basic model.
Cosmetics aren't very important, as long as the unit operates
properly without any problems.

If you have one in good working condition, you can e-mail
me directly with condition/price at the address below:

I am located in the North Texas area.

Thanks!

Radio works occasionally, quit messing with it because setting it down does something inside and shorts something and blows the internal fuse. Tinkerer special.
Includes NC-8 charging station, HT, dead battery, FBA-2 battery charging sleeve adaptor, NO rubber duck.
You pay the postage. First come first served: If no takers within 2 weeks, to the trash it all goes. Cleaning out storage shed...

After listening to over 10,000 feedback messages (many from Google
groups), we're back with a completely re-designed site, and the
features most commonly asked for, including .10 flat rate auctions! We
are still adding categories, and will begin promoting very soon.

We've kept our basic philosophy of $0 Commission on sale, and many
features. Still free membership and no credit card needed. Always a $5
credit for joining.

You're invited to take a look.

Thanks,
Mike Ratican, W9RAT

Located in Sacramento, CA. area. Nearly new (5 mo. old), and hardly used
Astron RS35A power supply. Used with my 746 for a while, but got out of ham

radio again. $75 plus shipping, or local trade for scanner related stuff.

Posting for a Ham friend.
Can contact him for info if req'd.
As-is, but he tells me that it worked perfectly before he put it away. I'll be happy to attempt whatever testing is common-sense and legal if requested.
(I am not licensed for amateur radio operation).
Yeasu FT890AT + Astron RS35 + MFJ422B
Package = $750.00 USD + shipping from K2S1P5.

http://www.igs.net/~jcb/ForSale/FT890AT.htm

Please contact me for any info or more photo requests.

He also has a 5 element beam for sale, the name of which escapes me at the moment, but I do recall him saying it was a "Yagi"?

Wanted Knobs for my HT46 Restoration Project

These are the small knobs for Mic Gain, Drive and Final. They're all the same and are also the same as the small knobs used on the SX146. I have the pair 46/146 and want to restore.

Let me know if you can help.

I was lucky enough to find a good, clean TH-21AT handi at Dayton but it has

no battery. None are available from the various battery venders but they say that they can insert new batteries in the old shell. I am searching for an old battery that fits the TH-21AT that has a good shell for refill purposes.

Please let me know by email if you have one that is available.

Thanks for reading,

Just a note that I added a new message base for Hams on my site... and it includes a section for swapping! Of course, all are welcome to come on in and enjoy.

Speaking of swapping, I'm still looking for homebrew transceivers for sale... I'd like to get into kit building once I bone up my electronics knowledge, but finances being as they are, I'd love to still stretch my legs with some of the CW I learned when I passed my code test. Since the only mode I've used so far is FM, I'm dying to learn more about the hobby!

Hey Al, I was noticing at the shop yesterday, that I have two battery packs,
with mini plug charge plugs on em and they look like they might hold 4 AA

batterys..they slide on from the side...anychance that is what you are lookin
for? I dont know what they came from...?? Murray

Al....you might try here too http://abatterystore.hypermart.net/index.html
I've found batteries there, I couldn't locate anywhere else. Its right there
in Greenville, so maybe you already tried. 73

I have a dead PB21 battery. I'd trade it for the receive xtal for a TH21AT.
OR a dead radio "with a good xtal".

Please if you have questions or want to make a trade contact me off list at my e-mail address. gundoc@insightbb.com... Some of these lists are not swap lists and only tolerate my post because it is only once a week. To the group owners thank you for letting me continue to post to the group.
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00

GE MPA VHF Scan 157 - 174 split. 192 channels. Nice radio 8.5 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $225.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $85.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good and come with a battery and standard charger. 125.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. With battery and standard charger. $135.00

GE PCS VHF 2 channel. Like new 9.5-10 condition. 150 -170 MHz. With battery, antenna, leather case, and pocket charger. $100.00 each.

2 available.

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170 but I have programmed these in the ham band with no trouble. These have battery, antenna, and standard charger. I will program these since it is suitcase programmer only.
$100.00 includes programming. I have several of these.

GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00

GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had
been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies. Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. With Mic, Has all 8 proms. $100.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

.GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger. 16 channel
model has short cable and some handle bar mounts. Mic included but no speaker.
Not tested yet since I just got it in. $50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS, and Ranger. Printer is not working but I tried and it programs radios without the printer. Has manual for the programmer and the computer. Has Phoenix cable and Voice guard cable. All in the original GE case tested and working. (except printer) $850.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III VHF 146-174 split. 120 channel Alpha-Numeric display with secure - net module. (no out of country sales) des I think. I have been using this all week and talking on the ham band to test this radio.
Battery has lasted all week during drive time so it seems good. With rapid charger and big battery. $500.00 or trade for a VHF MRK II

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $200.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches and only 1 small patch of the paint is peeled off of the back of this radio. With manual and wall charger. $165.00

ADI AT 201. 2 meter portable nice like new and in the box with the manual. Has 5 watt battery and wall charger. $90.00

Yaesu ft 2400 2 meter mobile. Has Mounting Bracket and manual. Nice 2 meter Radio. $125.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex frequencies. 2 radios and 1 charger $195.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland.
$75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition

and charger I had to re-list due to a deadbeat buyer. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Uniden SMS 825 ts, 800 MHz Dash mount radio. $55.00

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know

"Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe, Re-cased looks new. 16 channel scan with charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head.$225.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables, proms, Anything you have extra. MPA or MPD portables what do you have and what do you want for them? Johnson scorpion program cable.

**** Bird Coax Switch *******

Model 72-2 DPDT Coax switch w/N connectors complete w/ knob & dial
plate --$50

***** Used Coax Connectors ****

These are mostly used, fairly clean, (at least 80%) Amphenol parts.
There are anywhere from about 4 to 25 of each type available.

UHF female - UHF female barrel connectors -- $1 ea

UHF male - BNC female adapters -- $2 ea
UHF female - BNC male adapters -- $2 ea
UHF F-M-F Tees   -- $2 ea

UG-27/U N Right Angle -- $2.50 ea

UG-57B/U N Male-Male connector -- $4 ea
UG-131/U N Female to ?? (maybe a BN?) -- $3 ea
UG-635/U C Female - BNC Male adapter -- $5 ea
UG-259A/U 91836 -- HN female to LC female bulkhead adapter -- $30

SMA Female-Female Bulkhead connector -- $1 ea

N Female Chassis Mount connectors with gold (plated/flashed) PC style
center pin (extends about 1/8" back from the insulator) -- $1ea

***** New Coax Connectors *****

UG-59B/U Kings/Amphenol HN Male Cable connector NIB -- $10 ea

UG-560/U HN Female Panel mount connector NIB -- $10 ea

82-843-1050 Amphenol HN Female sealed round panel connector NIB -- $15
ea

Kings KH-39-11 HN Female Cable connector NOS -- $15

  Below are all new crimp on connectors, with all hardware, in
individual plastic bags; early-mid 1990's date codes.
 I believe that they are all for RG-59 size cable.

Kings Electronics
   KC-59-642-M06 BNC Cable Male   -- $1 ea
   KA-59-385-M06 TNC Cable Male   -- $1 ea
   KA-19-43 TNC Bulkhead Female   -- $1 ea

All of the above plus shipping, if necessary, naturally.

Contact: Marv WC6W   310 649 3111 (reasonable hours Pacific Time

******* Panel Meters ********

Alps Keiki SU-55 series
  100uA DC 3.4" x 2.4" rectangular NIB -- $20
  15V DC 3.4" x 2.4" rectangular NIB -- $20
  3A DC 3.4" x 2.4" rectangular NIB -- $20

See these at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=alpsmtrs.jpg&.src=ph&.view=t&.hires=t

Analog Devices AD2004 4½ Digit LED 2 (1.9999) volt Panel Meter; NOS w/ data sheet $40
See on the right side at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=digmtr.jpg&.src=ph&.view=t&.hires=t

Calrad 1mA DC 1.7" square new -- $10 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=smallmtr.jpg&.src=ph&.view=t&.hires=t

Datel DM-3100L-7089 3½ Digit LED Panel meter; range & condition unknown. Used. $10
See at center bottom at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=digmtr.jpg&.src=ph&.view=t&.hires=t

FLW Model 204B2, ER2 & model 204B-2D1,ER2,01 digital panel meters w/internal 120VAC power supply. 4 digit display plus a minus sign; 3½ or full 4 digits ?? Full scale unknown -- used $25 pair These are center top and on the left in the photo at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/

Jpegs&.dnm=digmtr.jpg&.src=ph&.view=t&.hires=t

Pair of GE DO-53 3½" Square meters:
  One is a 2A scale and movement
  The second is a 1 volt meter with a triple scale -- 25 mA, 250 mA, 500 mA for use with external shunts. There is a small crack in the right side of the bakelite front of this meter which could be filled in with black filler. The glass is fine. $30 for the pair. See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=gemtr.jpg&.src=ph&.view=t&.hires=t

GE 50-283013MTMT1 3" thin edgewise panel meter 10V scale NOS in old box -- $15 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Edgemtr.jpg&.src=ph&.view=t&.hires=t

GE DW-46 2" round Decibel meter. 0 dB = 1.9 volts. NIOB (New in Old Box) $15
See on the left side at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=dbdbm.jpg&.src=ph&.view=t&.hires=t

GE 50-240001AAAA1 2" round 100000 Hour Running Time meters 120VAC 60Hz NOS $20 ea
See the large meters at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=timemtr.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard (made by Simpson) 1120-0037 DBM meter -- -6 to +3 scale NOS $15
See on the right side at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=dbdbm.jpg&.src=ph&.view=t&.hires=t

A.W. Haydon miniature 10000 Hour running time meter. Case is about 1/2" square (exclsive of mounting flange) by 1" deep. 115VAC 400Hz NOS $15

Hobbs 120 VAC 60Hz 99999.99 (Yes, displays down to 100th's!) Hour running time meter about 1" high by 2" wide rectangular with triangular shaped mounting ears. New $20 ea
The small meters at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=timemtr.jpg&.src=ph&.view=t&.hires=t

Japanese meters -- unknown mfgrs
  50uA DC 2.3 x 2.6 rectangular NIB -- $15 ea (2 available)
  MRA-38 500uA DC 1.7" square used -- $6 ea (2 available)
  MRA-38 500uA DC 1.7" square new -- $10 ea (2 available)
  407-160 Red/Green half & half scale (100uA movement) less than 1" not square NIB -- $5
See these at:

http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=smallmtr.jpg&.src=ph&.view=t&.hires=t

KEW Electric dual scale 32V / 1.5A meter (1mA movement) 1.9 x 1.6
rectangular -- Used $5
See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=smallmtr.jpg&.src=ph&.view=t&.hires=t

Lambda (made by GE) 40VDC 1.75" square new -- $20
Lambda (made by Honeywell) 10 A scale 1.75" square new -- $20
See these at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=smallmtr.jpg&.src=ph&.view=t&.hires=t

Motorola 52B892096 3" Square Meter (movement actually made by
Simpson).
 This is some kind of tuning (or deviation?) meter with a 12 pin
connector
(like a 9 pin miniature tube outline plus 3 extra pins in the center)
 wired to the meter. Used $15 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Meters3.jpg&.src=ph&.view=t&.hires=t

Simpson 3" sq modern plastic 500-0-500ua movement w/ 50-0-50 scale --
Used $10 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Meters3.jpg&.src=ph&.view=t&.hires=t

Simpson model 26, 20ua 3" round meter, used very good condition, $40

Triplett 220G 50 Volts DC 2-3/4" rectangular -- Used $15
Triplett 327T 50 uA DC 3" Square meter   -- I think these are unused.
 $15 ea (3 available)
See the two above at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Triplett.jpg&.src=ph&.view=t&.hires=t

Triplett 327T 100-0-100 uA DC 3" Square meter -- Slight damage to
the rear of the case, two of the mounting studs are broken off, front
is fine. $10 ea (2 available)

Triplett 321T 1 Amp DC 3.5" Round meter NIB -- $20
Triplett 327T 10 Volt DC 3" Square meter NIB -- $20

Westinghouse 3" Square RX-35 series meters, used -- $10 each

   30 mA   300 mA   15 VDC   20 VAC 35KV (2mA full scale on this last
unit)

See some of these at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/

Jpegs&.dnm=Westingh.jpg&.src=ph&.view=t&.hires=t

Westinghouse 3" Square RX-35 series meters, used -- $15 each

   50 uA also marked with Motorola pn 52-B-86645   See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Westingh.jpg&.src=ph&.view=t&.hires=t

   50 uA movement with Ohm scale -- 500 ohms at left, 30 ohms at
center, 0 at right

Westinghouse 2" round 9A RF Ammeters w/ internal thermocouple. Used.
$15 ea See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=RFamtr.jpg&.src=ph&.view=t&.hires=t

Westinghouse 3" round 50mA RF Ammeter w/ internal thermocouple. Used.
$20 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Meters3.jpg&.src=ph&.view=t&.hires=t

Weston 301 3" square 3A RF Ammeter (requires external thermocouple
that I don't have) Used. $7 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=RFamtr.jpg&.src=ph&.view=t&.hires=t

All of the above plus shipping, if necessary, naturally.

Contact: Marv WC6W   310 649 3111 (reasonable hours Pacific Time
please)
or via: Marv_E_Ads@Juno.com

****** VACUUM CAPACITORS & other Vacuum things **********

Jennings Vacuum Variables -- all used (or at least aged)

UCS-300-15S 300pF 15KV $200 with standard puller, later manufacture
(blue) See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=UCS300-15.jpg&
.src=ph&.view=t

UCSL-750 750pF   3KV $125 with standard puller
UCSL-1000 1000pF 3KV $125 with standard puller

CVCD-1000   1000pF 20KV $200 with standard puller (My Hipot only
goes to 15KV so that all I could test this one) See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=1000pf-20.jpg&
.src=ph&.view=t&.hires=t

R1G SPST 20KV 20Amp Vacuum Switch (switch only, no solenoid) -- $50

---Fixed vacuum caps--

Jennings VC-12 12pF 20KV $20
Jennings   50pF 86KV $86

Western Elec   50pF 5KV $20   See these at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=50pfvac.jpg&.s
rc=ph&.view=t&.hires=t

--- Vacuum Relays --

Old "T" style vacuum relays, the coil slips over one leg
of the glass enclosed contact assembly -- One of the contacts has a

Penta Labs
part number: 420 53 3875.   The coils are 28V. $10 ea
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=vacrelay.jpg&.
src=ph&.view=t&.hires=t

Struthers Dunn Type 78CCA109 "Keying Relay" which consists of a vacuum
relay mounted on top of a small (2"x3"x4") metal enclosure. There is
a
15 pin Jones connector on the side of the box. I believe that there
are
some auxiliary contacts in the box in addition to the vacuum relay.
28VDC. $15

All of the above plus shipping, if necessary, naturally.

********** Air Variable Capacitors ********

Cardwell enclosed 7 section variable capacitor assembly for/from some
receiver? -- The sections measure: 210, 210, 105, 105, 105, 100 & 75 pF.
The unit is about 12" long and 3" square with a right angle drive mounted
in the center and a 30 turn scale. This looks to be NOS (nothing ever
soldered to...) but, it is a mite tarnished on the outside from being
stored forever. There is also a (Mil?) number on the unit: SC3188A. $30
See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=cardwell.jpg&.
src=ph&.view=t

Johnson T9-5 miniature vertical PC mount trimmers 1.9-15.7 pF, Silver
Plated machined plates -- NOS 2/$1

G.I. Corp 70 pF, .080" air spacing, about 3.5"x3.5"x3" overall, "
$2ea (2 available)

National Type DX 500pF variable capacitors, approx. 3" X 3" x 3" overall
fairly good condition. $10 ea. May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=National.jpg&.
src=ph&.view=t&.hires=t

Remler "scissors" variables. Type 630 350pF $25
                        Type 631 500pF $25

General Instrument type NNC153 3 Section large receiving style capacitor
13-420 pF per section, $15

4 Section capacitor 20-550 pF section large receiving style capacitor,
$25

See the previous two units at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=loadcaps.jpg&.
src=ph&.view=t&.hires=t

See the next four units at:

http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=aircaps.jpg&.src=ph&.view=t&.hires=t

Johnson 154-1, 12-244pF, .05" air gap, about 3" x 3" x 3" overall. Rear shaft has been cut flush with bushing and the rear mounting tab has been shortened a mite. Otherwise, excellent condition, $25.

Johnson 154-34-3, 20-400pF, looks like .03" air gap, about 3" x 3" x 3" overall not including 1/4" shaft which is about 2-1/2" long. Excellent condition, $25.

Johnson 500E20 (modern equivalent 154-3), 500pF/2KV, looks like .05" air gap, about 3" x 3" x 4.5" overall not including 1/4" shaft which is about 1-1/2" long. Good condition except the rear mounting tab has been removed and it looks like a couple of the plates arced at one time and were subsequently filed down a mite. $25.

Similar to the part above but, NOT a Johnson, another 500pF/2KV, looks like .05" air gap, about 3" x 3" x 4.5" overall not including 1/4" shaft which is about 1-1/2" long. Good condition except the front mounting tab has been removed. $25.

See the previous four units at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=aircaps.jpg&.src=ph&.view=t&.hires=t

Hammarlund SM-50-X, 7.5-50pF, .064 air gap, Just under 2" x 2" x 2" overall not including 1/4" shaft. Good condition. $10.

National SEU-15, 15pF 270 degree rotation, straight line frequency, variable cap. Shiny and new in beaten-up old box (SNIBOB) $25.

**** Ceramic Doorknob & Disk caps ***

These are used Centralab or similar -- $5 ea or 5/$20

500pF 10KV "TV" style
68pF 5KV 850 series

These are NOS disks by KD & Erie $3ea or 4/$10

1500pF 7.5KV
.01uF 4KV

And a couple NOS Silver Mica caps.

2200 pF 500V CM06 $1 ea
5100 pF 500V CM07 (high current rating) $2 ea

All of the above plus shipping, if necessary, naturally.

Please if you have questions or want to make a trade contact me off
list at my e-mail address. gundoc@i... Some of these
lists are not swap lists and only tolerate my post because it is only
once
a week. To the group owners thank you for letting me continue to post
to the group.

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00

GE MPA VHF Scan 157 - 174 split. 192 channels. Nice radio 8.5 condition with battery and standard charger. I have it programmed down to 154 MHz
with no trouble but will go no lower. $225.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $85.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good and come with a battery and standard charger. 125.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. With battery and standard charger. $135.00

GE PCS VHF 2 channel. Like new 9.5-10 condition. 150 -170 MHz. With battery, antenna, leather case, and pocket charger. $100.00 each. 2 available.

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170 but I have programmed these in the ham band with no trouble. These have battery, antenna, and standard charger. I will program these since it is suitcase programmer only. $100.00 includes programming. I have several of these.

GE PLS UHF 16 Channel. 8 to 8.5 also. 450 - 470 split but I can program
these to the ham band. With battery, Antenna, and Charger. Includes Programming all for $100.00 each.

GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00

GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by
a local CSX Special Agent when I first bought these in a lot and was told
that it had been sold at salvage. Perfect for a RR Museum or shortline on a
budget. This could also be programmed for marine frequencies. Like new tall
Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. With Mic, Has all 8 proms. $100.00

GE MVS VHF 128 channel scan. 136.-153. Split but I have programmed these as 150. - 174 split and they work fine. This radio has 8 modes of
16 channels. Includes Mic but no power cord or bracket. $175.00

GE MVS 800 conventional 2 channel. With mic tested OK $95.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

.GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger. 16 channel model has short cable and some handle bar mounts. Mic included but no speaker. Not tested yet since I just got it in. $50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS, and Ranger. Printer is not working but I tried and it

programs radios without the printer. Has manual for the programmer and the
computer. Has Phoenix cable and Voice guard cable. All in the original GE case
tested and working. (except printer) $850.00 (I found a printer and will test
it this week)

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III VHF 146-174 split. 120 channel Alpha-Numeric display with secure - net module. (no out of country sales) des I think. I have been using this all week and talking on the ham band to test this radio. Battery has lasted all week during drive time so it seems good. With rapidcharger and big battery. $500.00 or trade for a VHF MRK II

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $200.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches and only 1 small patch of the paint is peeled off of the back of this radio. With manual and wall charger. $165.00

ADI AT 201. 2 meter portable nice like new and in the box with the manual. Has 5 watt battery and wall charger. $90.00

Yaesu ft 2400 2 meter mobile. Has Mounting Bracket and manual. Nice 2 meter Radio. $125.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex frequencies. 2 radios and 1 charger $195.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of

crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Uniden SMS 825 TS, 800 MHz Dash mount radio. $55.00

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.

MOTOROLA X9000 VHF 50 watts, alphanumeric head, Siren complete. $425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe Re-cased looks new. 16 channel scan with charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head. $225.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables, proms, Anything you have extra. MPA or MPD portables what do you have and what do you want for them? Johnson scorpion program cable.

Terms
All prices are plus shipping from 40201. All items are used unless noted and only have a no DOA warranty if I say it works. If I say not tested your on your own. If I think it may be bad I will not list it.
I take cash, Postal Money Orders, Paypal, and checks but I hold them for up to
two weeks to clear before I ship. If you have a question E-mail me.

*** Test Equipment -- all functional!! ***

Data I/O Unipack 2, PROM progamming fixture for 29A/B programmers. $50
See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Unipak.jpg&.sr
c=ph&.view=t&.hires=t

DataPulse (Systron Donner) Model 101, 10 MHz Pulse Generator,
10 Hz TO 10 MHz in 6 Ranges, 8.5" x 4" x 11" deep $50   May be seen
at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=HP461.jpg&.src
=ph&.view=t&.hires=t

General Radio 758-A 55-400 MHz Wavemeter. Dial in need of severe
polishing
but, insides are clean. $40 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=GR758A.jpg&.sr
c=ph&.view=t&.hires=t
--- and ---
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=GR758A-2.jpg&.
src=ph&.view=t&.hires=t

Heathkit / Zenith ET-3100 Electronic Design Experimenter. Small protoboard
plus 200Hz-20KHz Sine & Squarewave generator, individually variable +/- 15 V
supplies, 30VCT AC source, 1K & 100K undedicated potentiometers. AC Line
powered. $75   May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=ET3100.jpg&.src=ph&.view=t&.hires=t

Heathkit IM-4180 FM Deviation meter. $125   May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=IM4180.jpg&.src=ph&.view=t

Heathkit QM-1 Q-Meter w/ operation manual. $100 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Qmeter.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard 141T Spectrum Analyzer system including mainframe, 8552B IF section,
8553B, and 8555A RF sections plus 8443A Tracking generator.
All original knobs, terminators,etc. clean and working fine.
With manuals (or copies thereof...) for all units. $2200   May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=141Ttrk.jpg&.src=ph&.view=t&.hires=t
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=8555A.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard 427A (transistorized) volt-ohmmeter with nice 4" mirrored scale. Reads as low as 10 mV full scale on AC and up to 1000V AC or DC. A spare battery and an original HP manual are included -- $75 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=HP427A.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard Strobline Demonstrator. A rare sales tool from the late 1960's for dot matrix readouts built in a 5"x3"x11" deep series 1 HP cabinet. Complete your HP collection now! Working! $100 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=HPDemo.jpg&.src=ph&.view=t&.hires=t

Harrison (later HP) 865B 40V .5A Max. Constant Voltage-Constant Current Laboratory Power Supplies $25 ea $45 pair May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=HP865B.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard 4260A Universal Bridge -- measures resistors, capacitors and inductors. Also checks inductor Q and capacitor D using either internal 1KC source or external oscillator.   Has "semi-auto" nulling feature in L&C modes. 6" hi x 8" wide x 12" deep overall -- 115/230 VAC powered. $250 May be seen at:

http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=HP4260A.jpg&.src=ph&.view=t&.hires=t

McMurdo Silver model 903 Wavemeter coils: #100, 102, 103, 104 ,105 & 106 in original boxes. I also have the empty box from coil #101 and the instruction sheet for the Wavemeter.... and no, I do NOT have the meter itself. $30 all

Kepco Dual PCX 15-1.5 MAT 15 volt 1.5 amp max lab power supply in Kepco PC-4 cabinet. Individual voltage & current meters (4 total). Ten turn voltage
adjust -- $70 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Kepco15V.jpg&.src=ph&.view=t&.hires=t

Kepco Dual PCX 40-0.5 MAT 40 volt .5 amp max lab power supply in Kepco PC-4 cabinet. Individual voltage & current meters (4 total). Ten turn voltage
adjust -- $70 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Kepco40V.jpg&.src=ph&.view=t&.hires=t

Polarad 1207A Microwave Signal Generator 3.7-8.4 GHz. $75 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Pol1207A.jpg&.src=ph&.view=t&.hires=t

Pomona #2399 cast Aluminum Boxes (2" x 1-1/8" x 7/8" o.d.) w/ gold plated SMA
female connector on each end. New (in factory sealed plastic bag) -- $10 ea

Sierra Electronics model 164B Bi-Directional Power / SWR meter (looks just like a URM-120) with 181-A-1000 element -- covers 200-1000 MHz with four power ranges: 10W, 50W, 100W & 500W full scale. Case is in good condition finished in "Howard Hughes" green -- leather carrying strap is in very good condition. N connectors (M&F) -- $80 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Sierra.jpg&.src=ph&.view=t&.hires=t

TEI model 28-200 relative power / SWR / Field strength meter -- screw in whip antenna is missing. UHF connectors. $7 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=swr.jpg&.src=ph&.view=t&.hires=t

All of the above plus shipping, if necessary, naturally.

******** Microphones, Mike connectors & cables ***********

Astatic Dynamic Mike -- This is either a Cardioid or noise cancelling
as it has some small holes in one side. It is black about 5-1/2" long
with a Cannon connector (M) in the bottom end. The model number is
either invisible or rubbed off. The finish is well worn but, I
plugged it into a Shure mixer and it seems to work fine. $20

University Model 70 Omnidirectional Dynamic mikes. They are black &
light gray finish, have seen a lot of use and there are a pair of
these. One has a Cannon connector (F) on the end of a cable and the
other is missing its cable so I couldn't easily test either one.
Asking $20 for the pair.

Motorola 4-pin Microphone connectors 28-16730 (similar to Amphenol
MC4M) -- NIB $5ea

Motorola 0180700T14, 4-wire coily cord mike cable assembly with a mike

connector as above on one end and a spring strain relief on the other.
 There are some flat pins on the free wire ends -- NIB $15

NOS coily cable for a Yaesu MH-27 mike (may fit others). Later
version with the RJ connector at the radio end. $10.

All of the above plus shipping, if necessary, naturally.

Wanted Knobs for my HT46 Restoration Project

These are the small knobs for Mic Gain, Drive and Final. They're all the same and are also the same as the small knobs used on the SX146. I have the pair 46/146 and want to restore.

Let me know if you can help.

I have for sale a Kenwood TS-690S in very good condition. It covers all HF bands plus 6 meters. Receive frequency coverage is .5-60 Mhz continuous. It is 100 watts on HF and 50 watts on 6 Meters. It works very well with no problems. The rig has had two modifications done to it. 1- The attenuator for the Medium wave (.5 - 1.705)Mhz band has been taken out by an authorized Kenwood service center.(makes a big difference, about 20db) and the transmitter has general coverage tx, would work great for transverters and the new 60 Meter band (if we get it, looks promising!) There are some very minor scratches on the case, nothing bothersome and the front looks good. Guaranteed not DOA, you will not be disappointed. This is a very nice rig. It has a triple conversion receiver and selectable filtering. You can select the ssb (2.4khz) filter for AM, if you want to narrow it down or you could make SSB 6 khz instead of 2.4. Shipping is either UPS, FedEx or USPS, The only thing I insist on is that it is insured. I do not charge for "handling". It includes manual (good shape) and a full (not cut short) dual fused power cord and the hand mic. Pay-Pal is welcome.If you have any questions please feel free to e-mail me. The auction ends on Wed, June 5. If you would like to bid on this please go to: http://cgi.ebay.com/ws/eBayISAPI.dll?ViewItem&item=1356733352
thanks

*** Homebrew Radio things ***

Many hams build things with a large investment in time & parts that
are worth far less... later. Here are some items from the estate
stuff I've been selling that fit that description -- priced
accordingly.

Unless noted, most of the items below are built on PCB material and
most of the enclosures are made by soldering pieces of PCB material
into a box -- not all sides may be present! Batteries not included!
A few of these devices come with schematics, mostly not. The wiring
is all open enough that you can generally see what is going on.

Battery drainer -- LM317K (TO-3) plus a pot wired as a current sink to
drain batteries -- 4" x 3" x 1.5" -- $2

PL Tone generator -- Wein Bridge Oscillator powered by two 9 volt
batteries. - $3

Touch Tone Encoder -- Western Electric Touch Tone Dial mounted in a 4"x4"x2" metal enclosure with power switch. Has a 4 pin DIN connector plus matching cable terminated in a 1/8" mini plug. $4

Some kind of test oscillator with a 556, two pots with anodized gold (colored) knobs, pwr. sw.. LED,. & Banana jack outputs -- $4

HF Harmonic Filter built in a 5" x 2.25" x 2.25" LMB Aluminum box. UHF connectors. Probably good for 100W. $5

60dB Sampling Tap -- HN female connectors for the main line and a BNC for the tap. 1KW in the line puts 1mW to the tap. -- $10

435 MHz power splitter with (3) N connectors. This is made out of brass
sheet stock and is about 15" long by 1" square. $10

Varactor multiplier (unfinished) -- looks like it's designed for 144 to 432. Built in a 3.5" x 2" x 7/8" extruded aluminum case -- top plate missing. Silver plated coils, Johnson 189-6-4 caps. It think it is complete execpt for the input and output leads. $10

Some kind of VHF thing just started. Pomona 4"x2.5"x1.5" cast box with a couple 160-104 capacitors, BNC connectors, a miniature 50K bourns pot., 6 capacitors mounted to gold plated terminals with a very pretty gold flashed internal shield structure. Nothing is soldered -- this was just started. $10

Antenna Noise bridge? -- Pot & Cap plus 4 transistor circuit mounted in a 5" x 4" x 2" enclosure. BNC connectors marked ANT & RX. Pwr SW. & Led Powered by a single 9 volt battery. - $10

Two Meter to 24-28 MHz converter (I think!) -- 5" x 4" x 1.75" -- $10

A VHF thing -- Two trombone lines adjustable between 4-6" with a transistor connected between them plus a Phasotron 50 ua 2" round meter on a BNC cable with a small loop w/a diode. -- $10

NTSC Frequency reference -- I think this was a QST project in the early 1980's. PCB in 4"x5"x8" metal case (top missing) w/feet, AC line powered. -- $15

All of the above plus shipping, if necessary, naturally.

I'm looking for a tone board for a Kenwood TH-21AT. Does anyone have one or
know what direction I might look?

Richard, n3fif

I plan to bring the following Collins Equipment to Arlington HamCom next week end. I will be located at E9-10.

1) 75S3B late serial number (85XXX), with t-9, round emblem. Nice condition with someone's SS# engraved on the back. Also has extra RCA plug installed on rear, but nicely done. No extra filters.

2) 75S2 wide brow, nice condition, recently aliened by Bud Whitney.

3) 75A4 good condition, with 4to1 driven, extra NOS 1500 filter, sold separately or with unit.

4) 516F2 power supply, no cabinet, recently solid stated by Bud Whitney. Very nice condition.

I may bring a KWM 380 and a nice KWM-2 also. The 380 was purchased from Wayne Spring a couple of years ago, but not used. The KWM-2a was recently repaired and aliened by Bud Whitney.

If you have an interest, you can contact me there or call 281-291-9226

Wanted Knobs for my HT46 Restoration Project

These are the small knobs for Mic Gain, Drive and Final. They're all the same and are also the same as the small knobs used on the SX146. I have the pair 46/146 and want to restore.

Let me know if you can help.

Wanted Knobs for my HT46 Restoration Project

These are the small knobs for Mic Gain, Drive and Final. They're all the same and are also the same as the small knobs used on the SX146/SR42/SR46.
I have the pair HT46/SX146 and want to restore.

I'll also consider a parts radio HT46 that has the knobs.

Let me know if you can help.

FOR SALE:
1991 Buick Roadmaster Estate STATION WAGON. White w/woodgrain. Moonroof. All power. Leather interior (Tan). Every option available. Climate control, power/heated mirrors. In excellent condition. High end stereo speakers installed (4 top of the line Pioneer 6"X9") and a big Bazooka sub woofer. All radios and accessories installed on independent fused 12 volt wire directly to the battery terminal. NEW 5.0 Liter V8, EFI, 4 spd Auto Transm, 2 way tailgate, tinted windows, Roof rack, Mechanical temp gauge, 6 alloy wheels, new tires: 4 self sealing and 2 snows all mounted on factory alloy wheels. (Cost $800) Remote locks/alarm system with motion detector. Have

brochure and service manual.

New motor from GM just installed. Not rebuilt, NEW from the GM Goodwrench factory. Has 300 miles on it.

6 monoband and one triple band antennae installed. Every antennae has RG-8 Mini cable (heavy low loss, not that thin RG-58).

Asking $5500.

OPTION: I will sell this car with the 2 Kenwood triple band radios installed for $2000 extra. The 2 heads are mounted on the dash, wires for chassis's go to passenger seat behind driver. 2 meter VHF, 6 meters, 440 mhz UHF, 220 mhz, 10 meter FM, and 1.2 gighz. (100/200 memory channels each band, pl installed in both, both opened for tx/rx everywhere, hidden 900 mhz receive capable.)
TM942A Have all original manuals and mod's list. Remote Kenwood speakers included.
I will only sell the radios to a licensed Amateur Radio Operator (HAM).

I will have the car for sale at the upcoming LIMARC hamfair in Bethpage 6/9/02.
Or call or email me. Selling because I bought an Audi Quatro.
Car is located in Middle Island.
Can email photo's of car.
Please respond to my email or phone# below: (Do not hit "reply", do not post to the usenet newsgroup, I don't read it at all, ever.

Please if you have questions or want to make a trade contact me off
list at my e-mail address. gundoc@i... Some of these
lists are not swap lists and only tolerate my post because it is only
once a week. To the group owners thank you for letting me continue

 to post to the group.
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost
perfect. The only flaw is the grip tape under the PTT button is

peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00

GE MPA VHF Scan 157 - 174 split. 192 channels. Nice radio 8.5 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $225.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $85.00

GE MPD scan VHF 150.8 174. 48 channel alphanumeric display. These look good and come with a battery and standard charger. 125.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. With battery and standard charger. $135.00

GE PCS VHF 2 channel. Like new 9.5-10 condition. 150 -170 MHz. With battery, antenna, leather case, and pocket charger. $100.00 each. 2 available.

GE PLS VHF 16 channel. These average an 8 - 8.5 condition. 150 -170 but I have programmed these in the ham band with no trouble. These have battery, antenna, and standard charger. $90.00 each
I have 7 of these.

GE PLS UHF 16 Channel. 8 to 8.5 also. 450 - 470 split but I can program these to the ham band. With battery, Antenna, and Charger.

$90.00 each. Have 3 of these.

GE MPS VHF Like new 12 channel. With new battery, new antenna, and a standard charger. $70.00

GE MPS VHF 12 channel. 8.5 condition. New antennas and NOS batteries

Standard charger. $65.00 each have 2.

GE MPS UHF 48 channel. 8 = 8.5 condition, These have NOS batteries

And have 4 banks of 12 channels. These can go to the ham band. I have been

Using one of these on my ham repeater and it works great. $75.00 each

I have 8 of these.

GE UHF MPS 8 channel with 8 different tones. 8 different tones can be

Selected for each different channel. Battery and antenna. $65.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies.

Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. With Mic, Has all 8 proms. $100.00

GE MVS VHF 128 channel scan. 136.-153. Split but I have programmed these as 150. - 174 split and they work fine. This radio has 8 modes of 16 channels. Includes Mic but no power cord or bracket. $175.00

GE MVS 800 conventional 2 channel. With mic tested OK $75.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE Mastr exec II VHF 75-watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

.GE S550 head 16 channel looks good but not tested. $35.00

GE S700 head and complete Motorcycle cable set for Delta or Ranger. 16 channel model has short cable and some handle bar mounts. Mic included but no speaker. Not tested yet since I just got it in. $50.00

GE Mobile Vehicle Adapter for MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS, and Ranger. Printer is working Has manual for the programmer and the computer. Has Phoenix cable and Voice guard cable. All in the original GE case tested and working. $850.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mastr Exec II VHF receive section. $20.00

Mastr Exec II VHF Exciter. $18.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

GE delta Cables that have been cut to 2 foot long. Radio end with

power cables $5.00 each only have a few of these

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

Power plugs for S500, S550, C500 etc heads. Good pulls $5.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger. With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharge analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III VHF 146-174 split. 120 channel Alpha-Numeric display with secure - net module. (no out of country sales) des I think. I have been using this all week and talking on the ham band to test this radio. Battery has lasted all week during drive time so it seems good. With rapid charger and big battery. $475.00 or trade for a VHF MRK II

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $200.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches and only 1 small patch of the paint is peeled off of the back of this radio. With manual and wall charger. $165.00

ADI AT 201. 2 meter portable nice like new and in the box with the manual. Has 5 watt battery and wall charger. $90.00

Yaesu ft 2400 2 meter mobile. Has Mounting Bracket and manual. Nice 2 meter Radio. $125.00

Radio Shack HTX 212 2 meter Mobile. 30 memories, Scan. Works great.

This was in my van before I added another MVS so I know it works.

$100.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex frequencies. 2 radios and 1 charger $185.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Uniden SMS 825 TS, 800 MHz Dash mount radio. $55.00

Voter from IMTS phone system. 2 rec. and 2 TX cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.

MOTOROLA X9000 VHF 50 watts, alphanumeric head, Siren complete. $425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe Re-cased looks new. 16 channel scan with charger. $425.00

 I have a Icom 4SAT UHF Mini HT with original rubber duck, has small cut in antenna near BNC. And also comes with BP90 Alkaline battery pack. No bottom cap or manual.
I recently purchased this unit and it works well, but unfortunately it doesn't cover any of the
Amateur frequencies at this point. It was sent back to Icom and completely retuned for the business bands.
It currently operates from 450-470mhz. $135.00 shipped cont. US.
If your interested please email direct.
thnx

hi!

am seeking a dc fan. 12 inches in diameter.
slim design - 4 inches or less thickness.
2300 or so rpm's.
should have plastic or metal 'cage' or covering. switch and wiring.

would anyone have a fan like this they are not using?

would anyone know a specific company that sells them?

thanks

louis

I have an Alpha 78 linear for sale. It's in excellent condition, with
manual. This is for pick up only (North Charleston, SC), unless you're
willing to pay the shipping.

Please respond directly to:

for sale or trade:

1 Motorola Saber III vhf, perfect condition (9,5+/10), with battery,
antenna, and motorola speaker/mic, charger, rx/tx perfect, I have no idea
what type of rss it uses (I have no rss or RIB)

1 Motorola Saber III uhf, says "Submersible" on the top, I think its a wide
band uhf but it has a red dot antenna (run fine on 440Mhz + though). with
battery, stubby antenna.. rx/tx perfect, I have no idea what type of rss it
uses (I have no rss or RIB)

1 Motorola GP 300 uhf (low band I think), good condition (8/10), programmed
with 15 channels at the moment, with battery, antenna and motorola
speaker/mic. rx/tx perfect, I have no idea what type of rss it uses (I have
no rss or RIB)

Make a bid on the above... OR IF ANYONE HAS A MTS2000 VHF, MT2000 VHF OR
SIMILAR RADIO, A TRADE COULD BE ARRANGED..

best regards

***** Power Supplies, Inverter, UPS *****

Open (L-shaped) frame linear power supplies 6" x 3" x 2" with attached 2 wire polarized line cord, 120V 60 Hz AC input; internal 1A line fuse. There is a relay that switches the 3 voltage outputs. They have a six-pin SIL output connector and come with a matching cable to pigtails. The wires are: GND, +5V switched, -5V switched, relay (gnd to operate), +12 switched, and +12 constant (for the relay). Just guessing from the 780X series regulators, I would think that the +12 and +5 outputs are good for about an amp. and the -5, which regulator is unheatsinked, perhaps a couple hundred mA.
$12 ea. (5 units available)

Lambda LM B0-60 -- 0-60V, .45A Linear Power supply with remote sense terminals, screwdriver voltage adjust, 5"x3"x7" -- used $25

Power General
    Model 1035-2 -- 12V, 3A, Switching Power supply, uncased PCB 5"x3"x2" -- NOS $15

    Model 3050-1 -- 5V@6A , 12V@1A & -12V@1A, Switching Power supply, uncased PCB 5"x4"x2" -- NOS -- $20 ea (4 available)

    Model 3056-6 -- 5V@6A & 12V@3A, Switching Power supply, uncased PCB 5"x4"x1.5" -- NOS $25

Sierracin 5C12A -- 12V (5 Amp?) Switching Power supply with remote sense terminals -- open frame 5"x8.5" x2" -- used $15 ea (2 available)

NPC Model 12-115. 12VDC - 115 VAC 200W Square Wave inverter. Black case w/ gold anodized front panel measures 7"x7"x5" high. 10 lbs.

shipping wgt. $20

International Instrumentation Model PUP-200.   200W computer style
UPS.
Off white case measures 15"x8"x6" high. Requires 24V worth of lead
acid
batteries, not included. 18 lbs. shipping wgt. $25

All of the above plus shipping, if necessary, naturally.

*** MISCELLANEOUS ***

NOS fan that fits some Japanese radio...marked: 57 10.01 100V
The wires from the motor are about 4' long and are terminated in a 2 pin JST connector.
The impeller has 8 blades and is 7 cm in diameter.
It is mounted to a U shaped metal frame with four mounting holes spaced 5cm by 9cm
$10

Filter Cap Assemblies: Eight CDE 80 uF/450V axial electrolytics mounted to a 5"x8" fiberglass PCB -- these are currently wired sort of series-parallel but, could be reconfigured by cutting & jumping a couple PC traces. $20 ea. (2 available)

Large (uncased) display unit. 256, T-1 3/4, red LED's arranged in a 16 x 16 pattern that is about 5" square. There is a 6" x 6" mother board plus 16 daughter boards holding the LED's. The LED's are driven by latches so any/all of them can be lit. There is a 14 pin DIP interface connector -- pin out provided. $75. May be seen at: http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Display.jpg&.src=ph&.view=t&.hires=t

DPDT Crystal Can relays with 600ohm 28V coils and 2A 28V contacts made by Leach, Datron and other manufacturers. They have small solder hook pins for connection and a pair of ears on the sides to mount the relay. These are old but, as they are hermetically sealed, they should be like new inside! NOS $3 ea (a dozen or so available)

Carter Radio 500K ohm rheostat with 2" diameter skirted knob, calibrated 0-100 over 270 degrees -- $15

ICOM BC-25U wall warts 12V 50mA -- $5ea (2 available)

Motorola TLN6824A Vibrasender -- Freq. 1B, 107.2 Hz $2

Motorola TLN1361A Timeout Timer $3

Beckman model 901 Duodial for a 10 turn potentiometer NIB -- $15

National Type A Velvet Vernier dials-style 2 (marked 0-100 over 180 degrees) 3-3/8" or 4" diameter -- $20 ea

200W (or so -- 10" long) 1.5K ohm 10 tap (every 150 ohms) power resistors -- used good, $10 ea (2 available)

Dale 1.5K, 225 Watt power resistors used -- $5 ea (3 available)

Ohmite 2K, 225 Watt power resistors used w/mounting clips -- $5 ea (10 available)

Ohmite 3K, 225 Watt power resistors used w/mounting clips -- $5 ea (8 available)

Four 37.5K 78W power resistors used w/mounting clips -- $12 all.

Powerstat
      10B 120V 2.25 A variable transformer (variac) used, with dial & knob -- $25
      10B 120V 2.25 A variable transformer (variac) NOS, with dial & knob -- $30

GE 9T91A1 120V 2.5 A variable transformer (variac) used, no dial nor knob -- $25

Microtran T1104 600ohm-600ohm, +7dBm, audio transformers, pc mount, NOS -- $1ea

Triad HS-331 Choke 4Hy 40mA DC 375 Ohms NIB -- $10

UTC CG-131 Interstage Transformer 15K-135K, +28dBm max. used -- $15

10V 10A Filament transformer -- Vertical enclosed style 3.5"x3"x4" hi, used -- $25

Vibrafork 4 channel resonant reed relay. A real relic. NOS! $10

All of the above plus shipping, if necessary, naturally.

***** Roller Coils ******

These two coils are shown at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Rollers.jpg&.s
rc=ph&.view=t&.hires=t

Johnson 229-202 18uH used good, $50

La Pointe L-0201 406-1 (identical to a Johnson 229-201) 10 uH. used
good, $30

***** B&W Air Dux coils *****

These are NOS, 10" lengths, unless noted otherwise Many are in the
photo at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=bwcoils.jpg&.s
rc=ph&.view=t&.hires=t

#2008-31 2.5"dia x 4" long , 8TPI, #14 wire with 2 turn #14 link at
center. NIB $25

#1208T 1.5" dia, 8TPI, #16 wire, slight tarnish $20
#1216T 1.5" dia, 16TPI, #20 wire, somewhat tarnished $20
#1006T 1.25" dia, 6TPI, #14 wire, somewhat tarnished $15

plus a NOS partial length

#1008T 1.25" dia, 8 TPI, #16 wire, 8" long -- $12

--- some other partial lengths

#2408T 3" dia, 8 TPI, #14 wire, 6" long shiny -- $20
#2408T 3" dia, 8 TPI, #14 wire, 4" long shiny -- $15
#2410T 3" dia, 10 TPI, #14 wire, 2.5" slightly tarnished -- $10

--- some Miniductors

#3030 2.5"" dia, 8 TPI, #14 wire, 4" tarnished -- $10
#3031 2.5"" dia, 10 TPI, #16 wire, 3" long somewhat tarnished -- $10
#3031 2.5"" dia, 10 TPI, #16 wire, 1.75" long somewhat tarnished --
$5

---a couple of Illumintronic Engineering parts

375 7367-P1 -- 1.5" dia.x 5.75" winding w/ indented turns, 14 TPI, #17, 7" overall
   including plastic center support, un-used somewhat tarnished $25

980-0121-000 -- 2.5" dia. x 7.5" winding w/ indented turns, 8 TPI, #14, 9.5" overall
   including plastic center support, used somewhat tarnished but, no turns soldered $30

--- some other coils:

6.5 turns, 2" diameter 2" long silver plated .185" diameter copper tubing -- currently tarnished but, should clean up nice -- $15

6 turns, 2.5" diameter 2" long silver plated .25" diameter copper tubing -- lightly tarished. Ends are flatteded to one inch long tabs with a hole for say a #10 screw. There is a crack in the tubing near one termination which may be easily repaired with silver solder. -- $20

--- A couple large old RF chokes, may be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=rfc.jpg&.src=ph&.view=t&.hires=t

  #22 enameled wire space wound 24 TPI for 2.75 on a 1" diameter grooved fiberglass form 5" overall -- $5

  ART-13 choke? -- #27 (green enameled) wire wound 40 TPI for 4.3" on a 3/4" diameter ceramic form which steps to a 1.3" diameter base tapped for two 6-32 screws, 5.5" long
overall. Looks like winding has been cleanly spliced, twice -- $7

All of the above plus shipping, if necessary, naturally.

Harris Alpha 2000 UHF or VHF Synth Duplx Transceivers/PARTS/Boards

All board assemblies also available, working or repairable as is.
Working assemblies are $25.00 to $50.00 ea., Shipping included in
price.
Repairable as is boards are $10.00 to $20.00 ea, Shipping included in
price
Schematics/prints/pts list for each board assembly..
Buy individual boards or a complete UNIT of all the boards (11
working) plus chassis. Great Savings over single boards $

Inquiries Welcome

COMPLETE UNITS ARE:
Alpha 2000 (originally IMTS mobile telephones by Harris R.F.Comm)
Needs an addition of a external Controller , Antennas(2) or duplexer
(1ant) for full repeater operation
UHF freq. Range 405 to 512 mhz
VHF freq. Range 130 to 174 mhz
Separate Rx and Tx ports connectors
Full duplex FM
Separate Rx,Tx phased locked VCOs
Freq. Tol. 5ppm or 2ppm
Receiver sensitivity .25 to .5 uv for 12 db sinad
UHF rf power output 30 to 45 watts (w/o duplexer)(Duplexer not
supplied)
VHF rf power output 50 to 70 watts (w/o duplexer)(Duplexer not
supplied)
Requires 13.8 vDC at 15amps max VHF , 8 amps max UHF
Upgraded with ULIB board (universal logic interface board)
ULIB is capable of 128 chan. binary selection by internal dip switch
or externally with bcd lines or 16 chan selection by 16 lines, plus Rx
Tx audio interfacing, COR line, PTT line and TCS adaptable.

Weight of unit is 24 lbs plus cables and manuals equals total of
approx 32 lbs shipping.

Each radio includes: Shipping included
     All schematics/prints of each board assembly and main
interconnections, power cable, connector/pins for control cable, and
10 channels programmd (your choice)

Please if you have questions or want to make a trade contact me off list at
my e-mail address.
gundoc@iglou.com Some of these lists are not swap lists and only tolerate my
post because it is only once a week. To the group owners thank you for
letting me continue to post to the group. I have had requests to put spaces
between the radios on the list so I am going to try this on this list. Let
me
know what you think.
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost
perfect. The only flaw is the grip tape under the PTT button is peeling at
the edges. Otherwise perfect. The next feature is, The radio is Key pad
programmable. 16 channel scan and front face programmable. Has a like new
battery and a good rapid charger. Also a belt clip. $500.00

GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and
standard charger. I have it programmed down to 154 MHz with no trouble but
will go no lower. $200.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little

paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD UHF select model 440-460. 48 channel alpha-Numeric display. programmed on the 440 ham band and works on the local repeaters and GMRS. With Battery and standard charger. Nice 8 - 8.5 radio. $100.00 Also have 1 in about a 7 condition $90.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $90.00

GE MPD Scan UHF 440- 460. 48 channel Alpha-Numeric display. Also programmed on the hamband for testing. Works on the local repeaters and GMRS. with battery and standard charger. $125.00

GE MPD scan VHF 150.8 174. 48 channel Alpha-Numeric display. These look good and come with a battery and standard charger. 135.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. with battery and standard charger. $140.00

GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and it works the local repeaters. with battery and charger. $95.00

GE PCS VHF 2 channel 150 -174 split. Like new condition with battery, pocket charger, and leather case. $100.00 each (5 available)

GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00

GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $225.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies. Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. No accessories. Has all 8 proms. $100.00

GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00

GE Mastr exec II VHF 75 watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

.GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker, and S550 control head. This is a great public safety mobile or can be tuned to the 2 meter ham band. $175.00

GE S990 head. Looks new but I have not had time to test this yet. $75.00

GE S550 head 16 channel looks good but not tested. $35.00

GE Mobile Vehicle Adapter For MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL public safety mic. $35.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal Rapid charger. $35.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharger analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III VHF 146-174 split. 120 channel Alpha-Numeric display with secure - net module. (no out of country sales) des I think. I have been using this all week and talking on the ham band to test this radio. Battery has lasted all week during drive time so it seems good. With rapid charger and big battery. $500.00 or trade for a VHF MRK II

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $205.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches and only 1 small patch of the paint is peeled off of the back of this radio. With manual and wall charger. $170.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger
but I will split up the pair if someone wants 1 radio only. 6 channels programmed
for 10 meter ham band on 2 repeater pair and 4 simplex frequencies.
2 radios and 1 charger $195.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger I had to re-list due to a deadbeat buyer. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola Adapter for MX radios for the 1801 suitcase programmer. A and B prom. $175.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Uniden SMS 825 ts, 800 MHz Dash mount radio. $75.00

Voter from IMTS phone system. 2 rec and 2 tx cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Antenna Specialists on glass 440 antenna. New old stock. $22.00

Antenna Specialists on glass 220 antenna. New old stock. $22.00

Consignment section

This area is for a few friends who like those other radios you know

"Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00

Motorola Maratrac VHF 100 watt 16 channel head, Never mounted in a vehicle.$375.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 Intrinsically safe, Re-cased looks new. 16 channel scan with charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head.$225.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables, proms, anything you have extra. MPA or MPD portables what do you have and what do you want for them?
Johnson scorpion program cable. PSX200 UHF mobiles.

Terms
All prices are plus shipping from 40201. All items are used unless noted and only have a no DOA warranty if I say it works. If I say not tested your on your own. If I think it may be bad I will not list it. I take cash, Postal Money Orders, Paypal, and checks but I hold them for up to two weeks to clear before I ship. If you have a question E-mail me.

Please if you have questions or want to make a trade contact me off list at my e-mail address.
gundoc@iglou.com Some of these lists are not swap lists and only tolerate my post because it is only once a week. To the group owners thank you for letting me continue to post to the group. I have had requests to put spaces between the radios on the list so I am going to try this on this list. Let me
know what you think.
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost

perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00

GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $200.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD UHF select model 440-460. 48 channel alpha-Numeric display. programmed on the 440 ham band and works on the local repeaters and GMRS. With Battery and standard charger. Nice 8 - 8.5 radio. $100.00 Also have 1 in about a 7 condition $90.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $90.00

GE MPD Scan UHF 440- 460. 48 channel Alpha-Numeric display. Also programmed on the hamband for testing. Works on the local repeaters and GMRS. with battery and standard charger. $125.00

GE MPD scan VHF 150.8 174. 48 channel Alpha-Numeric display. These look good and come with a battery and standard charger. 135.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. with battery and standard charger. $140.00

GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and it works the local repeaters. with battery and charger. $95.00

GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00

GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $225.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies. Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. No accessories. Has all 8 proms. $100.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240
450. - 470 Looks good. $125.00

GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00

GE Mastr exec II VHF 75 watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

.GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker, and S550 control head. This is a great public safety mobile or can be tuned to the 2 meter ham band. $175.00

GE S990 head. Looks new but I have not had time to test this yet. $75.00

GE S550 head 16 channel looks good but not tested. $35.00

GE Mobile Vehicle Adapter For MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS,
and Ranger. Printer is not working but I tried and it programs radios without the printer.
Has manual for the programmer and the computer. Has Phoenix cable and Voice guard cable. All in the original GE case tested and working. (except printer) $850.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL public safety mic. $35.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal Rapid charger. $35.00 each SOLD OUT

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharger analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III VHF 146-174 split. 120 channel Alpha-Numeric display with secure - net module. (no out of country sales) des I think. I have been using this all week and talking on the ham band to test this radio. Battery has lasted all week during drive time so it seems good. With rapid charger and big battery. $500.00 or trade for a VHF MRK II

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket.

Has tone squelch board installed. $205.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches and only 1 small patch of the paint is peeled off of the back of this radio. With manual and wall charger. $170.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels
programmed
for 10 meter ham band on 2 repeater pair and 4 simplex frequencies.
2 radios and 1 charger $195.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger I had to re-list due to a deadbeat buyer. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola Adapter for MX radios for the 1801 suitcase programmer. A and B prom. $175.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Uniden SMS 825 ts, 800 MHz Dash mount radio. $75.00

Voter from IMTS phone system. 2 rec and 2 tx cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know

"Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe, Re-cased looks new. 16 channel scan with
charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head.$225.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables, proms, anything you have extra. MPA or MPD portables what do you have and what do you want for them?
Johnson scorpion program cable. PSX200 UHF mobiles.

Terms

I just posted an auction on Ebay for a used Yaesu FT-8500 dual band
mobile. It includes the "potato" mic and the user and service manuals.
If you're interested, take a look here:

I am going to Dayton on the 18th. I am going on a bus with the radio club. I can bring small items with me. Also I would like to raise some cash before Dayton so make an offer on anything on the list.

Please if you have questions or want to make a trade contact me off list at my e-mail address.
gundoc@iglou.com Some of these lists are not swap lists and only tolerate my post because it is only once a week. To the group owners thank you for letting me continue to post to the group.
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00

GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $200.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD UHF select model 440-460. 48 channel alpha-Numeric display. programmed on the 440 ham band and works on the local repeaters and GMRS. With Battery and standard charger. Nice 8 - 8.5 radio. $100.00
Also have 1 in about a 7 condition $90.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $90.00

GE MPD Scan UHF 440- 460. 48 channel Alpha-Numeric display. Also programmed on the hamband for testing. Works on the local repeaters and GMRS. with battery and standard charger. $125.00

GE MPD scan VHF 150.8 174. 48 channel Alpha-Numeric display. These look good and come with a battery and standard charger. 125.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. with battery and standard charger. $135.00

GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and it works the local repeaters. with battery and charger. $90.00

GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00

GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Monogram VHF 10 channel portable. 157-179 split. ex CSX radio. I sold this radio a year ago but have taken it on trade. Condition 8 with belt clip and charger. I had this radio run for stolen from CSX by a local CSX Special Agent when I first bought these in a lot and was told that it had been sold at salvage. Perfect for a RR Museum or shortline on a budget. This could also be programmed for marine frequencies. Like new tall Battery. $100.00

GE Mobiles

GE Phoenix SX VHF 128 channel scan. No accessories. Has all 8 proms. $100.00

GE MLS UHF 8 channel. With Mic, power cord and hang up box. MLSU240 450. - 470 Looks good. $125.00

GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00

GE Mastr exec II VHF 75 watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

.GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker, and S550 control head. This is a great public safety mobile or can be tuned to the 2 meter ham band. $175.00

GE S990 head. Looks new but I have not had time to test this yet. $75.00

GE S550 head 16 channel looks good but not tested. $35.00

GE Mobile Vehicle Adapter For MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS, and Ranger. Printer is not working but I tried and it programs radios without the printer. Has manual for the programmer and the computer.
Has Phoenix cable and Voice guard cable. All in the original GE case tested and
working. (except printer) $850.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each.

GE Delta cables. These are the downloading type used with the S820 heads. And all other heads $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL public safety mic. $35.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal charger.With wall transformer $20.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharger analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III VHF 146-174 split. 120 channel Alpha-Numeric display with secure - net module. (no out of country sales) des I think. I have been using this all week and talking on the ham band to test this radio. Battery has lasted all week during drive time so it seems good. With rapid charger and big battery. $500.00 or trade for a VHF MRK II

Motorola P-200 VHF 136. - 150.8 with rapid charger and new battery. Programmed
on ham band for testing and works great. 6 channel radio. $120.00 I am re-listing this a
second time because people have told me they would send money and didn't.

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $205.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches and only 1 small patch of the paint is peeled off of the back of this radio. With manual and wall charger. $170.00

Maxon 5050a Low band portable pair. Like new condition with 1 battery charger but I will split up the pair if someone wants 1 radio only. 6 channels programmed for 10 meter ham band on 2 repeater pair and 4 simplex frequencies. 2 radios and 1 charger $195.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger I had to re-list due to a deadbeat buyer. $150.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola Adapter for MX radios for the 1801 suitcase programmer. A and B prom. $175.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Uniden SMS 825 ts, 800 MHz Dash mount radio. $75.00

Voter from IMTS phone system. 2 rec and 2 tx cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Consignment section

This area is for a few friends who like those other radios you know

"Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 UHF Intrinsically safe, Re-cased looks new. 16 channel scan with
charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head.$225.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables, proms, anything you have extra. MPA or MPD portables what do you have and what do you want for them?
Johnson scorpion program cable.

Terms
All prices are plus shipping from 40201. All items are used unless noted and only have a no DOA warranty if I say it works. If I say not tested your on your own. If I think it may be bad I will not list it. I take cash, Postal Money Orders, Paypal, and checks but I hold them for up to two weeks to

clear before I ship. If you have a question E-mail me.

Still nothing on Yaesu's website. I get the feeling the radio's a
hoax. A few doctored up pictures.. why wouldn't Yaesu have information
on it on their website? Who's ever heard of a modern HT with 6m AM?
And .3 watts for 220mhz? Has anyone at Yaesu admited that this radio
is in production or will be?

If the rig was a hoax then I doubt Yaesu would go to all the trouble of
getting FCC acceptance. Look here:

I am thinking about getting into SSB. I would like to know if anyone out
there has good used radios for sale, perhaps someone has moved up and has
their old stuff in the garage.......

The "hoax" should be in the stores really soon. If it's worth anything,
that will be a different story..

Hi All,

I have an Icom 207H (with detachable face) and the faceplate was stolen. I ended up buying a new 207H and I'm swapping the one faceplate between 2 cars. This is now getting old.

I'm looking to sell the base portion (with mike) or buy a used faceplate. A new faceplate costs almost as much as a new radio.

So, if you are in the same boat or know where I can get my hands on a faceplate, please let me know.

Please be sure to remove the 'DIESPAMMERS' before responding or send mail to me at my call sign at: ARRL.NET.

Thanks.

David

You should go and look the Vertex Standard Japan website. It takes a
while always that the product information is updated to the US / UK
Yaesu website.

http://www.standard-comm.co.jp/Products/amateur/vu_handie.html#

I don't understand japan but there it is. The newest products are
usually published at the Japan website, as they are a japanese
company...

I have two Motorolla desk sets. They are wired remote sets for a
motorolla base station. Wire them up and have the ability to monitor and
transmit from where your radio is not!

They worked when pulled from service (by me) five or six years ago. Sat
in a box, waiting for a project that I never got to. They are in fair to
good physical condition.

http://www.eskimo.com/~ghopper/mphone1.jpg

I'll take $15 each or $25 for the pair plus shipping.

Questions? email ghopper@eskimo.comm

Yaesu hardly ever updates their website here in the US. Real
disappointment. They have had notes on their website promissing things to
come for over two years. Last update was the FT-817 over 20 months ago.

Please if you have questions or want to make a trade contact me off list at my e-mail address.
gundoc@iglou.com Some of these lists are not swap lists and only tolerate my post because it is only once a week. To the group owners thank you for letting me continue to post to the group
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00
GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $200.00
GE MPA UHF Scan. 440 -470 split. This radio is a little shiny on the edges but not
bad overall. About an 8. 192 channel Alpha-Numeric display. With battery and charger.
I have this on the ham band and works great, I have been using this one all week to talk on. $225.00
GE MPD UHF select model 440-460. 48 channel alpha-Numeric display. programmed on the 440 ham band and works on the local repeaters and GMRS. With Battery and standard charger. Nice 8 - 8.5 radio. $100.00 Also have 1 in about a 7 condition $90.00
GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $90.00
GE MPD Scan UHF 440- 460. 48 channel Alpha-Numeric display. Also programmed on the hamband for testing. Works on the local repeaters and GMRS. with battery and standard charger. $125.00

GE MPD scan VHF 150.8 174. 48 channel Alpha-Numeric display. These look good and come with a battery and standard charger. 135.00 each.
MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. with battery and standard charger. $140.00
GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and it works the local repeaters. with battery and charger. $95.00
GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00
GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00
GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $225.00 all 3 radios.

GE Mobiles

GE Phoenix SX VHF 16 channel with dual priority scan. Grey case with mic, speaker, and power cord. Tested working. $75.00 each. I have 2 complete.
GE Phoenix SX VHF 128 channel scan. No accessories. Has all 8 proms. $100.00
GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00
GE Mastr exec II VHF 75 watt mobile complete with accessories. $60.00 each
GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each
GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00
.GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker, and S550 control head. This is a great public safety mobile or can be tuned to
the 2 meter ham band. $175.00
GE S990 head. Looks new but I have not had time to test this yet. $75.00
GE S550 head 16 channel looks good but not tested. $35.00
GE Mobile Vehicle Adapter For MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker,
and power cable. $100.00

GE Accessories

Mastr II control cable. $8.00 each
Mastr II head for mobile repeater operation. $5.00
Mastr II Mic. $5.00
Mastr II 8 channel tone boards. $5.00
Mobile Repeater cable for Mastr II. $10.00
Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.
GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.
GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each. I have 2 sets of EC/5C UHF icoms left and I bought 7 sets of 2C UHF Icoms = $30.00 per set. I have 5 sets of these left now.
GE Delta cables. These are the downloading type used with the S820 heads. $40.00 each
Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00
GE S-550 / 500 and others mounting brackets. $5.00 each
GE MPA, MPD, MTL public safety mic. $35.00 each
GE MPA, MPD, MTL standard Speaker mic. $25.00
GE PCS Universal Rapid charger. $35.00 each
GE MPA standard chargers. $20.00 each
GE MPA Rapid chargers. $30.00 each
GE MPI desk charger with wall transformer. $10.00
GE MPI Rack charger, 8 position. 25.00
GE MPI Mobile battery charger, Rare. $20.00
GE Battery discharger analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00
GE shoulder strap like new, attaches where belt clip is. $15.00
GE Belt clips. $10.00 each
GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00
GE Duplexer part number 19C-307166-P1. Model DB-4075. This is the standard MastrII
Duplexer found in the MastrII cabinets. With the harness. $125.00

Other Radios and Accessories

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $225.00
Icom 24AT Dual band ham radio. Has wall charger and manual. Very nice radio, And
will get the whole 800 band. $175.00
Yaesu FT50R Nice like new radio. In the box with 5 watt battery. All Items in plastic
bags in the box with the warranty card. Dual band ham radio. 110 channels and I think this radio is old enough to get all 800. $195.00
Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00
Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00
Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger I had to re-list due to a deadbeat buyer. $150.00
Motorola P200 VHF 136. - 150.8 high power. New battery and charger. 2 channel but can be made into a 6 channel easily. This would be a great ham radio. $115.00
Motorola Mitrek VHF high 110 watt drawer only. $50.00
Motorola Adapter for MX radios for the 1801 suitcase programmer. A and B prom. $175.00
Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all
Motorola UHF Convert-a-com Amp. 5 in 40 watts out. $45.00
EF Johnson 242-8600, 800 MHz LTR I have 4 of these. $25.00 each
EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head.$225.00
Kenwood TK 940, 800 MHz dash mount radio. $100.00
Uniden SMS 825 ts, 800 MHz Dash mount radio. $75.00

MRC 100 Repeater controller in rack mount. $100.00
Voter from IMTS phone system. 2 rec and 2 tx cards. $40.00
Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00
Antenna Specialists on glass 440 antenna. New old stock. $22.00
Antenna Specialists on glass 220 antenna. New old stock. $22.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.
Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00
Motorola Maratrac VHF 100 watt 16 channel head, Never mounted in a vehicle.$375.00
Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each
Motorola HT1000 Intrinsically safe, Re-cased looks new. 16 channel scan with charger. $425.00
Motorola P200 UHF high power. 6 channel. $150.00
Motorola MT1000 UHF 16 channel scan. $250.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables, proms, anything you have extra. MPA or MPD portables what do you have and what do you want for them?
Johnson scorpion program cable. PSX200 UHF mobiles.

Selling a 3 month old Icom 746 for $850. Perfect and comes with everything
that it originally came with (mic, paperwork, etc.). Also will throw in a
nearly new power supply Astron RS35-A for a package price of $950 plus
shipping. Can send pictures if interested.

Hello, everyone

I am in need of a used 2-meter radio mobile, I do not need a new model I am looking for older model because I do not need memories, or fancy stuff, this is to setup an iLink locally and can only spend up to $30.00 or less for it. So if you know someone in the Dade, Broward or Palm Beach Counties in Florida... please email me right away, I pick it up tomorow...

Spring is here. This means we will be trucking, RVn, or driving to
hamfests, ham conventions and field day. Be ready with a sharp looking Ham
Call Plate on the front or a window sign across the back. Inexpensive and,
as always, satisfaction guaranteed.

Makes a great gift, too. Order on our web site: www.ParisMtnSignCo.com.

Al

Please if you have questions or want to make a trade contact me off list at
my e-mail address.
gundoc@iglou.com Some of these lists are not swap lists and only tolerate my

post because it is only once a week. To the group owners thank you for letting me continue to post to the group. I have had requests to put spaces between
the radios on the list so I am going to try this on this list. Let me know what you think.
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00

GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $200.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD UHF select model 440-460. 48 channel alpha-Numeric display. programmed on the 440 ham band and works on the local repeaters and GMRS. With Battery and standard charger. Nice 8 - 8.5 radio. $100.00 Also have 1 in about a 7 condition $90.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $90.00

GE MPD Scan UHF 440- 460. 48 channel Alpha-Numeric display. Also programmed on the hamband for testing. Works on the local repeaters and GMRS. with battery and standard charger. $125.00

GE MPD scan VHF 150.8 174. 48 channel Alpha-Numeric display. These look good and come with a battery and standard charger. 135.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. with battery and standard charger. $140.00

GE PCS EDACS 800 MHZ Scan. This radio looks good and is an 8 condition. Has a good battery and charger. This will do conventional or EDACS. $250.00

GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and it works the local repeaters. with battery and charger. $95.00

GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00

GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $225.00 all 3 radios.

GE Mobiles

GE Phoenix SX VHF 16 channel with dual priority scan. Grey case with mic, speaker, and power cord. Tested working. $75.00 each. I have 2 complete.

GE Phoenix SX VHF 128 channel scan. No accessories. Has all 8 proms. $100.00

GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00

GE Mastr exec II VHF 75 watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

.GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker, and S550 control head. This is a great public safety mobile or can be tuned to the 2 meter ham band. $175.00

GE S990 head. Looks new but I have not had time to test this yet. $75.00

GE S550 head 16 channel looks good but not tested. $35.00

GE Mobile Vehicle Adapter For MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each. I have 2 sets of EC/5C UHF icoms left and I bought 7 sets of 2C UHF Icoms = $30.00 per set. I have 5 sets of these left now.

GE Delta cables. These are the downloading type used with the S820 heads. $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL public safety mic. $35.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal Rapid charger. $35.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharger analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III VHF 146-174 split. 120 channel Alpha-Numeric display with secure - net module. (no out of country sales) des I think. I have been using this all week and talking on the ham band to test this radio. Battery has lasted all week during drive time so it seems good. With rapid charger and big battery. $525.00 or trade for a VHF MRK II

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $225.00

Yaesu FT-50 dual band portable. In the box with all papers. Not new but most people could not tell it from new. 5 Watt battery. $190.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches and only 1 small patch of the paint is peeled off of the back of this radio. With manual and wall charger. $175.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger I had to re-list due to a deadbeat buyer. $150.00

Motorola P200 VHF 136. - 150.8 high power. New battery and charger. 2 channel but can be made into a 6 channel easily. This would be a great ham radio. $115.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola Adapter for MX radios for the 1801 suitcase programmer. A and B prom. $175.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Motorola UHF Convert-a-com Amp. 5 in 40 watts out. $45.00

EF Johnson 242-8600, 800 MHz LTR I have 4 of these. $25.00 each

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head.$225.00

Kenwood TK 940, 800 MHz dash mount radio. $100.00

Uniden SMS 825 ts, 800 MHz Dash mount radio. $75.00

MRC 100 Repeater controller in rack mount. $100.00

Voter from IMTS phone system. 2 rec and 2 tx cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Antenna Specialists on glass 440 antenna. New old stock. $22.00

Antenna Specialists on glass 220 antenna. New old stock. $22.00

Consignment section

This area is for a few friends who like those other radios you know

"Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00

Motorola Maratrac VHF 100 watt 16 channel head, Never mounted in a vehicle.$375.00

Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each

Motorola HT1000 Intrinsically safe, Re-cased looks new. 16 channel scan with charger. $425.00

Motorola P200 UHF high power. 6 channel. $150.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables, proms, anything you have extra. MPA or MPD portables what do you have and what do you want for them?
Johnson scorpion program cable. PSX200 UHF mobiles.

Terms
All prices are plus shipping from 40201. All items are used unless noted and only have a no DOA warranty if I say it works. If I say not tested your on your own. I've been looking to get into packet, but don't really want to spend a
bunch of money. I've heard that the old AEA PK232 was a good choice,
and I found one on ebay (ebay # 1344636968 in case you can help by
looking at it) for $27 that I think looks good.

Anyone have any comments about what I should buy...is the PK-232 all
it's cracked up to be? I don't really need all the modes, just
packet, but I'd like to have the mailbox feature. Are there better,
less expensive boxes?

why dont you save your money and find software that allows you to do
packet with your computer sound card
also i would monitor the packet freqs in your area and see if there is
enough activity to make it worth while

Hello Roy,

$27 is a good price, If it works. The PK-232 (any PK-232) can be upgraded to the latest PK-232/PSK specifications. The PK-232 does NOT contain a mailbox, nor will it run with the latest windows software PK-TERM for Winodws. If it is just a connection to the DX Cluster using any of the dumb terminal interfaces you'll be fine. If you want to use the mailbox and perhaps PACTOR then plan on spending $100 for the MBX upgrade (see <http://www.timewave.com> for details). By the way, $127 is not a bad proce for a used PK-232MBX. A new PK -232/PSK sells now for $499 and used for $175 or so.

I am selling the following as a group package for $215(USD). US
buyers only... Shipping and handling is FREE to anyone within the
United States.

Yaesu FT-51R, Yaesu MH-12A2B Speaker Microphone, the original 2watt
battery, a 5 watt battery, their respective chargers, the original
rubber ducky antenna and a generic rubber ducky antenna that works
better then the stock antenna.

General description: I am the original owner... Radio is in 100%
operating condition, cosmetically about an 8 out of 10, some
micro-scratches on the LCD, missing the rubber cover of the top dial,
all buttons still have print on them. Already modified for Mars/Caps.
Both batteries still hold a charge and the speaker microphone is
totally operatable.

If interested please email me at xjet02@aol.com.

Jeff

I have for sale a JRC NRD-515 receiver in good
operating and cosmetic condition. It has 6 kHz,
2.4 kHz, 1.8 kHz and 600 cps filters. Also included
is an NVA-88 speaker, original NRD-515 instruction
manual and a very nice photocopy of the NRD-515
service manual.

$900 + shipping from zip 76001.

I have for sale a JRC NRD-515 receiver in good
operating and cosmetic condition. It has 6 kHz,
2.4 kHz, 1.8 kHz and 600 cps filters. Also included
is an NVA-88 speaker, original NRD-515 instruction
manual and a very nice photocopy of the NRD-515
service manual.

$900 + shipping from zip 76001.

Please if you have questions or want to make a trade contact me off list at my e-mail address.
gundoc@iglou.com Some of these lists are not swap lists and only tolerate my post because it is only once a week. To the group owners thank you for letting me continue to post to the group. I have had requests to put spaces between
the radios on the list so I am going to try this on this list. Let me know what you think.
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00

GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $200.00

GE MPA UHF Scan 440 - 470 192 channel scan. Radio works great. A little paint wear on the edges but I have seen worse. With charger and battery. $225.00

GE MPD UHF select model 440-460. 48 channel alpha-Numeric display. programmed on the 440 ham band and works on the local repeaters and GMRS. With Battery and standard charger. Nice 8 - 8.5 radio. $100.00 Also have 1 in about a 7 condition $90.00

GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $90.00

GE MPD Scan UHF 440- 460. 48 channel Alpha-Numeric display. Also programmed on the hamband for testing. Works on the local repeaters and GMRS. with battery and standard charger. $125.00

GE MPD scan VHF 150.8 174. 48 channel Alpha-Numeric display. These look good and come with a battery and standard charger. 135.00 each.

MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. with battery and standard charger. $140.00

GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and it works the local repeaters. with battery and charger. $95.00

GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00

GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00

GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $200.00 all 3 radios.

GE Mobiles
.

GE Phoenix SX VHF 128 channel scan. No accessories. Has all 8 proms. $100.00

GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00

GE Mastr exec II VHF 75 watt mobile complete with accessories. $60.00 each

GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each

GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00

.GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker, and S550 control head. This is a great public safety mobile or can be tuned

to the 2 meter ham band. $175.00

GE S990 head. Looks new but I have not had time to test this yet. $75.00

GE S550 head 16 channel looks good but not tested. $35.00

GE Mobile Vehicle Adapter For MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker, and power cable. $100.00

GE Accessories

GE TQ 2310 suitcase programmer. Has PLS, Phoenix, Delta s/sx, Voice Guard, MPS,
and Ranger. Printer is not working but I tried and it programs radios without the printer.
Has manual for the programmer and the computer. Has Phoenix cable and Voice guard cable. All in the original GE case tested and working. (except printer) $850.00

GE TQ2314 EPROM for Phoenix s/sx. This is the software prom for the suitcase programmer. If you have a suitcase programmer and do not have Phoenix this is for you $50.00

Mastr II control cable. $8.00 each

Mastr II head for mobile repeater operation. $5.00

Mastr II Mic. $5.00

Mastr II 8 channel tone boards. $5.00

Mobile Repeater cable for Mastr II. $10.00

Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.

GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.

GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each. I have 2 sets of EC/5C UHF icoms left

GE Delta cables. These are the downloading type used with the S820 heads. $40.00 each

Delta mounting plates. $10.00 each

Ranger mounting plate. $15.00

GE S-550 / 500 and others mounting brackets. $5.00 each

GE MPA, MPD, MTL public safety mic. $35.00 each

GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal Rapid charger. $35.00 each

GE MPA standard chargers. $20.00 each

GE MPA Rapid chargers. $30.00 each

GE MPI desk charger with wall transformer. $10.00

GE MPI Rack charger, 8 position. 25.00

GE MPI Mobile battery charger, Rare. $20.00

GE Battery discharger analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00

GE shoulder strap like new, attaches where belt clip is. $15.00

GE Belt clips. $10.00 each

GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00

Other Radios and Accessories

Motorola Saber III VHF 146-174 split. 120 channel Alpha-Numeric display with secure - net module. (no out of country sales) des I think. I have been using this all week and talking on the ham band to test this radio. Battery has lasted all week during drive time so it seems good. With rapid charger and big battery. $525.00 or trade for a VHF MRK II

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $225.00

Icom IC 24-at Dual band Portable. In good shape, Display has no scratches and only 1 small patch of the paint is peeled off of the back of this radio. With manual and wall charger. $175.00

Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00

Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00

Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger I had to re-list due to a deadbeat buyer. $150.00

Motorola P200 VHF 136. - 150.8 high power. New battery and charger. 2 channel but can be made into a 6 channel easily. This would be a great ham radio. $115.00

Motorola Mitrek VHF high 110 watt drawer only. $50.00

Motorola Adapter for MX radios for the 1801 suitcase programmer. A and B prom. $175.00

Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all

Motorola UHF Convert-a-com Amp. 5 in 40 watts out. $45.00

EF Johnson 242-8600, 800 MHz LTR I have 4 of these. $25.00 each

EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head.$225.00

Kenwood TK 940, 800 MHz dash mount radio. $100.00

Uniden SMS 825 ts, 800 MHz Dash mount radio. $75.00

Voter from IMTS phone system. 2 rec and 2 tx cards. $40.00

Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00

Antenna Specialists on glass 440 antenna. New old stock. $22.00

Antenna Specialists on glass 220 antenna. New old stock. $22.00

Consignment section

This area is for a few friends who like those other radios you know

"Motorola" They are good people and I will pass along any trades you may wish to make.

Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00

For Sale Eico 717 Keyer

This keyer has been used by me over the years and works well. This is a vacuum tube keyer of about the same vintage as the Hallicrafters TO keyer I think. I now prefer to use my Vibroplex bug most of the time.

The keyer front panel is in good condition. The case is in good condition except that one of the feet is missing. These are stick on feet and probably are not original anyway, I just don't remember. The rubber AC Line cord grommet thru the chassis is not the original. The chassis is dusty but no rust or corrosion.

I have jpgs available if requested.

I want to get $55 plus about $8 for shipping CONUS.

One thing that Google cannot do is search for the radio & TV stations
on the net. I recommend http://www.ultimasurf.com as it is the best
place to surf the net & it is also the most powerful search engine on
the net. I think you will agree after visiting the site.

WTB: Kenwood TH-77A,

If you have a TH-77A that is in 10 of 10 condition,
please either call or e-mail me with a contact phone number.

Required are the serial numbers for the ht and any accessories
that you might want to include.
I only deal with C.O.D.for inspection of equipment.
I also pay the driver with a United State Postal Money orders.
I also require insured shipping.

I have for sale a nice condition Yaesu FT-101ZD. This particular
transceiver is the version with AM mode included.
The cooling fan option is also installed in this rig.
Cosmetically it is in nice shape with one small hairline scratch
next to the clarifier control. Electrically it is in fully
functioning condition with full output 80-10.
$325.00 plus shipping and insurance from zip code 76001

Thanks!

The 2BQ kind of scarce these days... I'm not positive, but I think a
2CQ will also work if looks don't matter. But it doesn't exactly match
the 2B's black paint. I'm pretty sure a friend of mine who once had a
2C, used a 2BQ as the speaker. So I think either one will work. I've
got a 2C and 2CQ. MK

ICOM 706 MKIIG used, radio is almost a year old.
radio is in very good condition cosmeticly. There is a small ding on
the bottom left corner of the front panel. Other wise no very
noticable blemishes
face is very good, no scratches on lcd

manual, mike and power cord included

GE Portables
GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00
GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $200.00
GE MPD UHF select model 440-460. 48 channel alpha-Numeric display. programmed on the 440 ham band and works on the local repeaters and GMRS. With Battery and standard charger. Nice 8 - 8.5 radio. $100.00 Also have 1 in about a
7 condition $95.00
GE MPD Scan UHF 440- 460. 48 channel Alpha-Numeric display. Also programmed on the hamband for testing. Works on the local repeaters and GMRS. with battery and standard charger. $125.00
GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and it works the local repeaters. with battery and charger. $95.00
GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00
GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00
GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $225.00 all 3 radios.

GE Mobiles

GE Phoenix SX VHF 16 channel with dual priority scan. Grey case with mic, speaker, and power cord. Tested working. $75.00 each. I have 2 complete.
GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00
GE Mastr II UHF 75 watt mobile. Painted handle. Drawer only $75.00
GE Mastr exec II VHF 75 watt mobile complete with accessories. $60.00 each
GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each
GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked
Ericsson) $65.00
GE Delta S Low band 42-50 100 watt mobile. Complete with cable, mic, speaker, and s500 head. Will make a great 6 meter ham mobile or base. $125.00. I use one for 6 meter and I have made contacts in Texas and Canada.
GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker, and s550 control head. This is a great public safety mobile or will tune to the 2 meter ham band. $175.00
GE S990 head. Looks new but I have not had time to test this yet. $75.00

GE Accessories
GE TQ2310 Suitcase Programmer. Ready to program Ge Phoenix radios and will program many other radios with different EPROM's for each radio. This one only has the Phoenix EPROM. Printer is working and has the manual. This is a nice unit ready to get you in to programming GE radios. I have replaced the power supply with one from radio shack but it is compatible with the original. $695.00
Mastr II control cable. $8.00 each
Mastr II head for mobile repeater operation. $5.00
Mastr II Mic. $5.00
Mastr II 8 channel tone boards. $5.00
Mobile Repeater cable for Mastr II. $10.00
Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.
GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.
GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each. I have 2 sets of EC/5C UHF icoms left and I bought 7 sets of 2C UHF Icoms = $30.00 per set. I have 5 sets of these left now.
GE Delta cables. These are the downloading type used with the S820 heads. $40.00 each
Delta mounting plates. $10.00 each
Ranger mounting plate. $15.00
GE S-550 / 500 and others mounting brackets. $5.00 each
GE MPA, MPD, MTL public safety mic. $35.00 each
GE PCS Universal Rapid charger. $35.00 each
GE MPA standard chargers. $20.00 each
GE MPA Rapid chargers. $30.00 each
GE MPI desk charger with wall transformer. $10.00
GE MPI Rack charger, 8 position. 25.00
GE MPI Mobile battery charger, Rare. $20.00
GE Battery discharger analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another

rare GE goodie. $45.00
GE shoulder strap like new, attaches where belt clip is. $15.00
GE Belt clips. $10.00 each
GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00
GE Mobile Vehicle Adapter For MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker,
and power cable. $100.00

Other Radios and Accessories
Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00
Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00
Motorola Mitrek VHF high 110 watt drawer only. $50.00
Motorola S1350C watt meter. with 10 watt 500 - 1000 MHz element. $65.00
Motorola Adapter for MX radios for the 1801 suitcase programmer. A and B prom. $175.00
Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all
Motorola UHF Convert-a-com Amp. 5 in 40 watts out. $45.00
EF Johnson 242-8600, 800 MHz LTR I have 4 of these. $25.00 each
EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head.$225.00
Kenwood TK 940, 800 MHz dash mount radio. $100.00
Uniden SMS 825 ts, 800 MHz Dash mount radio. $75.00
Radio Shack Pro 50 20 channel direct entry portable scanner. $25.00
MRC 100 Repeater controller in rack mount. $100.00
Voter from IMTS phone system. 2 rec and 2 tx cards. $40.00
Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00
Antenna Specialists on glass 440 antenna. New old stock. $22.00
Antenna Specialists on glass 220 antenna. New old stock. $22.00

Consignment section
This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.
Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00
Motorola Maratrac VHF 100 watt 16 channel head, Never mounted in a vehicle.$375.00
Motorola single rapid chargers for HT600, MT1000, P200. $25.00 each
Motorola HT1000 Intrinsically safe, Re-cased looks new. 16 channel scan with charger. $425.00
Motorola P200 UHF high power. 6 channel. $150.00
Motorola MT1000 UHF 16 channel scan. $250.00

Want List not FS
Extra parts for suitcase programmers. Data modules, Printers, cables, proms, anything you have extra. MPA or MPD portables what do you have and what do you want for them?
Johnson scorpion program cable. PSX200 UHF mobiles.

Terms
All prices are plus shipping from 40201. All items are used unless noted and only have a no DOA warranty if I say it works. If I say not tested your on your own. If I think it may be bad I will not list it. I take cash, Postal Money Orders, Paypal, and checks but I hold them for up to two weeks to clear before I ship. If you have a question E-mail me.

I would appreciate it very much, if you would help us

in getting the word out about the change in date.

Thanks for your help.

Greetings:

I am looking for a xtal calibrator plug-in unit for a Drake 2B receiver.
Also need the Speaker/Q Multiplier unit that goes with a Drake 2B. Please
email if you have either of these items.

Thanks for reading...

I just located in the bowels of my warehouse a box of about 50 like
new
Tuning Knobs for AN/ARC-5, ARA & SCR-274N Command Receivers.

These are the original WW-2 issue made of aluminum with a crank handle
and a spline shaft to fit the Command receiver
. They are are marked P/N 6743 .I am offering these at $20.00 each or

three for
$50.00 including Priority Mail postage .
For those that want to order I ask that you send a money order payable
to Paul
Keys for an immediate shipment.
If any one has questions or want to see a photo please contact me
directly notvia this medium.

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00
GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $200.00
GE MPD UHF select model 440-460. 48 channel alpha-Numeric display. programmed on the 440 ham band and works on the local repeaters and GMRS. With Battery and standard charger. Nice 8 - 8.5 radio. $100.00 Also have 1 in about a
7 condition $90.00
GE MPD Scan UHF 440- 460. 48 channel Alpha-Numeric display. Also programmed on the hamband for testing. Works on the local repeaters and GMRS. with battery and standard charger. $125.00
GE MPD scan VHF 150.8 174. 48 channel Alpha-Numeric display. These look good and come with a battery and standard charger. 135.00 each. I have several of these.
GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and it works the local repeaters. with battery and charger. $95.00
GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00
GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00
GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $225.00 all 3 radios.

GE Mobiles
GE Phoenix SX VHF 16 channel with dual priority scan. Grey case with mic, speaker, and power cord. Tested working. $75.00 each. I have 2 complete.
GE Phoenix SX VHF 128 channel scan. No accessories. Has all 8 proms. $100.00
GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00
GE Mastr II UHF 75 watt mobile. Painted handle. Drawer only $75.00
GE Mastr exec II VHF 75 watt mobile complete with accessories. $60.00 each
GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each
GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked
Ericsson) $65.00
GE Delta S Low band 42-50 100 watt mobile. Complete with cable, mic, speaker, and s500 head. Will make a great 6 meter ham mobile or base. $125.00. I use one for 6 meter and I have made contacts in Texas and Canada.
GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker, and s550 control head. This is a great public safety mobile or will tune to the 2 meter ham band. $175.00
GE S990 head. Looks new but I have not had time to test this yet. $75.00
GE Mobile Vehicle Adapter For MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker,
and power cable. $100.00

GE Accessories

Mastr II control cable. $8.00 each
Mastr II head for mobile repeater operation. $5.00
Mastr II Mic. $5.00
Mastr II 8 channel tone boards. $5.00
Mobile Repeater cable for Mastr II. $10.00
Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.
GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.
GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each. I have 2 sets of EC/5C UHF icoms left and I bought 7 sets of 2C UHF Icoms = $30.00 per set. I have 5 sets of these left now.
GE Delta cables. These are the downloading type used with the S820 heads. $40.00 each
Delta mounting plates. $10.00 each
Ranger mounting plate. $15.00
GE S-550 / 500 and others mounting brackets. $5.00 each
GE MPA, MPD, MTL public safety mic. $35.00 each
GE MPA, MPD, MTL standard Speaker mic. $25.00
GE PCS Universal Rapid charger. $35.00 each
GE MPA standard chargers. $20.00 each
GE MPA Rapid chargers. $30.00 each
GE MPI desk charger with wall transformer. $10.00
GE MPI Rack charger, 8 position. 25.00
GE MPI Mobile battery charger, Rare. $20.00
GE Battery discharger analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00
GE shoulder strap like new, attaches where belt clip is. $15.00
GE Belt clips. $10.00 each
GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00
GE Duplexer part number 19C-307166-P1. Model DB-4075. This is the standard MastrII
Duplexer found in the MastrII cabinets. With the harness. $125.00

Other Radios and Accessories
Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00
Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00
Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger
I had to re-list due to a deadbeat buyer. $150.00
Motorola Mitrek VHF high 110 watt drawer only. $50.00
Motorola Adapter for MX radios for the 1801 suitcase programmer. A and B prom. $175.00

Thinking about moving into a new home with NO TREES at the present time.
Would like any information on HF antenna's for the attic. If you know the
brand name and where it can be purchased from, (and pricing) any/all
information would be very helpful. Email me directly please at ngwd@ngwd.com

hey dan
i see from your call sign we got our tickets about the same time mine call use to be kc4oxg i was licensed back in april of 1990
sorry to hear you need an attic antenna is there any way you can hide a vertical inside a PVC flagpole?

Hi Daniel
most attic type installations are less than desirable. If your gonna only operate on the higher frequencies you can put up a single band dipole. most standard attics you can get by with something up to say 20 meters as you go lower in freq. the length factor comes in to play, not enough room. Some of the advertised attic antennas are a real compromise. If you could somehow hide the antenna outside somewhere if you be more pleased with the results. I have seen some pretty good 75/80 meter wires hid in bushes only a few feet off the ground that worked very well. One guy even put some small stand-offs to hold the wire on his house, and ran the wire on his siding painted the wire the same color and it worked good.

I guess I will throw in my 2 cents worth. I was up here a while back with a
simular situation living in an apartment. The group had a lot of ideas, but
the one I went with was the B&W AP-10 antenna. It's made to mount on a

window or simular location. I had mine clamped onto a plastic chair on the balcony. It has a coil with tap points and a counterpoise for tuning the antenna on 40 - 2 meters. I have worked many DX stations on 10 with the antenna. The bonus is you can always use it for "Field Day" even after your situation at home changes. It's a great little antenna.

Interesting - on the faceplate, it says "Submersible"!

I once let my young daughter, a semi-experienced sailor, go out in our
little sailboat. She carried a VX-1R in case of problems, and I monitored
the frequency from shore. Of course, the trouble she encountered was gusty
winds that dumped the boat, and the ziplock bag containing the radio had
a leak. No problem for her - she swims well, and I saw her problem from

shore right away. The radio, however, took me many months to put back in working shape.

I'd love to have a handheld that could stand up to a quick immersion or a heavy spray off the bow. Nice feature!

Bob, KI8AB

Where can I get more information/specifications about the VX-7R? It is
not available on the YAESU homepage.

Regards,

Sam Yang

Please if you have questions or want to make a trade contact me off list at my e-mail address.
gundoc@iglou.com Some of these lists are not swap lists and only tolerate my post because it is only once a week. To the group owners thank you for letting me continue to post to the group
Dean

GE Portables

GE MPA VHF 146-162 full system keypad. Radio is as new and is almost perfect. The only flaw is the grip tape under the PTT button is peeling at the edges. Otherwise perfect. The next feature is, The radio is Key pad programmable. 16 channel scan and front face programmable. Has a like new battery and a good rapid charger. Also a belt clip. $500.00
GE MPA VHF Select 157 - 174 split. Nice radio 9 condition with battery and standard charger. I have it programmed down to 154 MHz with no trouble but will go no lower. $200.00
GE MPD UHF select model 440-460. 48 channel alpha-Numeric display. programmed on the 440 ham band and works on the local repeaters and GMRS. With Battery and standard charger. Nice 8 - 8.5 radio. $100.00 Also have 1 in about a 7 condition $90.00
GE MPD select model 470.- 488 MHz. 48 channel Alpha-Numeric display. With battery and standard charger. 7-7.5 $90.00
GE MPD Scan UHF 440- 460. 48 channel Alpha-Numeric display. Also programmed on the hamband for testing. Works on the local repeaters and GMRS. with battery and standard charger. $125.00
GE MPD scan VHF 150.8 174. 48 channel Alpha-Numeric display. These look good and come with a battery and standard charger. 135.00 each.
MPD Voice Guard VHF system model with full keypad. 48 channel alpha display. with battery and standard charger. $140.00

GE PCS UHF 8 channel. I have this radio on the uhf ham band for testing and it works the local repeaters. with battery and charger. $95.00
GE MPS VHF Like new 10 channel. With new battery, new antenna, and a standard charger. $65.00
GE MPS VHF 12 channel. Set of 4 that talk to each other with all new batteries and antennas. All in a rack charger. $225.00
GE Monogram UHF 10 channel portables. 3 radios 2 new batteries and 1 good battery. With 1 dual slot charger. $225.00 all 3 radios.

GE Mobiles

GE Phoenix SX VHF 16 channel with dual priority scan. Grey case with mic, speaker, and power cord. Tested working. $75.00 each. I have 2 complete.
GE Phoenix SX VHF 128 channel scan. No accessories. Has all 8 proms. $100.00
GE MVS UHF 16 channel scan. With Mic, Bracket, and power cord. $125.00
GE Mastr exec II VHF 75 watt mobile complete with accessories. $60.00 each
GE Mastr exec II VHF Mobile extender (repeater like Pac rt) for Mastr II or Delta. $20.00 each
GE Mastr exec II VHF Mobile extender for GE Ranger (only Exec II that I have seen marked Ericsson) $65.00
.GE Ranger VHF 150.-162 100 watt mobile. Complete with cable, Mic, speaker, and S550 control head. This is a great public safety mobile or can be tuned to
the 2 meter ham band. $175.00
GE S990 head. Looks new but I have not had time to test this yet. $75.00
GE S550 head 16 channel looks good but not tested. $35.00
GE Mobile Vehicle Adapter For MPA, MTL, MPD, and TPX. This unit charges your battery and turns your portable into a mobile radio. (Convert a Com) With mic, speaker,
and power cable. $100.00

GE Accessories

Mastr II control cable. $8.00 each
Mastr II head for mobile repeater operation. $5.00
Mastr II Mic. $5.00
Mastr II 8 channel tone boards. $5.00
Mobile Repeater cable for Mastr II. $10.00
Mobile Repeater cable for Delta or Ranger. $30.00. I have seen programming cables made from these.
GE white Versatones, 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each. I have a large amount of 203.5,186.2, 179.9, 173.8, and 162.2. If you buy 10 = $3.00 each. Buy 15 =$2.50 each. Buy 50 = $1.50 each.
GE Mastr II Icoms. EC = $5.00 each, 5C = $10.00 each. I have 2 sets of EC/5C UHF icoms left and I bought 7 sets of 2C UHF Icoms = $30.00 per set. I have 5 sets of these left now.
GE Delta cables. These are the downloading type used with the S820 heads. $40.00 each
Delta mounting plates. $10.00 each
Ranger mounting plate. $15.00
GE S-550 / 500 and others mounting brackets. $5.00 each
GE MPA, MPD, MTL public safety mic. $35.00 each
GE MPA, MPD, MTL standard Speaker mic. $25.00

GE PCS Universal Rapid charger. $35.00 each
GE MPA standard chargers. $20.00 each
GE MPA Rapid chargers. $30.00 each
GE MPI desk charger with wall transformer. $10.00
GE MPI Rack charger, 8 position. 25.00
GE MPI Mobile battery charger, Rare. $20.00
GE Battery discharger analyzer. For MPA, MPD batteries. Attaches to a rapid rack charger with a DB 15 cable and uses a MPD body to attach a battery to. Has LED readout in display area of MPD body to tell discharge rate. Another rare GE goodie. $45.00
GE shoulder strap like new, attaches where belt clip is. $15.00
GE Belt clips. $10.00 each
GE Voter. Has 9 total rec. cards and 2 TX cards. With extender card and power supply / speaker. $300.00
GE Duplexer part number 19C-307166-P1. Model DB-4075. This is the standard MastrII
Duplexer found in the MastrII cabinets. With the harness. $125.00

Other Radios and Accessories

Icom 3200 a Dual band ham radio. Has box and manual but no mounting bracket. Has tone squelch board installed. $225.00
Marconi UHF portable. 16 channel scan with NOS battery. Made by Midland. $75.00
Midland 70-336B VHF Mobile radio. 8 channel scan. with mic.$75.00
Motorola GP300 VHF 2 channel. on ham band. Has battery OK condition and charger I had to re-list due to a deadbeat buyer. $150.00
Motorola P200 VHF 136. - 150.8 high power. New battery and charger. 2 channel but can be made into a 6 channel easily. This would be a great ham radio. $115.00
Motorola Saber 1E UHF 440-470 high power. Nice radio 24 channel. Has pocket charger. $185.00
Motorola Mitrek VHF high 110 watt drawer only. $50.00
Motorola Adapter for MX radios for the 1801 suitcase programmer. A and B prom. $175.00
Motorola MT500 VHF nice shape. Crystals removed but I have 1 set of crystals for each radio. Also have a working battery and charger for each. I have 4 of these. $50.00 all
Motorola UHF Convert-a-com Amp. 5 in 40 watts out. $45.00
EF Johnson 242-8600, 800 MHz LTR I have 4 of these. $25.00 each
EF Johnson Challenger UHF 80 watt trunk mount, 99 channel Alpha-Numeric head.$225.00
Kenwood TK 940, 800 MHz dash mount radio. $100.00
Uniden SMS 825 ts, 800 MHz Dash mount radio. $75.00
MRC 100 Repeater controller in rack mount. $100.00
Voter from IMTS phone system. 2 rec and 2 tx cards. $40.00
Maxon Rapid Rack charger for 0510/0520 radios. Think they will work with the sp2000 as well.$35.00
Antenna Specialists on glass 440 antenna. New old stock. $22.00
Antenna Specialists on glass 220 antenna. New old stock. $22.00

Consignment section

This area is for a few friends who like those other radios you know "Motorola" They are good people and I will pass along any trades you may wish to make.
Motorola X9000 VHF 50 watt, Alpha-Numeric head, Siren complete. $425.00

I have an Alpha-Delta multiband on the roof rafters as a slight inverted V.
I have had stations think I was a big gun station with only 100 W and near
Chicago local. I met a fellow ham last summer on vacation and he asked the
same question. He since has contacted me and advised he is very happy with
the set up.

Any replies to this should go via e-mail as I have little time for
newsgroups.   ----- This is my first look in over a year.

I have forsale a Ten Tec argonaut model 505. this radio is from an estate and is being sold AS IS. this radio transmits cw/ssb at 3w's.receives 80-10m but the receiver has no audio output. the vfo will need a pto rebuild, it is stuck and will not tune.the radio has been modified by taking the mic gain and drive control from the rear panel and moving to the front with concentric knobs which are not original. also the bandswitch knob is not original either. this radio is in fair to good condition and with some TLC should make someone a fine ssb/cw qrp radio which is considered a classic. I also have the original manual and schematics for the argonaut. I am asking $165 shipped in u.s. by u.ps. John W3AYT@arrl.net

That's daft it's been FCC type approved

Under US freedom of information act, new radios submitted for type approval are public information on the FCC website / database
That's how to keep abreast of new radios,
watch the FCC type approval site

Although of course that doesn't mean Yaesu will put into production
Just they now can, for use in the US

With the Kenwood TH-F6/7 selling like hotcakes,
Yaesu will have to bring out something new to replace the VX5

waters and standon are now selling the TH-F7 for 249quid

I think Yaesu might be trying to avoid the same situation that Icom went
through last year with their T-82A. Remember, it was all hyped up, but was
pulled from production at the last minute due to issues with the wideband FM
recieve. Just my 2kHz worth.

I got a note from the guys at Gigaparts. They say that it will be available
the end of May or first part of June. BUT they do not have pricing info yet.

for what its worth

Dan

GE MPA VHF Aegis encrypted model. 146 - 174, 160 channels encrypted and 192
clear. I have been using this as my personal radio until I picked up a VX5
and the size and weight difference are big so out with old and in with the
new. Great radio with full system keypad for DTMF and so many options you
can't believe it.
With good battery, Rapid charger, and belt clip. $325.00
GE MPD UHF standard model 48 channel alpha-numeric display. Nice with little
wear. Good battery. $100.00
GE MPD Scan UHF This is a 4 button scan model in good shape with a new
battery and rapid charger. 48 channel alphanumeric display, 440 - 460.

$125.00
GE MPS VHF 10 channel Like new with new battery, new antenna, and charger. $55.00
GE MPS VHF 12 channel Set of 4 that talk to each other and all have new batteries and antennas. All in a rapid rack charger. $200.00
GE PCS VHF 136.-150. 2 channel. I have this on ham frequencies now with battery and rapid charger. $55.00
GE PCS UHF 440 - 470. 8 channel, This is working on the ham bands now with battery and rapid charger. $75.00
GE Monogram UHF portables 3 with 1 dual slot charger. 10 channel $225.00 for all 3.
GE phoenix sx VHF 16 channel priority scan. With all accessories including a power plug. Tested working. $75.00
Midland 70-336B VHF 8 channel 35 watt mobiles with mics. I have 3 of these. $75.00 each
Marconi UHF portable 16 channel scan made by midland $75.00
Mastr II UHF 75 watt mobile, Painted handle. $75.00 last one
Mastr II Control cable, 8 channel. $8.00 each less the more you want.
Mastr II control head. for mobile repeater operation. $5.00 each.
Mastr II mic. $5.00 each less the more you take.
Mastr II tone boards. These boards will hold 8 different tones or 1 for each channel in the radio. $5.00 each
Mastr Exec II VHF 75 watt mobile. With all accessories. $60.00
Mastr Exec II Mobile extender VHF for UHF Mastr II $20.00 each. I have a large number of these so make an offer on 10 or 20.
Mastr Exec II Mobile extender VHF for UHF Ranger (Ericsson marked) $55.00
Mobile Repeater cable for Mastr II $10.00 each.
Mobile Repeater cable for Delta or Ranger. $30.00 each This would be a good start for a delta programming cable.
GE Voter in special rack with 9 rec. cards and test cable. $300.00
GE MPA, MPD Public safety Mics. $35.00 each
GE PCS Universal Rapid chargers. $35.00 each
GE MPA Standard chargers. $20.00
GE MPA Rapid chargers. $30.00
GE MPI chargers with wall transformer. $8.00 each
GE MPI Rack chargers. 8 position $25.00 each
GE MPI Mobile battery charger. Only one I have seen. For 2 watt battery. $20.00
GE white Versatones 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each I have a large amount of 203.5, 186.2, 179.9, 173.8, and 162.2. If you buy 10 Versatones $3.00 each. Buy 15 Versatones $2.50 each. Take 50 $1.50 each.
GE Mastr II Icoms EC $5.00 each, 5C $10.00 each I have 2 sets of EC/5C UHF Icoms. Sold out of 2C Icoms. I try to get more 2C if I can locate them.
GE Delta down loading cables. Will work with S825 heads. $40.00
GE Delta mounting plates. $10.00 each
GE Ranger mounting plate $15.00
GE s-550 and s-500 mounting brackets. $5.00 each
GE Battery discharge analyzer. Another rare GE item. This uses the body of an
MPD to hold the battery. The channel display has a red LED rate readout. Unit
attaches to a rapid rack charger with a db15 connection. Analyzer has a big heat sink on the back for heat dissipation. $45.00 each. I have 2 of these.

GE little seen shoulder strap for any GE radio with rear accessory point (where the belt clip is attached) Leather strap like new. $15.00
GE Belt clips $10.00 each
Motorola S1350C wattmeter with 10 watt 500-1000 MHz element. $75.00
Motorola GP300 VHF 2 channel with charger and OK battery. $165.00
Motorola Saber Speaker Mic. $35.00
MRC 100 repeater controller. Rack mount with manuals. $125.00
GE VHF Ranger 19C852150P4 110 watt. With cable, Base plate, Mic, 825 scan head, and speaker. 228 channels with Alpha-numeric display Ready to program and install. $275.00
Motorola Mitrek VHF high drawer only with 1 set elements.110 watt, $40.00
Motorola UHF converta-com Amp. 2 watts in 40 watts out. $50.00
Motorola adapter for 1801 suitcase programmer. Fits MX radio A & B proms. $175.00
Assorted GE portables. PE' MPR, MPI, have several in unknown condition. Sold for parts only $5.00 each
EF Johnson 242-8600 800 MHz with desk mic. $25.00
Maxon Rack charger for the 0520/0510 radio. I think the SP2550 will work, Rapid $35.00
Voter from IMTS phone system. I do not know much about this one. $40.00
Antenna Specialists glass mount UHF antenna. New in the package but package is a little worn due to the Hamfests it has traveled to. $22.00
Antenna Specialists glass mount 220 MHz antenna. New in the package but also worn due to me packing it around to Hamfests. $22.00

Want list not FS
Programming cable for Johnson Scorpion portable. Extra Data module for GE suitcase programmer. Any cables that go to the TQ 2310. Dual band Ham mobiles. UHF mobiles that will go in the ham band. Original IC706
Terms
All prices are plus shipping from 40201. All Items are used unless noted and only have a no DOA warranty. I take cash, USPS Money Orders, and Paypal.
E-mail for any questions.
Dean

I have for sale a nice condition Yaesu FT-101ZD. This particular
transceiver is the version with AM mode included.
The cooling fan option is also installed in this rig.
Cosmetically it is in nice shape with one small hairline scratch
next to the clarifier control. Electrically it is in fully
functioning condition with full output 80-10.
$350.00 plus shipping and insurance from zip code 76001

Thanks!

I found the StreetPilot on ebay with a very large display (4"
diagonal) for use with the Ham Radio. If you search on ebay under
StreetPilot you will see that the auction starts at $189.00 and the
buy it now price is $194.00. This is a unit that comes with a PC
interface cable and the cigarette lighter adapter and a dashmount for
a car with a 1 year warranty. You can beat this deal. The name of
the company is GPS Worls Supply call for more information at
1-800-906-6600. I got the best deal 9 of my buddies and myself got
together and purchase 10 units for $1600! or $160/unit. That was a
heck of a deal.

This guy (Nathan Taylor) has "found" a ton of deals at this particular website and posted a whole bunch of phony testimonials. He's a liar and I refuse to do business with his company. If you don't believe me do a search by author on http://groups.google.com. Search on Author for "GarminGPSTalk@operamail.com" and "ntaylor@gpsworldsupply.com".

Do your self a favor and find one of the cheaper websites that sell gps's and don't do phony testimonials like this guy.

Hi all;

I'm looking for either an HP 5245L or HP 5248L/M mainframe. The mainframe must be complete
and in excellent working condition. I would also consider a unit with a plug-in, but
it's not required, just a good working mainframe will do.

If you have a unit you would like to part with, please e-mail me directly at the address below.

Thanks, and take care;

Move my TS-440SAT off my desk, to make room for a new (to me) rig.

Extensive mobile/FD, as well as main-station, use. >270 countries, 40M c-w mobile-in-motion; herds of FD points.   Some bounce on several number keys. 9-plus otherwise electrically, 6.5 appearance.

Has 270-Hz c-w filter, MFJ Econo-keyer, hand mic, pwr cord, unblocked xmit, frt-pnl notch-only mod to notch-peak, agc-on-only mod to agc-on-off (for you c-w fans), pwr-control mod for ssb using frt-pnl CAR pot (SSB power can be varied like c-w power).

With user's and service manuals.

$450 ONO shipped UPS grd insured CONUS.

GE MPD UHF standard model 48 channel alpha-numeric display. Nice with little wear. Good battery. $100.00
GE MPD UHF Standard model 48 channel Alpha-numeric display. Fair shape. good battery. $90.00
GE MPD Scan UHF This is a 4 button scan model in good shape with a new battery and rapid charger. 48 channel alphanumeric display, 440 - 460. $125.00
GE MPS VHF 10 channel Like new with new battery, new antenna, and charger. $55.00
GE MPS VHF 12 channel Set of 4 that talk to each other and all have new batteries and antennas. All in a rapid rack charger. $200.00
GE PCS VHF 136.-150. 2 channel. I have this on ham frequencies now with battery and rapid charger. $55.00
GE PCS UHF 440 - 470. 8 channel, This is working on the ham bands now with battery and rapid charger. $75.00
GE Monogram UHF portables 3 with 1 dual slot charger. 10 channel $200.00 for all 3.
GE phoenix sx VHF 16 channel priority scan. With all accessories including a power plug. Tested working. $75.00
Midland 70-336B VHF 8 channel 35 watt mobiles with mics. I have 3 of these. $75.00 each
Marconi UHF portable 16 channel scan made by midland $75.00
Mastr II UHF 75 watt mobile, Painted handle. $75.00 last one
Mastr II Control cable, 8 channel. $8.00 each less the more you want.
Mastr II control head. for mobile repeater operation. $5.00 each.
Mastr II mic. $5.00 each less the more you take.
Mastr II tone boards. These boards will hold 8 different tones or 1 for each channel in the radio. $5.00 each
Mastr Exec II VHF 75 watt mobile. With all accessories. $60.00
Mastr Exec II Mobile extender VHF for UHF Mastr II $20.00 each. I have a large number of these so make an offer on 10 or 20.
Mastr Exec II Mobile extender VHF for UHF Ranger (Ericsson marked) $55.00
Mobile Repeater cable for Mastr II $10.00 each.
Mobile Repeater cable for Delta or Ranger. $30.00 each This would be a good start for a delta programming cable.
GE Voter in special rack with 9 rec. cards and test cable. $300.00

GE MPA, MPD Public safety Mics. $35.00 each
GE PCS Universal Rapid chargers. $35.00 each
GE MPA Standard chargers. $20.00
GE MPA Rapid chargers. $30.00
GE MPI chargers with wall transformer. $8.00 each
GE MPI Rack chargers. 8 position $25.00 each
GE MPI Mobile battery charger. Only one I have seen. For 2 watt battery. $20.00
GE white Versatones 103.5, 162.2, 173.8, 179.9, 186.2, and 203.5. $4.00 each I have a large amount of 203.5, 186.2, 179.9, 173.8, and 162.2. If you buy 10 Versatones $3.00 each. Buy 15 Versatones $2.50 each. Take 50 $1.50 each.
GE Mastr II Icoms EC $5.00 each, 5C $10.00 each I have 2 sets of EC/5C UHF Icoms. I bought 7 sets of UHF 2C Icoms, This is the last my supplier had. $30.00 a set 1tx and 1rx.
GE Delta down loading cables. Will work with S825 heads. $40.00
GE Delta mounting plates. $10.00 each
GE Ranger mounting plate $15.00
GE s-550 and s-500 mounting brackets. $5.00 each
GE Battery discharge analyzer. Another rare GE item. This uses the body of an MPD to hold the battery. The channel display has a red LED rate readout. Unit attaches to a rapid rack charger with a db15 connection. Analyzer has a big
heat sink on the back for heat dissipation. $45.00 each. I have 2 of these.
GE little seen shoulder strap for any GE radio with rear accessory point (where the belt clip is attached) Leather strap like new. $15.00
GE Belt clips $10.00 each
Motorola S1350C wattmeter with 10 watt 500-1000 MHz element. $75.00
Motorola GP300 VHF 2 channel with charger and OK battery. $165.00
Motorola Saber Speaker Mic. $35.00
MRC 100 repeater controller. Rack mount with manuals. $125.00
GE VHF Ranger 19C852150P4 110 watt. With cable, Base plate, Mic, 825 scan head, and speaker. 228 channels with Alpha-numeric display Ready to program and install. $275.00
Motorola Mitrek VHF high drawer only with 1 set elements.110 watt, $40.00
Motorola UHF converta-com Amp. 2 watts in 40 watts out. $50.00
Motorola adapter for 1801 suitcase programmer. Fits MX radio A & B proms. $175.00
Assorted GE portables. PE' MPR, MPI, have several in unknown condition. Sold for parts only $5.00 each
EF Johnson 242-8600 800 MHz with desk mic. $25.00
EF Johnson Challenger UHF 80 watt Trunk mount 99 channel alpha-numeric head $225.00
Maxon Rack charger for the 0520/0510 radio. I think the SP2550 will work, Rapid $35.00
Voter from IMTS phone system. I do not know much about this one. $40.00
Antenna Specialists glass mount UHF antenna. New in the package but package is a little worn due to the Hamfests it has traveled to. $22.00
Antenna Specialists glass mount 220 MHz antenna. New in the package but also worn due to me packing it around to Hamfests. $22.00

Consignment section
I have some friends who have those other radios you know "Motorola" that asked me to add them to my list. they are reputable people or I would not

list for them.
Motorola X9000 VHF 50 watt with alphanumeric head and siren box $425.00
Motorola Maratrac UHF 100 watt 99 channel head $400.00
Motorola Maratrac VHF 100 watt 16 channel head still
in the box never installed. $375.00
Single rapid chargers for HT-600, MT-1000, P200 $25.00 each
Motorola HT-1000 Intrinsically safe UHF Re-cased Looks new
16 channel scan, with charger, $425.00
Motorola P200 UHF high power 6 channel $150.00
Motorola MT-1000 UHF 16 channel scan $250.00

Want list not FS
Programming cable for Johnson Scorpion portable. Extra Data module for GE suitcase programmer. Any cables that go to the TQ 2310. Dual band Ham mobiles. UHF mobiles that will go in the ham band. Original IC706
Need some MPA portables anybody have any FS? VHF or UHF.
Terms
All prices are plus shipping from 40201. All Items are used unless noted and only have a no DOA warranty. I take cash, USPS Money Orders, and Paypal.
E-mail for any questions.

I have for sale a nice condition Yaesu FT-101ZD. This particular
transceiver is the version with AM mode included.
The cooling fan option is also installed in this rig.
Cosmetically it is in nice shape with one small hairline scratch
next to the clarifier control. Electrically it is in fully
functioning condition with full output 80-10.
$325.00 plus shipping and insurance from zip code 76001

Thanks!

******* Panel Meters ********

Alps Keiki SU-55 series
  3A DC   3.4" x 2.4" rectangular NIB -- $20
  100uA DC 3.4" x 2.4" rectangular NIB -- $20
  15 V DC 3.4" x 2.4" rectangular NIB -- $20
See these three at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=alpsmtrs.jpg&.src=ph&.view=t&.hires=t

Analog Devices AD2004 4½ Digit LED 2 (1.9999) volt Panel Meter; NOS
w/ data sheet $40
See on the right side at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=digmtr.jpg&.src=ph&.view=t&.hires=t

Calrad 1mA DC 1.7" square new -- $10 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=smallmtr.jpg&.src=ph&.view=t&.hires=t

Datel DM-3100L-7089 3½ Digit LED Panel meter; range & condition
unknown. Used. $10
See at center bottom at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=digmtr.jpg&.src=ph&.view=t&.hires=t

FLW Model 204B2, ER2 & model 204B-2D1,ER2,01 digital panel meters
w/internal 120VAC power supply. 4 digit display plus a minus sign; 3½
or full 4 digits ?? Full scale unknown -- used $25 pair These are
center top and on the left in the photo at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=digmtr.jpg&.src=ph&.view=t&.hires=t

Pair of GE DO-53 3½" Square meters:
  One is a 2A scale and movement
  The second is a 1 volt meter with a triple scale -- 25 mA, 250 mA,

500 mA for use with external shunts. There is a small crack in the right side of the bakelite front of this meter which could be filled in with black filler. The glass is fine. $30 for the pair. See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=gemtr.jpg&.src=ph&.view=t&.hires=t

GE 50-283013MTMT1 3" thin edgewise panel meter 10V scale NOS in old box -- $15 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=Edgemtr.jpg&.src=ph&.view=t&.hires=t

GE DW-44 2" round 8A RF Ammeters w/ internal thermocouple. Used $15 ea   See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=RFamtr.jpg&.src=ph&.view=t&.hires=t

GE 8DW-46 2" round Decibel meter. 0 dB = 1.9 volts. NIOB (New in Old Box) $15
See on the left side at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=dbdbm.jpg&.src=ph&.view=t&.hires=t

GE 50-240001AAAA1 2" round 100000 Hour Running Time meters 120VAC 60Hz NOS $20 ea
See the large meters at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=timemtr.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard (made by Simpson) 1120-0037 DBM meter -- -6 to +3 scale NOS $15
See on the right side at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=dbdbm.jpg&.src=ph&.view=t&.hires=t

A.W. Haydon miniature 10000 Hour running time meter. Case is about 1/2" square (exclsive of mounting flange) by 1" deep. 115VAC 400Hz NOS $15

Hobbs 120 VAC 60Hz 99999.99 (Yes, displays down to 100th's!) Hour running time meter about 1" high by 2" wide rectangular with triangular shaped mounting ears. New $20 ea
The small meters at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=timemtr.jpg&.src=ph&.view=t&.hires=t

Japanese meters -- unknown mfgrs
  50uA DC 2.3 x 2.6 rectangular NIB -- $15 ea (2 available)
  MRA-38 500uA DC 1.7" square used -- $6 ea (2 available)
  MRA-38 500uA DC 1.7" square new -- $10 ea (2 available)
  407-160 Red/Green half & half scale (100uA movement) less than 1" not square NIB -- $5
See these at:

http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=smallmtr.jpg&.src=ph&.view=t&.hires=t

KEW Electric dual scale 32V / 1.5A meter (1mA movement) 1.9 x 1.6
rectangular -- Used $5
See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=smallmtr.jpg&.src=ph&.view=t&.hires=t

Lambda (made by GE) 40VDC 1.75" square new -- $20
Lambda (made by Honeywell) 10 A scale 1.75" square new -- $20
See these at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=smallmtr.jpg&.src=ph&.view=t&.hires=t

Motorola 52B892096 3" Square Meter (movement actually made by
Simpson).
 This is some kind of tuning (or deviation?) meter with a 12 pin
connector
(like a 9 pin miniature tube outline plus 3 extra pins in the center)
 wired to the meter. Used $15 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Meters3.jpg&.src=ph&.view=t&.hires=t

Simpson 1327 100uA 3" square meter. Used $15 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Triplett.jpg&.src=ph&.view=t&.hires=t

Simpson 3" sq modern plastic 500-0-500ua movement w/ 50-0-50 scale --
Used $10 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Meters3.jpg&.src=ph&.view=t&.hires=t

Triplett 220G 50 Volts DC 2-3/4" rectangular -- Used $15
Triplett 327T 50 uA DC 3" Square meter   -- I think these are unused.
 $15 ea (3 available)
See the two above at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Triplett.jpg&.src=ph&.view=t&.hires=t
Triplett 321T 1 Amp DC 3.5" Round meter NIB -- $20
Triplett 327T 10 Volt DC 3" Square meter NIB -- $20

Westinghouse 3" Square RX-35 series meters, used -- $10 each

   30 mA   300 mA   15 VDC   20 VAC 35KV (2mA full scale on this last
unit)

See some of these at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Westingh.jpg&.src=ph&.view=t&.hires=t

Westinghouse 3" Square RX-35 series meters, used -- $15 each

50 uA also marked with Motorola pn 52-B-86645 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Westingh.jpg&.src=ph&.view=t&.hires=t

50 uA movement with Ohm scale -- 500 ohms at left, 30 ohms at
center, 0 at right

Westinghouse 2" round 9A RF Ammeters w/ internal thermocouple. Used.
$15 ea See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=RFamtr.jpg&.src=ph&.view=t&.hires=t

Westinghouse 3" round 50mA RF Ammeter w/ internal thermocouple. Used.
$20 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Meters3.jpg&.src=ph&.view=t&.hires=t

Weston 301 3" square 3A RF Ammeter (requires external thermocouple
that I don't have) Used. $7 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=RFamtr.jpg&.src=ph&.view=t&.hires=t

All of the above plus shipping, if necessary, naturally.

*** Test Equipment -- all functional!! ***

Data I/O Unipack 2, PROM progamming fixture for 29A/B programmers.
$50 See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Unipak.jpg&.src=ph&.view=t&.hires=t

DataPulse (Systron Donner) Model 101, 10 MHz Pulse Generator,
 10 Hz TO 10 MHz in 6 Ranges, 8.5" x 4" x 11" deep $50 May be seen
at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=HP461.jpg&.src=ph&.view=t&.hires=t

General Radio 758-A 55-400 MHz Wavemeter. Dial in need of severe
polishing
 but, insides are clean. $40 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=GR758A.jpg&.src=ph&.view=t&.hires=t
 --- and ---
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=GR758A-2.jpg&.src=ph&.view=t&.hires=t

Heathkit / Zenith ET-3100 Electronic Design Experimenter. Small
protoboard
plus 200Hz-20KHz Sine & Squarewave generator, individually variable
+/- 15 V
 supplies, 30VCT AC source, 1K & 100K undedicated potentiometers. AC
Line
powered. $75 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=ET3100.jpg&.src=ph&.view=t&.hires=t

Heathkit IM-4180 FM Deviation meter. $125 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=IM4180.jpg&.src=ph&.view=t

Heathkit QM-1 Q-Meter w/ operation manual. $100 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Qmeter.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard 141T Spectrum Analyzer system including mainframe,
8552B IF section,
8553B, and 8555A RF sections plus 8443A Tracking generator.
 All original knobs, terminators,etc. clean and working fine.
 With manuals (or copies thereof...) for all units. $2200   May be
seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=141Ttrk.jpg&.src=ph&.view=t&.hires=t
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=8555A.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard 427A (transistorized) volt-ohmmeter with nice 4"
mirrored
scale. Reads as low as 10 mV full scale on AC and up to 1000V AC or
DC.
Including a spare battery and an original HP manual -- $75   May be
seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=HP427A.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard Strobline Demonstrator. A rare sales tool from the
late 1960's for dot matrix readouts built in a 5"x3"x11" deep series 1
HP cabinet. Complete your HP collection now! Working! $100 May be
seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=HPDemo.jpg&.src=ph&.view=t&.hires=t

Harrison (later HP) 865B 40V .5A Max. Constant Voltage-Constant
Current
Laboratory Power Supplies $25 ea $45 pair May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=HP865B.jpg&.src=ph&.view=t&.hires=t

Hewlett Packard 4260A Universal Bridge -- measures resistors,
capacitors and inductors. Also checks inductor Q and capacitor D
using either internal 1KC source or external oscillator.   Has
"semi-auto" nulling feature in L&C modes. 6" hi x 8" wide x 12" deep
overall -- 115/230 VAC powered. $250 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=HP4260A.jpg&.src=ph&.view=t&.hires=t

McMurdo Silver model 903 Wavemeter coils: #100, 102, 103, 104 ,105 &
106 in original boxes. I also have the empty box from coil #101 and
the instruction sheet for the Wavemeter.... and no, I do NOT have the
meter itself. $30 all

Kepco Dual PCX 15-1.5 MAT 15 volt 1.5 amp max lab power supply in
Kepco
PC-4 cabinet. Individual voltage & current meters (4 total). Ten turn
voltage
adjust -- $70 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/

Jpegs&.dnm=Kepco15V.jpg&.src=ph&.view=t&.hires=t

Kepco Dual PCX 40-0.5 MAT 40 volt .5 amp max lab power supply in Kepco PC-4 cabinet. Individual voltage & current meters (4 total). Ten turn voltage
adjust -- $70 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Kepco40V.jpg&.src=ph&.view=t&.hires=t

Polarad 1207A Microwave Signal Generator 3.7-8.4 GHz. $75 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Pol1207A.jpg&.src=ph&.view=t&.hires=t

Pomona #2399 cast Aluminum Boxes (2" x 1-1/8" x 7/8" o.d.) w/ gold plated SMA
female connector on each end.   New (in factory sealed plastic bag) -- $10 ea

Sierra Electronics model 164B Bi-Directional Power / SWR meter (looks just like a URM-120) with 181-A-1000 element -- covers 200-1000 MHz with four power ranges: 10W, 50W, 100W & 500W full scale. Case is in good condition finished in "Howard Hughes" green -- leather carrying strap is in very good condition. N connectors (M&F) -- $80 May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=Sierra.jpg&.src=ph&.view=t&.hires=t

Teaberry model TB 6503 HF SWR / Power meter. 100W / 10W ranges FWD & REF
 power plus SWR. UHF connectors. $5

TEI model 28-200 relative power / SWR / Field strength meter -- screw in whip antenna is missing. UHF connectors. $7

See the SWR meters at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/
Jpegs&.dnm=swr.jpg&.src=ph&.view=t&.hires=t

All of the above plus shipping, if necessary, naturally.

FS: VHF Power amp

Late '70's vintage likely Military, probably airborne, VHF power amplifier
assembly. It consists of 7 almost identical amplifier assemblies clustered around a
central housing that has splitter combiner networks which are plugged
onto each end with a bunch of SMB connectors. There are TNC's for the
main in's & outs. I think it was originally configured as one amp,
driving two, driving four boards. The complete assembly measures 7.5" x 5"
x 3.5" overall -- the individual RF amp boards are 4.5" by 2". The outer covers
are mostly missing. Each amplifier is a push pull design -- they appear to be
50 ohm in & out impedance with either PT6747 or PT6702 TRW transistors. I would
guess this unit operates on 28VDC. I don't know what frequency range it
covers nor the power level though, just guessing, it probably puts out at
least 100W. And there is no manufacturer name -- probably went with
the outer cover. Six of the stages are marked OK and one, the input
stage I think, is marked NO Good. The individual amps have integral
heat sink plates so, they could be removed from the assembly and used
separately. Think of it as 7 amplifier boards @ $10 ea --
Bare PCB's would cost as much! -- $70 May be seen at:

pg&.src=bc&.view=t&.hires=t

----- 50 Nuvistors -------

Actually there are more like 60-70 parts in the box.   Most look like
pulls, some are in boxes and some may be new.

The collection includes:
  6CW4
  6DS4
  6DV4
  7586
  7595
  8393

Asking $50 for all of them

--- Planar Tubes (used)---
See the box of them at:

http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=tubes.jpg&.src
=ph&.view=t&.hires=t

2C39A -- $10 ea or 5 for $40
322 -- $10
7289 (3CX100A5) -- $15 ea or 5 for $60
7698 -- $10 ea
7843 -- $5 ea
Y602B -- $10
Y2177 -- $10 ea
EE144 -- $10

---- Lighthouse tubes ----
2C46 pull $3

---- Pencil tubes ------
6442 pull $5 ea
7554 pull $5

----- and the rest -----

6DQ6B RCA likely NIB + GE 6DQ6B pull -- $10 both
4637 (RCA) pull $30
5654 (6AK5) pulls $2 ea
6481 new $50

********** TUBE SOCKETS and ACCESSORIES **********

Eimac SK-1500A mounted to a 17" square aluminum panel. $200 May be
seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=sk1500.jpg&.sr
c=ph&.view=t&.hires=t

Johnson 248 / RCA UT-106 & Other 7 Pin Septar (for 8877, 829, 8295,
PL-172 etc) used $10ea

Eimac HR-3 plate disspators (.072 hole) $2ea
   Larger fin version of above (by Bud?) $3ea

Plate dissipators from 3-400Z's (I think...) 1/8" hole -- $3ea

Erie Chemflex SO-427-3 Teflon insulated 7 pin miniature tube sockets
including saddle w/ lugs, NOS -- $5 ea

All of the above plus shipping, if necessary, naturally.

RT-1512/G HF Transceiver includes C-11670/G Controller. Operational in very good condition.
This is the Receiver for the Regency Net System that Magnavox made for the U.S. Army.
It is set up for rack mounting. The controller is also used in the AN/GRC-215 Manpack.
FOB Somis: $800.00 With a copy of the Maintenance/parts IPB manual on the RT-1512/G
.
For more details contact me directly not via this medium.
 Photos are available.

********** Air Variable Capacitors ********

Cardwell enclosed 7 section variable capacitor assembly for/from some
receiver? -- The sections measure: 210, 210, 105, 105, 105, 100 & 75 pF.
The unit is about 12" long and 3" square with a right angle drive mounted
in the center and a 30 turn scale. This looks to be NOS (nothing ever
soldered to...) but, it is a mite tarnished on the outside from being
stored forever. There is also a (Mil?) number on the unit: SC3188A. $30
See at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=cardwell.jpg&.
src=ph&.view=t

Johnson T9-5 miniature vertical PC mount trimmers 1.9-15.7 pF, Silver
Plated machined plates -- NOS 2/$1

G.I. Corp 70 pF, .080" air spacing, about 3.5"x3.5"x3" overall, &#65533;" shaft
$2ea (2 available)

National Type DX 500pF variable capacitors, approx. 3" X 3" x 3" overall fairly good condition. $10 ea. May be seen at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=National.jpg&.src=ph&.view=t&.hires=t

Remler "scissors" variables. Type 630 350pF $25
Type 631 500pF $25

General Instrument type NNC153 3 Section large receiving style capacitor 13-420 pF per section, $15

4 Section capacitor 20-550 pF section large receiving style capacitor, $25

See the previous two units at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=loadcaps.jpg&.src=ph&.view=t&.hires=t

See the next four units at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=aircaps.jpg&.src=ph&.view=t&.hires=t

Johnson 154-1, 12-244pF, .05" air gap, about 3" x 3" x 3" overall. Rear shaft has been cut flush with bushing and the rear mounting tab has been shortened a mite. Otherwise, excellent condition, $25.

Johnson 154-34-3, 20-400pF, looks like .03" air gap, about 3" x 3" x 3" overall not including 1/4" shaft which is about 2-1/2" long. Excellent condition, $25.

Johnson 500E20 (modern equivalent 154-3), 500pF/2KV, looks like .05" air gap, about 3" x 3" x 4.5" overall not including 1/4" shaft which is about 1-1/2" long. Good condition except the rear mounting tab has been removed and it looks like a couple of the plates arced at one time and were subsequently filed down a mite. $25.

Similar to the part above but, NOT a Johnson, another 500pF/2KV, looks like .05" air gap, about 3" x 3" x 4.5" overall not including 1/4" shaft which is about 1-1/2" long. Good condition except the front mounting tab has been removed. $25.

See the previous four units at:
http://photos.yahoo.com/bc/marv_email/vwp?.dir=/Jpegs&.dnm=aircaps.jpg&.src=ph&.view=t&.hires=t

Hammarlund SM-50-X, 7.5-50pF, .064 air gap, Just under 2" x 2" x 2" overall not including 1/4" shaft. Good condition. $10.

National SEU-15, 15pF 270 degree rotation, straight line frequency, variable cap. Shiny and new in beaten-up old box (SNIBOB) $25.

All of the above plus shipping, if necessary, naturally.

******** Microphones **********

ICOM IC-HM12 Handheld Mike. I don't know what rig(s) this fits but,
it has a Japanese "standard" round 8 pin connector. The mike also has
Up & Down buttons on top.   Looks unused. $30

Astatic Dynamic Mike -- This is either a Cardioid or noise cancelling
as it has some small holes in one side. It is black about 5-1/2" long
with a Cannon connector (M) in the bottom end. The model number is
either invisible or rubbed off. The finish is well worn but, I
plugged it into a Shure mixer and it seems to work fine. $20

University Model 70 Omnidirectional Dyamic mikes. They are black &
light gray finish, have seen a lot of use and there are a pair of
these. One has a Cannon connector (F) on the end of a cable and the
other is missing its cable so I couldn't easily test either one.
Asking $20 for the pair.

******* Mike connectors & cables ************

Motorola 4-pin Microphone connectors 28-16730 (similar to Amphenol
MC4M) -- NIB $5ea

Motorola 0180700T14, 4-wire coily cord mike cable assembly with a mike
connector as above on one end and a spring strain relief on the other.
 There are some flat pins on the free wire ends -- NIB $15

NOS coily cable for a Yaesu MH-27 mike (may fit others). Later
version with the RJ connector at the radio end. $10.

All of the above plus shipping, if necessary, naturally.

HF6V antenna for sale...only problem is the metal part which goes into the ground broke off today....so you would need to order that from the manufacturer....will make a great deal. Located in Dallas/Ft. Worth area, and it probably would be a good idea to come get it....I don't have a box big enough to ship it.

Hi,

Due to moving, I have following equipment for sale in the Toronto area. Preferably you will pickup equipment yourself. You pay shipping costs if you live outside the Toronto area.

Here is my list. All equipment is in excellent working condition:

1. Heathkit SB401/303 combo (10-80m TX/RX) + manuals with Shure 400
microphone
2. Heathkit HM-102/1KW, 1.8-30 Mhz Watt/SWR meter
3. Heathkit HM-2102/1KW, VHF Watt/SWR meter
4. Heathkit HD-19 Phone Patch
5. Anadex Frequency Counter CF-700A, 5Hz-1GHz
6. David Clark H7010 noise cancelling headset/microphone
http://www.davidclark.com/h7010.htm
7. David Clark H-133C/A1C noise cancelling headset/microphone
8. H.P. 400D Voltmeter
9. Bearcat 300 scanner
10. Daven DP-182 Audio Decade Attenuator box
To enquire, click on the link below and fill out the form. I will get
back to you as soon as possible:

Neither does your response, quite frankly. Spam is best ignored, (or ridiculed if the mood strikes.) Appealing to reason with a spammer, especially an automated spambot, is a greater waste of time than the original spam.

Hi,

I'm looking for a good condition, working HAL ST-6 modem to interface with Model 15 TTY. (I'm working backwards from Soundcard towards smoke signals!)

Please advise details and price you are asking.

Thanks,

Jim Andrew

Hello all;

Looking for a small beam antenna, any band (prefer tri-band), something that
can be used with a "TV rotator". Would prefer to pick up within a few hours
driving time of Sacramento, CA. E-mail me at n6ttd@arrl.net should you have
anything that fits the bill.

Thanks.

Hi,

Due to moving, I have following equipment for sale in the Toronto area. Preferably you will pickup equipment yourself. You pay shipping costs if you live outside the Toronto area.

Here is my list. All equipment is in excellent working condition:

1. Heathkit SB401/303 combo (10-80m TX/RX) with Shure 400 microphone
2. Heathkit HM-102/1KW, 1.8-30 Mhz Watt/SWR meter
3. Heathkit HM-2102/1KW, VHF Watt/SWR meter
4. Heathkit HD-19 Phone Patch
5. Collins 51-J3 receiver, 0-30MHz (mint with manual, owned by ex-Collins employee)
6. Anadex Frequency Counter CF-700A, 5Hz-1GHz
7. David Clark H7010 noise cancelling headset/microphone http://www.davidclark.com/h7010.htm
8. David Clark H-133C/A1C noise cancelling headset/microphone

9. H.P. 400D Voltmeter
10. Bearcat 300 scanner
11. VHF Engineering model PA140/10, 150 W VHF 2M FM Power Amp,(10W in,
140
out)
12. Daven DP-182 Audio Decade Attenuator box

To enquire, click on the link below and fill out the form. I will get
back to you as soon as possible:

I have a Midland 70-340b VHF programable radio.It already has 8 2m repeaters programmed in the radio.I was going to use for local repeaters as well as for my work in the 166mhz band but we switched to the Mike system so it is just sitting in the closet.
Any offers? ve3nsv@qsl.net

Hi NG

Want the Subject.
I live in Italy and I want to buy an Drake TR6 6-meter transceiver in very
good look, functionale and electrical conditions.

So anyone able to sell me one for a reasonable amount ?

Kind Regards
IW5ANQ Roberto

For Sale. This is an Icom IC-737 transceiver covering 160 - 10 meters. Built-In Antenna Tuner. No Mic is included with Rig. I'm using a GOLDLINE mic and use it with my other rigs. I Do have Copy Of Owners Manual. Works perfectly in all modes and on all bands. This is a 12 volt DC rig, and would require a 12 volt DC / 20 amp power supply for base operation. I do have the wiring harness for the rig. Payment is Cashier's Check, Postal Money Order, or Paypal! Rig will be send out after funds are received the NEXT business day. I try to personally check out each item I list for sell/trade, and to describe each item completely & carefully. However, since most of these items are used electronic pieces all items are sold "as is". Please contact me for any further information. Pictures can be email as requested. Feel free to call with any questions 678-227-2661.

I have a PK-232 in good condition.

It comes with two TNC to radio cables as well as the 'Y' data cable (RS-232 and Parallel Printer).

I'd like $65.00 plus shipping.

Hello, we have the following HF amplfiers available, all require 13.8 volts, DC, need 25 watts in for full output, have three power levels, and a switchable +25db receive pre-amplifier. They are designed after the older Palomar Electronics units when they were in business.
Check out or web page at: http://www.geocities.com/hamsupplies/index.html
Palomar 250: 169.99

Palomar 450: 269.99

Palomar 600: 399.99

All come with a one year warranty, and shipped to your door. We are a PayPal verified user.

I'm having problems connecting to any listed station in iLINK.
I'm using a Starband Satellite connection to connect to the Internet.
Any ideas ?

I have for sale a nice condition Yaesu FT-101ZD. This particular
transceiver is the version with AM mode included. This transceiver uses a
pair of 6146W's as the power amps. The cooling fan option is also
installed in this rig. Cosmetically it is in nice shape with one small
hairline scratch next to the clarifier control. Electrically it is in fully
functioning condition with full output on all bands (~100 watts).
$400.00 plus shipping and insurance from zip code 76001.

Thanks for reading... I would Like to trade one of the two items for a
VHF 16ch Visar. I have a VHF GP350 16ch full sig. or a GP300 UHF
16ch full sig. with keypad. Both radios are in mint condition, and I
would include batt. charger and speaker mic if you do.. I am willing
to talk about added cash in deal. Let me know if you can help me
out...

TNX -Mike

What is Ham radio? Some might argue 100 different points to answer this simple question. A means of communicating across space to other ham operators. Seems like the best explanation of ham radio though to me. The fact is there is no one good explanation of exactly what ham radio is. It is agreed though, there is a different aspect of ham radio for just about everyone's taste. So if ham radio is about communicating to other ham radio operators then count me in.

The reason I became a ham radio operator 20 years ago is simple. I wanted to talk to other people around the world and grow and learn and have fun.

Ham radio is people communicating with people. The radio itself is not what inspired me, it was the quality of people you find in our hobby that inspired me to be who I am today! Ever since I was a teenager operating Morse code in Mom and Dad's basement and stringing hundreds of feet of number 9 wire through my parents trees in endless fashions and coming over my neighbors eight track player with an old Johnson Viking Challenger with one xtal on 7.133mhz CW. All I have ever wanted to achieve was to

communicate with others and learn about other cultures and people. Well that has never changed.

So flash forward almost 20 years later and I still want to talk to people all over the world. However recently I had to move into a neighborhood where I cannot have any type of communications antenna outside my brand new house... I was forced to install an "G5RV" attic antenna. It's a long way from the 8 element monoband 20m yagi at 100 feet I have always wanted.

Shortly after being very unhappy about my antenna restrictions, I found a software program called
 " ILINK ". It has changed my view of ham radio forever. ILINK has enabled me to again talk with arm chair quality to just other licensed hams all over the world without being sued for a dipole gracing my backyard harmlessly by my neighborhood covenant committee.

Let me go into a little background about ILINK. ILINK is a software program created by Graeme, M0CSH, which enables repeater users and licensed hams on to the internet to connect to each other for arm chair quality QSO'S.

 ILINK is very small program weighing in at just over 200kb. That means you could fit 6 Zipped copies of this little program onto a single 1.5 megabyte, 3-1/2 inch diskette. Now that's small. ILINK requires you use only Microsoft windows 95/98/me/se/xp/nt4.0 or nt 2000 as a operating system. No Mac or Linux support as of late. ILINK is a pc to pc interface which is easy to use, as well as understand all of it's features.

 ILINK is absolutely free. It is currently on version 3.27. ILINK is a primarily secure mode of communications for licensed ham radio operators only! In fact, to even get ILINK running, several of the ILINK volunteers are verifying each registering person to make sure each one is indeed a actual licensed ham radio operator. I like that a lot.

So why would anyone want to use ILINK in favor of 20 meter sideband or 2 meter fm. Well for one I love 20 meters and would prefer to be there with all the trappings of a super amateur radio station. However reality has dictated that I will not have that super station with its armchair copying abilities. So ILINK to the rescue.

Hams who have had to move into care centers and places where antennas and radios are a no-no will appreciate the fact that they can still talk to other hams around the world with arm chair copy. Using this new and amazing mode which utilizes the internet in the best way possible for ham radio. The internet is here to stay folks. It has grabbed up thousands of what could have been potential ham radio operators and won them over to the internet solely.

 I look at ILINK as showing those internet folks that ham radio was here long before the internet and will be here a lot longer as well.

 ILINK is a great way to demo to non hams who love computers and might find a niche into our ranks as hams. By using a computer, a handheld and a ham license you could talk with a ham in England over your local 2 meter

repeater and actually impress a non ham into getting their license all because of the ILINK system.

Maybe in a 5th grade classroom in Texas you could use ILINK, connected to a ILINK repeater on 440 mhz, to a ham in Brazil driving through Rio De Janeiro. You could also show the students how easy it would be to make arm chair QSO'S everyday over their mom and dads computer with engineers in Antarctica.

Some people would argue this isn't ham radio. But I refer you to the beginning of this article where we discussed what is the meaning of ham radio. Ham radio is a means of communicating across space to other ham operators. That could be an eyeball at Dayton, a 2meter conversation on fm, a 20 meter sideband conversation, or even two hams over the ILINK system talking about antennas.

I have started an " ILINK " awards website inspired from the ARRL'S own awards that are world renown.
   http://www.angelfire.com/tv2/alink

This website is to chiefly reward hams who talk to other hams over the ILINK system. These awards give those hams the wallpaper they would never have had the opportunity to get on regular ham radio, and level the playing field for everyone. Big guns won't bother your indoor dipole here when trying to work soul Korea, I guarantee.

Since the advent of the internet anyone anywhere could talk to anyone. That doesn't appeal to me. I am a ham radio operator. Because of the morals I possess, I want to talk to other like minded Ham radio operators, instead of just anyone on the internet.

ILINK is the best way I know to talk to other hams around the world in qso style... Without the interruptions of non hams and the like. I have talked to nearly every country in the world over 20 meters and absolutely love it. However ILINK will enable me to keep talking no matter what my present life situation is. It will afford me the opportunity to keep in contact with my ham friends the world over and make new ones everyday.

When the choice is between No Ham activity due to Ant,RFI restrictions or something like I Link
then it's a no brainer.Sure it's like extending your Mic / control cable thousands of miles to a
distant repeater but it does allow hams to communicate,rag chew etc with their counterparts across
the nation and world with 2m FM quality to boot !

The problem of hams moving into houses / apts with restrictions is an exponentially escalating urban problem in many countries.There are countless idle 2m / 70 cm / 10m / 6 m repeaters all over the world that make them a natural for I Link.Those repeaters (being located in less restrictive areas) do not pose the same problem for communities as the urban ham station.
One could have a PC in every room in every house but that is practically

impossible with an HF rig and antenna.

Rather than lose these hams I Link provides a means to retain their interest.Yes it does away
with all the multitude of problems and expense of equipment and antenna's and NO it's
not pure radio.It's just another mode / system for communication.

If Ham Radio is the top priority in your life and you have acres of land and the resources for top
of the line equipment and monster antenna's then go for it.If not I Link provides an alternative
for those not so lucky or inclined to set up such stations.

In addition I Link does not have the restrictive "closed shop " aura of many of the IRLP nodes.

Whether it flourishes or not depends like most things in our Democratic society.The users
vote of choice will determine it's future.

Beware, this clown will be the top bidder of legal amateur gear then
report it as illegal to Ebay. What this does is cause auction
cancellation after close, the seller to get warnings or suspension,
and the inability for the seller to leave feedback on his account. In
addition the seller is also out the auction close price. If this user
or email address shows up on a radio auction I suggest canceling the
bid or it could happen to you. I sent many notification to this clown
for payment and license verification. All I got back was warnings from
Ebay about illegal equipment rules despite legal equipment.

Hello radio.
Just obtained mint Mk II, but manual lost. Want to give radio to father,
but useless w/o manual for him to reference. If you can do w/o for week,
please loan to me and I will copy. I'll repay postage. Please email
w5bi@amsat.org.
Thanks.

I have for sale a nice condition Yaesu FT-101ZD. This particular
transceiver is the version with AM mode included.
The cooling fan option is also installed in this rig.
Cosmetically it is in nice shape with one small hairline scratch
next to the clarifier control. Electrically it is in fully
functioning condition with full output 80-10.
$375.00 plus shipping and insurance from zip code 76001

Thanks!

I've got a "California Amplifier", wireless cable receiver for trade or sale. It is designed for the 33 channel wireless cable systems that are present in just about every metropolitan area of the U.S. with 40,000 population or higher. This is part #130815, from the sticker that is on it. This is a very directional pole-mount receiver, and has your typical coax connector. It receives 116-128MHz, and 222-408MHz.

If you have seen some wireless cable antennas in your neighborhood, you should be able to use this to receive their programming. However, you probably would only receive a couple of unscrambled channels/music stations without buying a decoder box. (you would have to check and see what decoder boxes are being used in your area)

Just something interesting to experiment with. I'd let it go for $10 plus shipping.

Dan

Selling my venerable Eico keyer. The front panel is about an 8.5. The chassis is dusty but in good condition. The cabinet is about an 8 with one foot missing. The grommet where the AC line enters is not the original but looks and works ok. The keyer works fine and was in use by me for a number of years. I have a schematic but no manual. What CW I operate these days is via a Vibroplex bug.

If anyone is interested I have jpegs if requested.

I would like to get $55 plus about $10 for UPS CONUS shipping.

Tnx

Lionel

I'm changing hobbies and I like to trade my minty NRD 535D
communications receiver for a good guality guitar

Sounds weird I know but I have 2 SW receivers
Looking for an ES335 or Starfire IV type guitar

Thanks

S

http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=1405053819

An interesting vintage directory for cable telegraph addresses from
1938.
Full documentation of the book's use by a Czechoslovak Bank from
1938-1940.
Full listing of world banks' telegraph addresses at the time (from New
York to the Soviet Bank to Kabul..)

A nice piece of communications history.

******* Panel Meters ********

Alps Keiki SU-55 series

  3A DC   3.4" x 2.4" rectangular NIB -- $20
  100uA DC 3.4" x 2.4" rectangular NIB -- $20
  15 V DC 3.4" x 2.4" rectangular NIB -- $20

Analog Devices AD2004 4½ Digit LED 2 (1.9999) volt Panel Meter; NOS w/ data sheet $40

Calrad 1mA DC 1.7" square new -- $10

Datel DM-3100L-7089 3½ Digit LED Panel meter; range & condition unknown. $10

FLW Model 204B2, ER2 & model 204B-2D1,ER2,01 digital panel meters w/internal 120VAC power supply. 4 digit display plus a minus sign; 3½ or full 4 digits ?? Full scale unknown-- $25 pair

GE 50-283013MTMT1 3" thin edgewise panel meter 10V scale NOS in old box -- $15

GE DW-44 2" round 8A RF Ammeters w/ internal thermocouple $15 ea

GE 50-240001AAAA1 2" round 100000 Hour Running Time meters 120VAC 60Hz NOS $20 ea

A.W. Haydon miniature 10000 Hour running time meter. Case is about 1/2" square (exclsive of mounting flange) by 1" deep. 115VAC 400Hz NOS $15

Hobbs 120 VAC 60Hz 99999.99 (Yes, displays down to 100th's!) Hour running time meter about 1" high by 2" wide rectangular with triangular shaped mounting ears. New $20 ea
See the top meter displayed on the link below except that the only screening on the front of the units I have is the 1/10 hour pointer:
http://www.hobbs-corp.com/cat1_hr7.html

Japanese meters -- unknown mfgrs
  50uA DC 2.3 x 2.6 rectangular NIB -- $15 ea (2 available)
  MRA-38 500uA DC 1.7" square used -- $6 ea (2 available)
  MRA-38 500uA DC 1.7" square new -- $10 ea (2 available)
  407-160 Red/Green half & half scale (100uA movement) less than 1" not square NIB -- $5

KEW Electric dual scale 32V / 1.5A meter (1mA movement) 1.9 x 1.6 rectangular -- $5

Lambda (made by GE) 40VDC 1.75" square new -- $20
Lambda (made by Honeywell) 10 A scale 1.75" square new -- $20

Motorola 52B892096 3½" Square Meter (movement actually made by Simpson).
 This is some kind of tuning (or deviation?) meter with a 12 pin connector
(like a 9 pin miniature tube outline plus 3 extra pins in the center)

wired to the meter. $15

Simpson Model 45 3" round VU meter $20
Simpson 1327 100uA 3" square meter $15
Simpson 3" sq modern plastic 500-0-500ua movement w/ 50-0-50 scale --
$10

Triplett 220G 50 Volts DC 2-3/4" rectangular -- $15
Triplett 320-G 50-0-50 ua DC 3" rectangular -- $15
Triplett 327T 50 uA DC 3" Square meter   -- $15 ea (3 available)
Triplett 321T 1 Amp DC 3.5" Round meter NIB -- $20
Triplett 327T 10 Volt DC 3" Square meter NIB -- $20

Westinghouse 3" Square RX-35 series meters, used -- $10 each

   15 VDC   20 VAC 35KV (2mA full scale on this last unit)

Westinghouse 2" round 9A RF Ammeters w/ internal thermocouple $15 ea
Westinghouse 3" round 50mA RF Ammeter w/ internal thermocouple $20

Weston 301 3" square 3A RF Ammeter (requires external thermocouple
that I don't have) $7

All of the above plus shipping, if necessary, naturally.

***** Used Coax Connectors ****

These are mostly used, fairly clean, (at least 80%) Amphenol parts.
There are anywhere from about 4 to 25 of each type available.

UHF female - UHF female barrel connectors -- $1 ea

UHF male - BNC female adapters -- $2 ea
UHF female - BNC male adapters -- $2 ea
UHF F-M-F Tees   -- $2 ea

UG-57B/U N Male-Male connector -- $4 ea
UG-131/U N Female to ?? (maybe a BN?) -- $3 ea
UG-635/U C Female - BNC Male adapter -- $5 ea
UG-636A/U BNC Female - C Male adapter -- $5 ea
UG-259A/U 91836 -- HN female to LC female bulkhead adapter -- $30

SMA Female-Female Bulkhead connector -- $1 ea

N Female Chassis Mount connectors with gold (plated/flashed) PC style
center pin (extends about 1/8" back from the insulator) -- $1ea

***** New Coax Connectors *****

UG-1213/U HN Male Cable connector NOS -- $10

Kings KH-39-11 HN Female Cable connector NOS -- $10

  Below are all new crimp on connectors, with all hardware, in
individual plastic bags; early-mid 1990's date codes.
 I believe that they are all for RG-59 size cable.

Kings Electronics
   KC-59-642-M06 BNC Cable Male   -- $1 ea
   KA-59-385-M06 TNC Cable Male   -- $1 ea
   KA-19-43 TNC Bulkhead Female   -- $1 ea

All of the above plus shipping, if necessary, naturally.

Hi Everyone,

I have for sale a Viewstar VS1500A, high power antenna tuner. It will handle 800 to 900 watts out with no problem except on 160 where voltages may get quite high. However, into a fairly resonant antenna on that band it will work very well. It has outputs for two coaxial antennas, long wire and balanced line outputs. The two coax outputs can be bypassed directly to the antenna. It also has connections for an antenna to completely ignore the tuner at all times and for a dummy load. Metering is available for reflected and two ranges of forward power.

I am asking $250 for this tuner shipped in the continental US.

Thanks and 73.
Kevin, K7RX

HI
we r doing a project in BIOTELEMTRY
ie- to sense medical tranmitters n send them thru wireless to the doctor
we have 3 medical parametrs in analog form.
want an IC which will multiplex them and modulate using FDM
ie-3analog inputss and single modulated output ready for transmission.
IF no such IC plez suggest a system to modulate each analog signal seperately ,
then mix in a mixer and send thur a transmitter IC. if possible do include
the IC names alongwith.
also plez suggest some sites which give away IC samples for free

thank u

Need an isolator for a repeater on the 2 meter band (147.000+/-). Can
be single or multi-junction, with or without load. For TX of under
100 watt.

TNX

Hi,

Because to moving, I have following equipment for sale in the Toronto area. Preferably you will pickup equipment yourself. Shipping outside of Toronto if you pay shipping costs.

I would also prefer that everything listed be bough in bulk. I have no time to split it up.

Here is my list. All equipment is in working condition:

1. Heathkit SB401/303 combo (10-80m TX/RX)
2. Heathkit HHM-102 VHF Wattmeter
3. Heathkit HD-19 VU meter
4. Vibroplex deluxe side swiping keyer
5. Shure 444 table mike
5. Collins 51-J3 receiver, 0-30MHz
6. H.P. 400D Voltmeter
7. Beatcat 300 scanner
8. VHF Engineering model PA140/10, 150 W VHF 2M FM Power Amp, (10W in, 140 out)
9. Daven DP-182 Audio decade attenuator box
10. 1000ft of RG-223 (50 ohm teflon coax similar in diameter to RG-58)
11. 500ft of twisted shielded pair cable
12. Assorted box of cables and electronic parts

To enquire, click on the link below and fill out the form. I will get
back to you as soon as possible:

I am looking for a transceiver, either a dual band vhf/uhf or a hf rig.
condition unimportant as long as complete and in good working order. I don't
have much in the way of cash, but I have in excellent condition a Sony SW-55
receiver, condition=9.5 out of 10 (unmarked) (non-smoker) it is in
immaculate condition and also has the grey Sony briefcase/holdall, manual,
ni-cads etc.

I have a potential audience of a little over 300 people I will be doing a
presentation to, to promote amateur radio, and will be hopefully setting up
classes for those that may be interested.

In order to help encourage them, I am looking for donations of text books
such as "Now Your Talking" and other similar books to help get some more
people lincensed in my area.
If you have a recent text you could spare and help put to good use, please
contact me at kc8pmx@tm.net or cc: to kc8pmx@hotmail.com

I will keep you informed of my activities as to responses to the
presentation, how many are involved in classes and so. This way you can
know that your donated texts are going to good use. My intent is to loan
these out to people and get them back when they are done, so that another
person may also benefit from them.

Thanks in advance!

Ryan KC8PMX

Hi
Has anyone got a transceiver, either a vhf/uhf dual band or an old H.F. rig, its age and looks are unimportant as long as it is working etc. that they would like to trade with me for an excellent condition, unmarked Sony SW-55 receiver, it is in immaculate condition and has the large grey Sony carry-case/briefcase, also a suede carry-case, manual, nicads etc.

thanks for reading

BTW, my goal is to get at least 1% percent of this group interested. From what I have witnessed in the past in amateur radio, that is actually a good response. Obviously, I would definitely like more than that.

Hello everyone.
I am sorry to disturb you, but I hope you will be able to help me. I am a postgraduate student at Durham University, researching what makes people attracted to one another and how their feelings towards their partner changes (in both a positive and negative way) over time. I have reached a part of my studies, which involves a short questionnaire. If you have had at least one long-term (3 months or more) partner, I would be extremely grateful if you would help me by completing this questionnaire (below) and e-mailing your responses to me directly - do not answer on list. You need only answer the questions that apply to you. Please do complete and return the questionnaire to me, since I cannot continue with the rest of my thesis until I have enough responses to analyse. All of your information will be treated as confidential and your names will not appear in my thesis. My e-mail address is: r.p.trelfa@durham.ac.uk

I also apologise if you receive more than one copy of this, as I am sending it to more than one list. Please do not answer the questionnaire more than once. However if you know of someone that may want to answer the questionnaire as well, please feel free to pass it around your friends and family. If you and your partner are intending to answer the questionnaire, then please do not compare answers before sending them to me. The point is that I get YOUR answers, not what someone else wants you to say.

Please think of the longest relationship you have had and answer the questions below as fully as possible, thank you.

1. How old are you?

2. Are you male or female?

3. Do you have a visual impairment and if so what is it?

4. Where did you first meet your partner?

5. How long has your relationship lasted/did last?

6. How did you meet your partner? (E.g. Were you introduced to each other by someone else, did your partner introduce her/himself, etc?)

7. Did you know anything about your partner before you met her/him? If so, what and how did you know about them? Did this information make any difference to you when you met her/him?

8. What were your feelings about your partner when you first met

her/him? What was it about her/him that first caught your attention? Was there something about her/him that stood out from other people?

9. How long was it after meeting your partner before you realised that there was something special about her/him and/or that you were attracted to her/him?

10. How long after meeting your partner was it before you went on a date with her/him? Where did you go on the date? Whose idea was it to go on the date and who suggested where you went?

11. Did your feelings towards your partner change after your first date? If so, how?

12. How long after you met your partner was it before you kissed? Who initiated the kiss? Did this effect the way you felt about your partner and in what way?

13. At what point did you feel as if you were in an exclusive relationship with your partner?

14. A serious relationship can often be identified by one (or more) of three factors: living together, engagement, or marriage. Have you and your partner done any of these, which ones and in which order?

15. If you lived together, who suggested that you should move in? How long had you been in your relationship before this happen? Did your feelings towards your partner change after you started living together and if so in what way? Did you learn anything about your partner when you moved in together that you did not know about her/him before?

16. If you got engaged, who proposed to whom? If you proposed, what was it about your partner that made up your mind to do so? If your partner proposed to you, what was it about your partner that made up your mind to give the answer you did? Did your feelings about your partner change when she/he proposed to you or you proposed to her/him? If so in what way?

17. If you married your partner, whose idea was it to do so? What was it about your partner that made you want to marry them? Did your feelings about your partner change after you married her/him? If so, in what way?

Thanking you all very much,

Richard Trelfa

This IC-R75 is new with out its original box. It has about 8 or 9 hours of total run time on it. I don't use it enough to keep it. Besides that, I use my IC-R10 in stead. The receiver did come with the UT-106 AF DSP unit witch is installed and works wonders. As you have probably already studied, this unit has many upgrade options and add on's available. You can switch from two different antennas with a push of a button. Some of the optional things you can buy for this unit: Wire remote for remote control, Converter to control the unit with your PC, and add on Filters. The unit even has sleep timer.

The frequency coverage is: 0.03-60.000000 MHz. Modes are: USB, LSB, CW, RTTY, AM, S-AM, and FM. I bought the unit new from Universal Radio Inc. The unit was taken out of its original box and placed on my radio bench. It was in its own little hole completely surrounded with wood divider walls where it has been for about a year. Another words it will not have any marks on it

at all. It is spotless. This is by fare one of the best receivers I have ever owned. It really does a great job at filtering out noise with out losing the audio your trying to receive. In my area here in Central Florida the receiver worked its best with my 100 foot long wire antenna.

The unit comes with its power supply, instruction manual, and a spare fuse.

Asking $440.00

Please E-mail me if you have any questions. Or for photos of the R75.

Thanks
Arthur

These radios were taken off ebay, so I relisted them on Yahoo.

http://user.auctions.shopping.yahoo.com/user/tram300?

Thanks for taking a look...

Hi,

Due to moving, I have following equipment for sale in the Toronto
area. Preferably you will pickup equipment yourself. You pay shipping
costs if you live outside the Toronto area.

I would also prefer that everything listed be bought in bulk. I have no
time to split it up.

Here is my list. All equipment is in excellent working condition:

1. Anadex Frequency Counter CF-700A, 5Hz-1GHz
2. Heathkit HM-102/1KW, 1.8-30 Mhz Watt/SWR meter
3. Heathkit HM-2102, VHF Watt/SWR meter
3. Heathkit HD-19 Phone Patch
5. Collins 51-J3 receiver, 0-30MHz (mint with manual, owned by ex-Collins
employee)
6. David Clark H7010 noise cancelling headset/microphone
http://www.davidclark.com/h7010.htm
7. H.P. 400D Voltmeter
8. Bearcat 300 scanner
9. VHF Engineering model PA140/10, 150 W VHF 2M FM Power Amp,(10W in, 140
out)
10. Daven DP-182 Audio Decade Attenuator box
11. 1000ft of RG-223 (50 ohm teflon coax similar in diameter to RG-58)
12. 500ft of 22awg twisted shielded pair cable

13. Assorted box of cables and electronic parts

To enquire, click on the link below and fill out the form. I will get
back to you as soon as possible:

Hi all, I have a Yaesu VX-5, 2 meters, 6 meters and 440MHz handi
talkie.
It is 99% mint shape both working and looking. I have the
fast charger, 2 batteries (good condition) and the soft case for it.
I can send you pictures if you like.
I am looking for an Alinco DJ-G5 dual band handi talkie.
Your DJ-G5 must be in mint shape, both working and looking as
the VX-5 is.

PLEASE send me e-mail direct at: mrrusso@optonline.net
I don't check out these groups often.
By the way, the reason for the trade is because the VX-5 is too
small for me. I like something bigger like my old DJ-580T was.
THANKS for reading.

Mark

Vintage Telegraph Directory, detailing the world banking system during
the Fascist period... includes advertisements from (in)famous banking
institutions, and full documentation on its use by a Czechoslovak bank
during the Nazi occupation.

Hi all, I have a mint Yaesu VX-5 (3 band) handi talkie with charger, 2 good batteries and case. I can send pics also.
I'm looking for an Alinco DJ-G5 in mint condition.
Also might consider a Kenwood TM-733A, Yaesu FT-8000 or 8100 mobile in good working order.
I would think I'd have to give a little $$$ to make up the difference on the mobile radios.
PLEASE e-mail me direct because I don't look here often.
mrrusso@optonline.net

THANKS, Mark

The only winner is going to be the one who recieves the 5 bucks. Anyone who
actually believes the original post is a sucker for sending money to this
idiot. Can we say spam?

"A fool and his money are soon parted."

Hi i was wondering if you could help me .I have a icom ic-p2at ht and i need
a sc-1096 rf power module for it.I was wondering if anyone could steer me to
a good parts source for one of these.
I live in upstate NY and there is no where around here to locate one.Thanks

for reading Don kc2adz

Hiya
I have a FT-101 double eagle with the matching speaker SP-101 in 9.5+
condition.The speaker has scratching on the top.The radio still has th
eprotestive front plastic film.I have used this rig for 2yrs now,,with
great reports.Strong audio.Comes with original mike,speaker,power
cord,manual,and
original double boxing from Yaesu.Full 260w SSB and 80w input on
AM.Bands 160 thru 10m.VOX,CW sidetone,25,and 100khz calibrators.Unit
has more punch than my Icom-745 that I just bought,and it is a 200w
solid state radio,but I need my radio to go mobile too.My wife says
that I only have room for the one,,,this radio would make a perfect
starter radio,or an excellent backup,,or for just "field day"
Very few "scuffs" on cabinet,,tubes check 90% or better,,real rugged
"brick"
Shipping weight approx 32lbs
I would like to get what it is really worth $360 with the speaker,and
all acc.
Tnx 73
Fred de KG4CPE
PS write for picture,,I already have one scanned

RADIOHF - FOR SALE: ICOM IC-737 HF STATION
This is an Icom IC-737 transceiver covering 160 - 10 meters. Built-In Antenna Tuner. No Mic is included with Rig I'm using a GOLDLINE mic and use it with my other rigs, I Do have Copy Of Owners Manual. Works perfectly in all modes and on all bands. General coverage mod. has been done. This is a 12 volt DC rig, and would require a 12 volt DC / 20 amp power supply for base operation. I do have the wiring harness for the rig. As with all electronics, I must sell as-is. Payment is Cashier's Check, Postal Money Order, or Paypal! Rig will be send out after funds are received the NEXT business day. I try to personally check out each item I list for sell/trade, and to describe each item completely & carefully. However, since most of these items are used electronic pieces all items are sold "as is". Please contact me for any further information. Pictures can be email as requested.

Best REASONABLE OFFER + Shipping

I know this is pretty much off topic, but can't seem to bring up the
rec.equipment group. Anyway, anyone have any bad good things to say
about the performance between an SGC 230, and an icom AH4?

I have a 230, and thinking about getting an AH4, A part of me is
saying stick with the SGC, cuz it works well. (if it aint broke don't
fix it). anyone have both? anyone tried the AH4 and felt it was
lacking over the SGC?

Ive heard that there are those that think the SGC is better then the
ah4 anyway??

Comments ?

Zach

: HOW TO TURN SIX DOLLARS INTO SIX THOUSAND DOLLARS:

: READING THIS COULD CHANGE YOUR LIFE! IT DOES WORK!

: I found this on a bulletin board and decided to try it. A little
: while back, I was browsing through newsgroups, just like you are now,
: and came across an article similar to this that said you could make
: thousands of dollars within weeks with only an initial investment of
: $6.00! So I thought, "Yeah right, this must be a scam", but
: like most of us, I was curious, so I kept reading. Anyway, it said
: that you send $1.00 to each of the 6 names and address stated in the
: article. You then place your own name and address in the bottom of
: the list at #6, and post the article in at least 200 newsgroups.
: (There are thousands) No catch, that was it. So after thinking it
: over, and talking to a few people first, I thought about trying it. I
: figured: "what have I got to lose except 6 stamps and $6.00,
: right?" Then I invested the measly $6.00. Well GUESS WHAT!?...
: within 7 days, I started getting money in the mail! I was shocked! I
: figured it would end soon, but the money just kept coming in. In my
: first week, I made about $25.00. By the end of the second week I had
: made a total of over $1,000.00! In the third week I had over
: $10,000.00 and it's still growing. This is now my fourth week and I
: have made a total of just over $42,000.00 and it's still coming in
: rapidly. It's certainly worth $6.00, and 6 stamps, I have spent more
: than that on the lottery!! Let me tell you how this works and most
: importantly, WHY it works... Also, make sure you print a copy of this
: article NOW, so you can get the information off of it as you need it.
: I promise you that if you follow the directions exactly, that you
: will start making more money than you thought possible by doing
: something so easy!
: Suggestion: Read this entire message carefully! (print it out or
: download it.) Follow the simple directions and watch the money come

: in!
: It's easy. It's legal. And, your investment is only $6.00 (Plus
: postage)
: IMPORTANT: This is not a rip-off; it is not indecent; it is not
: illegal; and it is 99% no risk - it really works!
: If all of the following instructions are adhered to, you will receive
: extraordinary dividends.
: PLEASE NOTE:
: Please follow these directions EXACTLY, and $50,000 or more can be
: yours in 20 to 60 days. This program remains successful because of
: the honesty and integrity of the participants. Please continue its
: success by carefully adhering to the instructions.
: You will now become part of the Mail Order business. In this business
: your product is not solid and tangible, it's a service. You are in
: the business of developing Mailing Lists. Many large corporations are
: happy to pay big bucks for quality lists. However, the money made
: from the mailing lists is secondary to the income which is made from
: people like you and me asking to be included in that list.
: Here are the 4 easy steps to success:
: STEP 1: Get 6 separate pieces of paper and write the following on
: each piece of paper "PLEASE PUT ME ON YOUR MAILING LIST." Now
: get 6 US $1.00 bills and place ONE inside EACH of the 6 pieces of
: paper so the bill will not be seen through the envelope (to prevent
: thievery). Next, place one paper in each of the 6 envelopes and seal
: them. You should now have 6 sealed envelopes, each with a piece of
: paper stating the above phrase, your name and address, and a $1.00
: bill. What you are doing is creating a service. THIS IS ABSOLUTELY
: LEGAL! You are requesting a legitimate service and you are paying for
: it! Like most of us I was a little skeptical and a little worried
: about the legal aspects of it all. So I checked it out with the U.S.
: Post Office (1-800-725-2161) and they confirmed that it is indeed
: legal. Mail the 6 envelopes to the following addresses:

:#1)M. Molina
: 807 Siesta Loop
: Robstown Tx 78380

: #2)Mike Craig
: 23311 Copper
: Hockley, TX 77447

: #3)L. Johnson
: 85 Atherton Circle
: Pittsburg, CA 94565

: #4)K. Huffman
: 517b white oak ln.
: Pocahontas, IL 62275

: #5)T. Allen
: 12102 Panay
: Houston, Tx 77048

: #6)C. Johnson
: 119 Rosedown Dr.
: Thibodaux, LA 70301

: STEP 2: Now take the #1 name off the list that you see above, move
: the other names up (6 becomes 5, 5 becomes 4, etc...) and add YOUR
: Name as number 6 on the list.
: STEP 3: Change anything you need to, but try to keep this article as
: close to original as possible. Now, post your amended article to at
: least 200 newsgroups. (I think there are close to 24,000 groups) All
: you need is 200, but remember, the more you post, the more money you
: make! You won't get very much unless you post like crazy. :)
: This is perfectly legal! If you have any doubts, refer to Title 18
: Sec. 1302 & 1341 of the Postal lottery laws.
: Keep a copy of these steps for yourself and, whenever you need money,
: you can use it again, and again.
: PLEASE REMEMBER that this program remains successful because of the
: honesty and integrity of the participants and by their carefully
: adhering to the directions. Look at it this way. If you are of
: integrity, the program will continue and the money that so many
: others have received will come your way.
: NOTE: You may want to retain every name and address sent to you,
: either on a computer or hard copy and keep the notes people send you.
: This VERIFIES that you are truly providing a service. (Also, it might
: be a good idea to wrap the $1 bill in dark paper to reduce the risk
: of mail theft.)
: So, as each post is downloaded and the directions carefully followed,
: six members will be reimbursed for their participation as a List
: Developer with one dollar each. Your name will move up the list
: geometrically so that when your name reaches the #1 position you will
: be receiving thousands of dollars in CASH!!! What an opportunity for
: only $6.00 ($1.00 for each of the first six people listed above) Send
: it now, add your own name to the list and you're in business!
: ---DIRECTIONS ----- FOR HOW TO POST TO NEWSGROUPS-----------
: Step 1) You do not need to re-type this entire letter to do your own
: posting. Simply put your cursor at the beginning of this letter and
: drag your cursor to the bottom of this document, and select 'copy'
: from the edit menu. This will copy the entire letter into the
: computer's memory.
: Step 2) Open a blank 'notepad' file and place your cursor at the top
: of the blank page. From the 'edit' menu select 'paste'. This will
: paste a copy of the letter into notepad so that you can add your name
: to the list. Step 3) Save your new notepad file as a .txt file. If
: you want to do your postings in different settings, you'll always
: have this file to go back to.
: Step 4) Use Netscape or Internet explorer and try searching for
: various newsgroups (on-line forums, message boards, chat sites,
: discussions.)
: Step 5) Visit these message boards and post this article as a new
: message by highlighting the text of this letter and selecting paste
: from the edit menu. Fill in the Subject, this will be the header that
: everyone sees as they scroll through the list of postings in a
: particular group, click the post message button. You're done with

: your first one! Congratulations...THAT'S IT! All you have to do is
: jump to different newsgroups and post away, after you get the hang of
: it, it will take about 30 seconds for each newsgroup! **REMEMBER, THE
: MORE NEWSGROUPS YOU POST IN, THE MORE MONEY YOU WILL MAKE! BUT :
: YOU HAVE TO POST A MINIMUM OF 200** That's it! You will begin receiving
: money from around the world within days! You may eventually want to
: rent a P.O.Box due to the large amount of mail you will receive. If
: you wish to stay anonymous, you can invent a name to use, as long as
: the postman will deliver it. **JUST MAKE SURE ALL THE ADDRESSES ARE
: CORRECT.**
: Now,
: each of the 5 persons who just sent me $1.00 make the MINIMUM 200
: postings, each with my name at #5 and only 5 persons respond to each
: of the original 5, that is another $25.00 for me, now those 25 each
: make 200 MINIMUM posts with my name at #4 and only 5 replies each, I
: will bring in an additional $125.00! Now, those 125 persons turn
: around and post the MINIMUM 200 with my name at #3 and only receive 5
: replies each, I will make an additional $625.00! OK, now here is the
: fun part, each of those 625 persons post a MINIMUM 200 letters with
: my name at #2 and they each only receive 5 replies, that just made me
: $3,125.00!!! Those 3,125 persons will all deliver this message to 200
: newsgroups with my name at #1 and if still 5 persons per 200
: newsgroups react I will receive $15,625,00! With an original
: investment of only $6.00! AMAZING! When your name is no longer on the
: list, you just take the latest posting in the newsgroups, and send
: out another $6.00 to names on the list, putting your name at number 6
: again. And start posting again. The thing to remember is: do you
: realize that thousands of people all over the world are joining the
: internet and reading these articles everyday?, JUST LIKE YOU are
: now!! So, can you afford $6.00 and see if it really works?? I think
: so... People have said, "what if the plan is played out and no
: one sends you the money? So what! What are the chances of that
: happening when there are tons of new honest users and new honest
: people who are joining the internet and newsgroups everyday and are
: willing to give it a try? Estimates are at 20,000 to 50,000 new
: users, every day, with thousands of those joining the actual
: internet. Remember, play FAIRLY and HONESTLY and this will really
: work

Thanks for reading my message.

I received this HT in a trade a year or so ago, haven't messed with it that much since. ADI Sender 145.
Cosmetic condition is Good to excellent, battery does hold a charge, and the rig sounds good from the reports that I have received. As far as I can TELL the radio DOES NOT have a tone board. I did NOT receive a manual with the HT. Radio comes with a wall wart charger, takes about 12 hours to charge battery.

Best offer over $65.00. Email me DIRECT please.
